number of submitted papers more than doubled compared with ISWC 2002 to 283. Of those, 262 were submitted to the research track and 21 to the industrial track. With rare exceptions, each submission was evaluated by three program committee members whose reviews were coordinated by members of the senior program committee. This year 49 papers in the research track and 9 papers in the industrial track were accepted. The high quality of ISWC 2003 was the result of the joint effort of many people. First of all we would like to thank the authors for their high-quality submissions and the members of the program committee for their reviewing and review coordination efforts. We would like to extend special thanks to Christoph Bussler for chairing the industrial track, to Mike Dean for his help with the conference management software, the web site, and conference publicity, and to Massimo Paolucci for helping with the organization of the proceedings and arranging sponsorships.

Compose Yourself Harry Blamires, 2004-06-24 This book has a simple thesis: to write well you need to think clearly about what you want to say. Blamires brings the reader's common sense into play to illustrate how by thinking through what you want to say and how you say it, you can communicate both effectively and elegantly. There are a lot of contemporary examples from magazines, books, advertising material and the like to illustrate both good and bad English.

Fodor's Provence & the French Riviera

Fodor's, 2011-04-19 Get inspired and plan your next trip with Fodor's ebook travel guide to Provence & the French Riviera (including the Alpilles, Arles, Marseille, and the Central Coast, with highlights in between). Intelligent Planning: Discover all of

the essential, up-to-date travel insights you expect in a Fodor's guide, including Fodor's Choice dining and lodging, top experiences and attractions, and detailed planning advice. Easy Navigation for E-Readers: Whether you're reading this ebook from start to finish or jumping from chapter to chapter as you develop your itinerary, Fodor's makes it easy to find the information you need with a single touch. In addition to a traditional main table of contents for the ebook, each chapter opens with its own table of contents, making it easy to browse. Full-Color Photos and Maps: It's hard not to fall in love with Provence & the French Riviera as you flip through a vivid full-color photo album. Explore the layout of city centers and popular neighborhoods with easy-to-read full-color maps. Plus get an overview of French geography with the convenient atlas at the end of the ebook. What's Covered? Get to Know Provence & the French Riviera: Famed for its Lavender Route, the honey-gold hill towns of the Luberon, and vibrant cities like Aix and Marseilles, Provence was dazzlingly abstracted in geometric daubs of paint by van Gogh and Cézanne. Still haunted by the genius of van Gogh, Arles remains fiercely Provençal and is famed for its folklore events. The spiky Alpilles mountains guard treasures like les Bauz-de-Provence: be bewitched by its ville morte (dead town) and luxurious l'Oustau de la Baumanière inn. Avignon and the Vaucluse are the heart of Provençal delights. Presided over by its medieval Palais des Papes, Avignon is an ideal gateway for exploring the nearby Roman ruins of Orange. About 10 miles

east of Avignon is the Sorgue Valley, where everybody goes “flea”-ing in the famous antiques market at l’Isle-sur-la-Sorgue. For one day, join all those fashionable folk for whom café squatting, people watching, and boutique shopping are a way of life in Aix-en-Provence (one of France’s 10 richest towns). Enjoy the elegant 18th-century streets, then track the spirit of Cézanne at his famous studio and nearby Mont Ste-Victoire. Head south to become a Calanques castaway before diving into Marseille, one of France’s most vibrant and colorful cities. The French Riviera can supply the visitor with everything his heart desires—and his purse can stand. Home to sophisticated resorts beloved by billionaires, remote hill villages colonized by artists, Mediterranean beaches, and magnificent views, the Côte d’Azur stretches from Marseille to Menton. Thrust out like two gigantic arms, divided by the Valley of the Var at Nice, the Alpes-Maritime peaks protect the length of that favored coast from St-Tropez to the Italian frontier. Note: This ebook edition is adapted from Fodor’s Provence & the French Riviera, 9th Edition but differs in some content. Additionally, the ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.

Explore the layout of city centers and popular neighborhoods with easy-to-read full-color maps. Plus get an overview of French geography with the convenient atlas at the end of the ebook. What's Covered? Get to Know France: The Ile-de-France region is the nation's heartland. Here Louis XIV built vainglorious Versailles, Chartres brings the faithful to their knees, and Monet's Giverny enchants all. To the south, the Loire Valley offers a parade of royal and near-royal chateaus that magnificently capture France's golden age of monarchy. Northwest Normandy is sculpted with cliff-lined coasts and a dramatic past marked by Mont-St-Michel's majestic abbey, Rouen's towering cathedral, and the D-Day beaches. Brittany, a long

arm of rocky land stretching into the Atlantic, is a place unto itself with its own language and time-defying towns such as Gauguin's Pont-Aven and the pirate haven of St-Malo. The region of Alsace-Lorraine may look and sound German, but its main sights---18th-century Nancy, medieval Strasbourg, and the lovely Route du Vine---remain proudly French. For those travelers looking to imbibe, trips to Champagne Country, the capital of bubbly, or Burgundy, whose vineyards are among the world's best, cannot be missed. Lyon is France's natural hub where you can ski Mont Blanc or take a heady trip along the Beaujolais Wine Road. Don't forget Provence, famed for its Lavender Route, the honey-gold hill towns of Luberon, and vibrant cities. The pebble beaches and zillion-dollar houses of the French Riviera have always captivated sun lovers and socialites from amorous St-Tropez and beauteous Antibes, to sophisticated Nice. The southwestern region, The Midi-Pyrenees is less glamorous than the Riviera and Provence but has an array of must-sees including the "pink city" of Toulouse and fairy-tale Carcassonne. The Dordogne is a stone-cottage pastoral studded with fairy-tale castles, storybook villages, and France's top prehistoric sights. You'll fall under Basque Country's spell with Bay of Biscay resorts like Biarritz, coastal villages such as St-Jean-De-Luz, or the Pyrenean peaks. Relax by sampling the wines of Bordeaux, the standard against which others are measured. They've made the city rich and the owners of its vineyards even richer. No trip to France would be complete without a stop in Paris. A quayside vista that takes in the Seine, a

passing boat, Notre-Dame, the Eiffel tower, and mansard roofs all in one generous sweep is enough to convince you that this is indeed the most beautiful city on Earth. Note: This ebook edition is adapted from Fodor's France 2011 but differs in some content. Additionally, the ebook edition includes photographs and maps that will appear on black-and-white devices but are optimized for devices that support full-color images.
