Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Another noteworthy point is that, through a few practical examples written at the end of the Practical Stellar Astrology section of this book, the author sheds light on his researched 'Modified KP (MKP)' principles. Views from the Loft Daniel Slager,2010-07-01 "Packed with inspirational, useful, and thought-provoking essays on the craft of writing from some of the best writers around." —Minneapolis Star Tribune Teachers, exercises, mentors, critiques, humor, and inspiration: these form the fuel all writers need when they get down to work every day. For decades the Loft Literary Center has provided this fuel to an enormous community of writers. Views from the Loft brings together the collected wisdom of that community—its authors, students, and editors—giving anyone the tools and inspiration necessary to thrive in the writing life. A who's who of writers on writing ranging from the National Book Award-winning poet Mark Doty to Newbery Medal-winning children's author Kate DiCamillo, and touching on issues as delicate as the representation of family in memoir and as hilarious as a "sad-epiphany poem" mad lib for frustrated poets, this book is an essential collection of crucial tips and challenging questions for everyone who puts pen to page. The essays and interviews in this book include superstar writers like Rick Bass, Michael Cunningham, Grace Paley, Jim Moore, Kathleen Norris, Susan Power, Susan Straight, Bao Phi, Marilyn Hacker, Shannon Olson, R.D. Zimmerman, Lorna Landvik, Vivian Gornick, Yehuda Amichai, and many more.

Group Theory in Physics Wu-Ki Tung,1985 An introductory text book for graduates and advanced undergraduates on group representation theory. It emphasizes group theory's role as the mathematical framework for describing symmetry properties of classical and quantum mechanical systems. Familiarity with basic group concepts and techniques is invaluable in the education of a modern-day physicist. This book emphasizes general features and methods which demonstrate the power of the group-theoretical approach in exposing the systematics of physical systems with associated symmetry. Particular attention is given to pedagogy. In developing the theory, clarity in presenting the main ideas and consequences is given the same priority as comprehensiveness and strict rigor. To preserve the integrity of the mathematics, enough technical information is included in the appendices to make the book almost self-contained. A set of problems and solutions has been published in a separate booklet.

Foxlogic, Fireweed Jennifer K. Sweeney,2020-09-01 Winner of the Backwaters Prize in Poetry, Jennifer K. Sweeney's Foxlogic, Fireweed follows a lyrical sequence of five physical and emotional terrains—floodplain, coast, desert, suburbia, and mesa—braiding themes of nature, domesticity, isolation, and human relationships. These are poems of the earth's wild heart, its searing mysteries, its hollows, and its species, poems of the complex domestic space, of before and after motherhood, gun terror, the election, of dislocation and home, and of how we circle toward and away from our centers. Sweeney is not afraid to take up the domestic and inner lives of women, a nuanced relationship with the natural world that feels female or even maternal, or a duty to keeping alive poetry's big questions of transcendence, revelation, awe, and deep presence in the ordinary.
