Speak Only Kindnesses Toni Page, 2021-11-23 *Speak Only Kindnesses* Volume 3: Mastering the New Energy is the third of 3 volumes of inspired teachings by Toni Page. Whether you meditate on the teachings daily, randomly select messages at will, or read the whole book at once, you will experience a resurrection of your core spiritual energy. This volume 'exudes' love's tangible presence so you can feel it and use it. It invites us to experiment with simple practices that guide us to optimize mastery of the New Energy. Teachings about co-creating, focusing love energy, controlled breathing, limiting caffeine consumption, and so much more, are delivered with intense love, in non-judgmental tones and invite us to immerse ourselves in Spirit each day. Volume 3 is an "amazing" book that "inspires us to embrace the intertwining of our spiritual and material lives." These daily contemplative messages and practices ring with the core truth that "love is the power behind the Universe," and that we are all "loved beyond measure." These readings are interpreted as the words of Yeshua, and teach we are more magnificent and more powerful than we know. The New Energy amplifies our impact and this book provides straight-forward tools to assist in Mastering that energy to allow us to serve as co-creators of a kinder and more peaceful new world. You will feel uplifted by these "inspirational messages of unconditional love that are truly healing to the heart" and deliver hope for a spectacular future of our own design in the New Energy.

Animal Souls Speak Robert Shapiro, 2007 Arcturus is the name given to the star system some thirty-seven light-years from our own. It includes at least a half dozen planetary bodies and is many times larger and much older than our own star and its system. Arcturian involvement with our system

began over three million years ago when a space colony--a galactic space station--was established on Velatropa 24.4, otherwise known as Mars. With its 40,000-year warm cycles, Mars provided the perfect experimental way station. If anything went wrong, at least those on the Arcturus system would not be affected--or so it was thought. Some of those in command of the Martian project had not considered carefully enough the inexorable efficacy of karma, the law of cause and effect. By the time strange events began to transpire on Mars, little did anyone on Mars or Arcturus reckon the strange consequences of forgetting about each other's mutual existence. Thus unfolds the tale of the Arcturian experimental way station, V.24.4, otherwise kno

Speak to the Devil Dave Duncan, 2010-05-25 A new adventure of brotherhood and magic from beloved fantasist Dave Duncan In the Kingdom of Jorgary, the days of feudal chivalry are fading as national armies are formed. But Ottokar Magnus is still baron, and his host of brothers include Anton, an ambitious young soldier, and Wulfgang, an amiable teenager. Unable to seek his fortune as a knight errant, Anton has enlisted with the royal Jorgarian hussars and taken Wulf along as his servant. There is magic in Jorgary, but it is regarded as Satanism, rituals performed by Speakers who are in contact with the Devil. The Speakers, though, believe that the Voices they hear belong to saints. Anton is not a Speaker...but Wulf is. Anxious to impress the court, Anton exhibits spectacular horsemanship at a royal hunt, with a little boost from Wulf. Two nights later he is dragged before Cardinal Zdenek, the king's chief minister. Zdenek offers him an earldom and anything else he could dream of if he will ride at once to a strategic fortress at Cardice and take command there. The count and his

son have died, victims of both treason and witchcraft. The cardinal thinks that neighboring enemies are preparing to invade, using modern arms to capture the fort. Mortal resources alone will not suffice, but Zdenek knows that Anton's improbable jump at the hunt was aided by supernatural power. Anton wants nothing to do with this mission, but Wulf's Voices tell him that they should accept the charge. The result is a harrowing ride through limbo with astonishing results. A Study of Attitudes of Dialect Speakers Towards the Speak Mandarin Campaign in Singapore Patrick

Chin Leong Ng, 2017-01-19 This book makes an original contribution to the fields of sociolinguistics, language planning policy and Chinese language studies. It examines the effectiveness of the Singapore's Speak Mandarin Campaign in changing the language use of dialect speakers towards Mandarin. Singapore may be only "a small red dot" and barely visible on the world's map. However, its complex and dynamic linguistic diversity and its quadrilingual educational system make it a unique and fascinating research site for examining deliberate language planning on the part of governmental authorities. 2017 marks the 38th anniversary of the Speak Mandarin Campaign, a focused language-planning policy aimed at changing the deeply entrenched sociolinguistic habits of Chinese Singaporeans who are used to speaking Chinese dialects. This book provides a revealing update on dialect speakers' attitudes towards the campaign by including discussions and other related issues such as the recent call for the revitalisation of Chinese dialects by younger dialect speakers, Chinese students' attitude towards learning Mandarin in schools, the

encroachment of English in the home environment, the spread and dominance of English in the local linguistic landscape, and the challenges of maintaining Mandarin as a language of use and preference.

Speak Good News David Schaal, 2024-02-16 If one word evokes discomfort when spoken to Christ-followers and non-Christ-followers alike, it would be the word “evangelism.” For the Christ-follower, this word brings feelings of guilt, shame, and inadequacy. They know that, at some level, they should be participating in evangelistic activities, but they are not. My passion is to see Christ-followers intentionally engaging people in spiritual conversations. I wrote this book to educate and encourage Christ-followers in the beauty of sharing the love of Jesus with others. **Speak Good News** aims to change the less-than-favorable reputation associated with evangelism. This book will encourage and equip Christ-followers to confidently engage in spiritual conversations with individuals they experience life with. I do this by taking a historical look at evangelism, its purest meaning, and offering a fresh lens for the Church to view evangelism. I identify misconceptions and barriers that keep faithful Christ-followers from sharing the wonderful story of Jesus with others. It nudges believers into the shallow end of the “gospel pool” while encouraging them to engage in simple spiritual conversations about Jesus with others.
