**The Book of Requiems, 1550-1650** David J. Burn,Antonio Chemotti,2023-07-20 Few western musical repertoires speak more to the imagination than the Requiem mass for the dead. Yet, surprisingly, despite the significance of Requiem settings for our musical culture, the literature concerning them is sparse. The Book of Requiems presents essays on the most important works in this tradition, from the origins of the genre up to the present day. Each chapter is devoted to a specific Requiem, and offers both historical information and a detailed work-discussion. Conceived as a multi-volume essay collection by leading experts, The Book of Requiems is an authoritative reference publication intended as a first port of call for musicologists, music theorists, and performers both professional and student. The present volume, the second in the series, treats settings composed between c. 1550 and c. 1650, a period in which the Requiem becomes a defining feature of the soundscape of Catholic death rituals.

**Motets for Two to Six Voices, Opus 1** Bonifazio Graziani, 2011-01-01 Book URL: <https://www.areditions.com/rr/rrb/b173.html> Between 1646 and 1664, Bonifazio Graziani (1604/05-1664) held the position as maestro di cappella at the Church of the Gesù, the main church of the Jesuit order in Rome. This edition presents his first printed collection of sacred motets, written for two to six voices and basso continuo. For liturgical works from this time, his music is quite modern, with independent sections in aria and recitative style. The motets are marked by smoothly flowing melodies and by harmonic schemes often based on cadential progression patterns, resulting in an unusually regular and symmetrical organization of phrases. These components of Graziani's style seem to aim for a high degree of comprehensibility and accessibility, which offers, in turn, an important explanation for the popularity of his music. Graziani's works were widely disseminated, and his music was to become a very important model for composers of ecclesiastical music of the next generation, not the least for musicians in northern Europe.
