Tracing the history and adaptation of one of
China's foundational texts

The Origin and Early Evolutionary History of Snakes David J. Gower, Hussam Zaher, 2022-08-11
Snakes comprise nearly 4,000 extant species found on all major continents except Antarctica. Morphologically and ecologically diverse, they include burrowing, arboreal, and marine forms, feeding on prey ranging from insects to large mammals. Snakes are strikingly different from their closest lizard relatives, and their origins and early diversification have long challenged and enthused evolutionary biologists. The origin and early evolution of snakes is a broad, interdisciplinary topic for which experts in palaeontology, ecology, physiology, embryology, phylogenetics, and molecular biology have made important contributions. The last 25 years has seen a surge of interest, resulting partly from new fossil material, but also from new techniques in molecular and systematic biology. This volume summarises and discusses the state of our knowledge, approaches, data, and ongoing debates. It provides reviews, syntheses, new data and perspectives on a wide range of topics relevant to students and researchers in evolutionary biology, neontology, and palaeontology.

Nan-Ching Paul U. Unschuld, 2022-08-19 Although the study of traditional Chinese medicine has attracted unprecedented attention in recent years, Western knowledge of it has been limited because, until now, not a single Chinese classical medical

text has been available in a serious philological translation. The present book offers, for the first time in any Western language, a complete translation of an ancient Chinese medical classic, the Nan-ching. The translation adheres to rigid sinological standards and applies philological and historiographic methods. The original text of the Nan-ching was compiled during the first century A.D. by an unknown author. From that time forward, this ancient text provoked an ongoing stream of commentaries. Following the Sung era, it was misidentified as merely an explanatory sequel to the classic of the Yellow Emperor, the Huang-ti nei-ching. This volume, however, demonstrates that the Nan-ching should once again be regarded as a significant and innovative text in itself. It marked the apex and the conclusion of the initial development phase of a conceptual system of health care based on the doctrines of the Five Phases and yinyang. As the classic of the medicine of systematic correspondence, the Nan-ching covers all aspects of theoretical and practical health care within these doctrines in an unusually systematic fashion. Most important is its innovative discussion of pulse diagnosis and needle treatment. Unschuld combines the translation of the text of the Nan-ching with selected commentaries by twenty Chinese and Japanese authors from the past seventeen centuries. These commentaries provide insights into the processes of reception and transmission of ancient Chinese concepts from the Han era to the present time, and shed light on the issue of progress in Chinese medicine. Central to the book,

and contributing to a completely new understanding of traditional Chinese medical thought, is the identification of a “patterned knowledge” that characterizes—in contrast to the monoparadigmatic tendencies in Western science and medicine—the literature and practice of traditional Chinese health care. Unschuld’s translation of the Nan-ching is an accomplishment of monumental proportions. Anthropologists, historians, and sociologists as well as general readers interested in traditional Chinese medicine—but who lack Chinese language abilities—will at last have access to ancient Chinese concepts of health care and therapy. Filling an enormous gap in the literature, Nan-ching—The Classic of Difficult Issues is the kind of landmark work that will shape the study of Chinese medicine for years to come. This title is part of UC Press’s Voices Revived program, which commemorates University of California Press’s mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. The Story of the Stone Cao Xueqin, 2020-12-08 For generations, the Jia family is held in high esteem but when they lose favor with the emperor, their luxury lifestyle comes to an end. The Story of the Stone focuses on internal and external conflicts that arise as they adjust to their unexpected plight. Jia Baoyu is heir to a prestigious family,

that's held multiple imperial titles throughout the years. Despite their history and social standing, they are targeted by the emperor who strips them of their land and personal fortune. As the family's wealth wanes, the young Jia struggles with his affection for his cousin Lin Daiyu, as he's already engaged to Xue Baochai. It's a compelling romance drama set against the family's economic decline. Revered for centuries, *The Story of the Stone* is one of the Four Classic Novels in Chinese literature. It's a depiction of pre-modern times that is both bleak and illuminating. Cao Xueqin delivers a piercing commentary on the duplicity of the social and political structure. With an eye-catching new cover, and professionally typeset manuscript, this edition of *The Story of the Stone* is both modern and readable.

Hung lou meng, or the dream of the red chamber
Xueqin Cao, 1893

The Dream of the Red Chamber Cao

Xueqin, 2020-07-28 The classic eighteenth-century saga—a masterpiece of Chinese literature—about an aristocratic family and a forbidden love during the Qing dynasty. Considered one of the four great classical novels of Chinese literature, *The Dream of the Red Chamber* is believed to be a semiautobiographical account of author Cao Xueqin and his aristocratic family's rise and fall, and focuses particularly on the women in his life, including servants. Originally circulated in hand-copied manuscripts, *The Dream of the Red Chamber* is not only rich with psychological insight, but also enlightening in its portrayal of Chinese society during the Qing dynasty. It is an

engrossing epic of imperial politics, friendship, and romantic rivalry, with an extraordinary cast of characters.

The Dream of the Red Chamber (World's Classics Series) Cao Xueqin, 2018-12-21 This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. The Dream of the Red Chamber provides a detailed, episodic record of life in the two branches of the wealthy, aristocratic Jia clan—the Rongguo House and the Ningguo House—who reside in two large, adjacent family compounds in the capital. Their ancestors were made Dukes and given imperial titles, and as the novel begins the two houses are among the most illustrious families in the city. One of the clan's offspring is made a Royal Consort, and a lush landscaped garden is built to receive her visit. In the novel's frame story, a sentient Stone, abandoned by the goddess Nüwa when she mended the heavens aeons ago, begs a Taoist priest and a Buddhist monk to take it with them to see the world.

New Modern Chinese Women and Gender Politics

Chen Ya-chen,2014-07-11 The past century witnessed dramatic changes in the lives of modern Chinese women and gender politics. Whilst some revolutionary actions to rectify the feudalist patriarchy, such as foot-binding and polygyny were first seen in the late Qing period; the termination of the Qing Dynasty and establishment of Republican China in 1911-1912 initiated truly nation-wide constitutional reform alongside

increasing gender egalitarianism. This book traces the radical changes in gender politics in China, and the way in which the lives, roles and status of Chinese women have been transformed over the last one hundred years. In doing so, it highlights three distinctive areas of development for modern Chinese women and gender politics: first, women's equal rights, freedom, careers, and images about their modernized femininity; second, Chinese women's overseas experiences and accomplishments; and third, advances in Chinese gender politics of non-heterosexuality and same-sex concerns. This book takes a multi-disciplinary approach, drawing on film, history, literature, and personal experience. As such, it will be of huge interest to students and scholars of Chinese culture and society, women's studies, gender studies and gender politics.

The Grand Scribe's Records Qian Sima, William H. Nienhauser, 1994 This second volume of the ongoing annotated translation of Ssu-ma Ch'ien's Shi chi (The Grand Scribe's Records), widely acknowledged as the most important early Chinese history, contains the basic annals of five early Han-dynasty emperors. The annals trace the first century of Han rule (206 BC to ca. 100 BC) in a year-by-year account that focuses on imperial activities. In The Grand Scribe's Records, Ssu-ma Ch'ien revitalised the style of the annals he had written for previous rulers. Here are accounts of the peasant who founded the dynasty, Liu Pang, a man noted as much for his licentiousness as he was his ruthless political instinct, and of his cruel wife, Empress Lü, who murdered her chief rival for Liu Pang's affections in the most gruesome manner. The annals of two relatively undistinguished emperors follow. The volume concludes with Ssu-ma's depiction of perhaps the greatest ruler of the Han, Emperor Wu, told within the context of his delusive attempts to find a means to achieve immortality. When completed this translation will bring all 130 chapters of the Shih chi into English. Volumes 1 and 7 were published by Indiana University Press in 1994.
