*Sheila's Men* Jenna Ashlyn, 2022-01-10 SHEILA'S MEN is a dark modern fairy tale that follows the life of Sheila, a naïve romantic living in poverty who blindly marries a man in the hopes of providing a better life for herself and her daughter. Soon after marrying, her husband increasingly subjects her to emotional, physical, and sexual abuse. And since he refuses to get a job, Sheila begins working long hours far from home and encounters a seemingly endless onslaught from other manipulative and abusive men. Growing increasingly overworked, distanced from her beloved daughter, and frustrated with the manipulative and abusive men inside and outside her home, Sheila prepares to end her life. If there is a prince charming who understands her worth, he must inspire her to believe in herself soon. (Based on a true story.) WARNING: Sheila's Men is a fictionalized account of one woman's real-life struggle to escape abusive relationships and is intended, in part, to help others recognize and escape such relationships. As such, this book necessarily contains language and scenarios related to self-harm, suicide, and abuse (emotional, physical, sexual, and financial) that might be triggering for some audiences. Reader discretion is advised.

*SHEILA'S LIFE* Rodney Tupweed, 2016-07-22 A short story about a woman who I shared some wonderful moments with but also some very scary ones, NIGHTMARES!, the harm that I endured because of my involvement with her, the hardship she has gone through in her life, from the very beginning, from

the age of eight being raped by her brother, to the Sexual. Physical, and Mental abuse she endures from the man who she is living with her now, the tolerance of participating, in his sexual fantasies, or perversions from Threesomes to out and out orgies, Once she agreed to marry me, but she always was persuaded back to him, out of fear I offer her a safe place to stay to get away, even to the point of taking her out of the country altogether, but sadly she declined

**Better Things** Sheila Carroll, 2019-10-29 This is a memoir of starting over. Sheila is a forty-something widow. She and her late husband raised two sons, and she is grateful their daddy lived until they were young men. But her boys will be married soon and finding their own paths. Sheila fully understands that her sons can't hold her hand forever. However, she has never lived alone or made major decisions without Barry by her side. Even so, having crawled her way through the dark tunnel of her grief, she is confident she can make it on her own. Her first step towards independence is an educational reprieve in Mexico, a month's sabbatical where she is reminded that life is for living. Despite her resolve she soon realizes that building a new life for herself is challenging, and she can't seem to find where she fits. Sheila is not a young, never married, single woman, nor can she relate to friends who are divorcees. And she certainly doesn't fit in with her small Georgia town's gray-haired, elderly widows who have buried their dearly departed husbands only to live out their days alone. Society doesn't seem to have a label for her--other than poor Sheila. With

a bless her heart thrown in for good measure. A piece of her heart will always belong to Barry, but slowly her broken heart heals. But it is a restless heart searching for something unnamed, a vague sense of longing for what she has lost. Sheila accepts her husband's death but wonders if she will spend the rest of her life with only memories and loneliness as her companions. Thankfully, her job fills her days, but nights and weekends are empty. Therefore, she determines to be open to possibilities and accepts pretty much every invitation: a night out with friends, time with family, and various trips that include Christmas in New York. She needs to learn there is life after her soul mate's death. Friends and family do their best to fill the void and encourage her to begin dating, but that's way out of her wheelhouse. Her experience is limited to a few high school dates, and she married her high school sweetheart. Nonetheless, in her attempt to move forward she dips her toe into the dating pool and realizes that the rules have changed. Her dates often end in discouragement and disappointment; most are filed in the first date/last date category--or in the friends zone. Regardless, her friends continue to encourage her. She reluctantly accepts their advice not to give up on men and eventually stumbles blindly into a relationship, a learning curve of sorts that leaves her despondent and disillusioned until she sees the light. Quite by coincidence she meets a man to whom she feels an immediate, and unsettling, attraction and believes the attraction to be mutual. Then again, her radar is rusty as he

doesn't seem interested in pursuing a relationship, or even a date, at least not with her. It's just as well because he has recently gained full custody of his two young sons, and raising boys is a roller coaster road which Sheila has already traveled. She accepts that they are in different places in their lives and pushes thoughts of the handsome man with the two little boys to the back of her mind... Sheila's journey is sometimes complicated, often hilarious, and always an eye-opening experience filled with unexpected hills and valleys. But it is a journey worth taking.

*Place in the Sun* Sheila Horne, 2018-11-16 "Every good or bad decision we make leads us one step closer to exactly where we're supposed to be in life." –Sheila Horne, *Sunshine Girls* After a curveball turns her quiet, tidy little life inside out, Ella Shaw steps off the ferry onto Marie-Galante and falls in love with the Caribbean island. It's where she wants to start over and make new memories. But how can she when her past keeps popping back into her life, and when her daughter, Danielle, and her granddaughter, Hannah, seem to be following in her footsteps when it comes to relationships? Then there's Amor, the yoga instructor who makes her face her unhappiness, and Stephanie, a former Miss Georgia Peach and the epitome of a southern belle, who pushes her back into the dating circle. Although Ella dips her toe in, the reappearance of the man who shattered her heart years ago threatens to derail her emotionally. When her dream of turning an old island sugar estate into a hotel and living

in a beach house falls apart, Ella has to decide: Take a loss and add it to all the shoulda-dones in her life? Or go for the gamble and let her risky decisions lead her to where she's supposed to be?

*The Road from La Cueva (Softcover)* Sheila Ortego, 2009-04 Ana Howland is at a crisis point. As a constrained yet passionate woman, she finds few outlets for her desires in her role as mother and wife. She is subsumed by a controlling husband, but is craving her own fulfillment. Her frustrations find outlets through a friendship with an eccentric neighbor and an affair with a man who respects her and nurtures her spirit and independence. Through hardship and grim determination, she learns to look with her own eyes, to feel with her own heart. She discovers a deep well of resilience and compassion, with room for growth and freedom. Her story is one of a leap of faith, away from despair and toward life at its fullest. Despite all odds, she navigates herself, through small but profound changes, into new ways of living, of relating to her friends, her daughter, herself. *The Road from La Cueva* was a first place winner in the 2008 New Mexico Book Awards.

*Self Portrait* Sheila Yeger, 1990

*Almost Innocent* Sheila Bosworth, 1984 Clay-Lee

Calvert is the love child of two people who are as beautiful as models in a magazine but whose similarity ends there. Her father, Rand, is an artist - easygoing, dreamy, principled, and chronically jobless. Her mother, Constance, is the blue-blooded, pampered, delicate but determined daughter of a state supreme court justice. How their intense passion for each other plays out against the sumptuousness and decay of 1950s New Orleans is something to which no innocent should be privy. In Sheila Bosworth's mesmerizing first novel, the era, the place, the people, of Clay-Lee's childhood all form an air as real as our own pasts, alternately dim and indelible, where everyone bears some guilt, and all are almost innocent.
