Posthuman Pathogenesis Başak Ağın,Şafak Horzum,2022-07-07 This multi-vocal assemblage of literary and cultural responses to contagions provides insights into the companionship of posthumanities, environmental humanities, and medical humanities to shed light on how we deal with complex issues like communicable diseases in contemporary times. Examining imaginary and real contagions, ranging from Jeep and SHEVA to plague, HIV/AIDS, and COVID-19, Posthuman Pathogenesis discusses the inextricable links between nature and culture, matter and meaning-making practices, and the human and the nonhuman. Dissecting pathogenic nonhuman bodies in their interactions with their human counterparts and the environment, the authors of this volume raise their diverse voices with two primary aims: to analyse how contagions trigger a drive to survival, and chaotic, liberating, and captivating impulses, and to focus on the viral interpolations in socio-political and environmental systems as a meeting point of science, technology, and fiction, blending social reality and myth. Following the premises of the post-qualitative turn and presenting a differentiated experience of contagion, this 'rhizomatic' compilation thus offers a non-hierarchised array of essays, composed of a multiplicity of genders, geographies, and generations.

General Jacob Devers John A. Adams,2015-02-18 A "solid and informative" biography of one of the overlooked heroes of the Second World War (Wall Street Journal). Of the leaders of the American Army in World War II, Jacob Devers is undoubtedly the "forgotten four-star." Plucked from relative obscurity in the Canal Zone, Devers was one of four generals selected by General of the Army George Marshall in 1941 to assist him in preparing the Army for war. He quickly became known in Army circles for his "can do" attitude and remarkable ability to cut through red tape. Among other duties, he was instrumental in transforming Ft. Bragg, then a small Army post, into a major training facility. As head of the armored force, Devers contributed to the development of a faster, more heavily armored tank, equipped with a higher velocity gun that could stand up to the more powerful German tanks, and helped to turn American armor into an effective fighting force. In spring 1943, Devers replaced Dwight Eisenhower as commander of the European Theater of Operations, then was given command of the 6th Army Group that invaded the south of France and fought its way through France and Germany to the Austrian border. In the European campaign to defeat Hitler, Eisenhower had three subordinate army group commanders: British Field Marshall Bernard Montgomery, Omar S. Bradley, and Jacob Devers. The first two are well-known; here the third receives the attention he properly deserves.

Roof Framing Marshall Gross,1984 Summary: This is a guide to framing any gable, Dutch, Tudor, California, gambrel, shed, or gazebo roof -- including irregular roofs that can stump even experienced roof cutters. This book takes you through every measurement and every cut on each type of roof so you can understand exactly what's required. The author explains how to use an inexpensive hand-held calculator to figure any common, hip, valley, or jack rafter length in seconds -- including rafters on irregular roofs and rafter pitches or lengths that aren't in any rafter table.

Heartless Mary Balogh,2015-07-07 From New York Times bestselling legend Mary Balogh—and the beloved author of *Longing*, *Silent Melody*, and *Beyond the Sunrise*—comes a ravishing novel of passion and duty, love and menace.... Life has taught Lucas Kendrick, Duke of Harndon, that a heart is a decided liability. Betrayed by his elder brother, rejected by his fiancée, banished by his father, and shunned by his mother, Luke fled to Paris, where he became the most sought-after bachelor in fashionable society. Ten years later, fate has brought him back home to England as head of the family who rejected him. Unwilling as he is to be involved with them, he must assume responsibility for his younger siblings, the family estate he once loved—and the succession. He faces the prospect of marrying with the greatest reluctance—until he sees beguiling Lady Anna Marlowe across a ballroom one night. Anna, far from being the bright-eyed innocent Luke takes her for, is no more a stranger to the shadows of a painful past than he is. But for her, marriage cannot so easily solve what is wrong in her life—not when a tormentor stalks her to the very doors of Bowden Abbey, where Luke and Anna must learn to trust in each other or risk any chance they may have for a happy future.
