Audio- and Video-Based Biometric Person Authentication Takeo Kanade, Anil Jain, Nalini K. Ratha, 2011-04-06 This book constitutes the refereed proceedings of the 5th International Conference on Audio- and Video-Based Biometric Person Authentication, AVBPA 2005, held in Hilton Rye Town, NY, USA, in July 2005. The 66 revised oral papers and 50 revised poster papers presented were carefully reviewed and selected from numerous submissions. The papers discuss all aspects of biometrics including iris, fingerprint, face, palm print, gait, gesture, speaker, and signature; theoretical and algorithmic issues are dealt with as well as systems issues. The industrial side of biometrics is evident from presentations on smart cards, wireless devices, and architectural and implementation aspects.

Security Protocols Bruce Christianson, 2005-09-05 This book constitutes the thoroughly refereed post-proceedings of the 11th International Workshop on Security Protocols, held in Cambridge, UK, in April 2003. The 25 revised full papers presented together with edited transcriptions of some of the discussions following the presentations have passed through two rounds of reviewing, revision, and selection. Among the topics addressed are authentication, mobile ad-hoc network security, SPKI, verification of cryptographic protocols, denial of service, access control, protocol attacks, API security, biometrics for security, and others.

Grammar of Central Trentino Jan Casalicchio, Patrizia Cordin, 2020-07-27 The Grammar of Central Trentino provides a comprehensive grammatical description of a Romance dialect spoken in the North-East of Italy. The description of morphological, syntactic and pragmatic phenomena is accessible to a non-specialist public interested in Romance varieties.

Home of Antonio Stradivari Arnaldo Baruzzi, 1962

Adjectives in Germanic and Romance Petra Sleeman, Freek Van de Velde, Harry Perridon, 2014-02-15 Although the Germanic and Romance languages are two branches of the same language family and although both have developed the adjective as a separate syntactic and morphological category, the syntax, morphology, and interpretation of adjectives is by no means the same in these two language groups, and there is even variation within each of the language groups. One of the main aims of this volume is to map the differences and similarities in syntactic behavior, morphology, and meaning of the Germanic and Romance adjective and to find an answer to the following question: Are the (dis)similarities the result of autonomous developments in each of the two branches of the Indo-European language family, or are they caused by language contact?

promovendo a diversão em família com atividades pra lá de educativas.

In compagnia di un Clown Massimo Tripaldi, 2009-11-01 In questo piccolo manuale andremo a scoprire come entrare nel mondo dei clown. Con il termine clown si considera quello che in lingua italiana è chiamato pagliaccio; nel linguaggio corrente, il termine può essere riferito anche ad un modo comportamentale, tipico di una persona poco credibile o avveza a non prendere sul serio un argomento. Nella tradizione circense si possono identificare due figure di clown: il Bianco e l'Augusto, per semplicità e divertimento il clown che andremo a sviluppare sarà l'augusto. Ognuno di noi ha un piccolo clown dentro di sé pronto ad uscire e ad esprimersi in modo divertente. Questo non significa che basta truccarsi e vestirsi da clown per far divertire gli altri, è difficile dare un'esatta definizione di clown, ma vedendolo tutti ne riconosciamo uno; tutto ciò vi servirà per diventare più espressivi, più aperti e comunicativi. Inoltre una volta truccati e indossati i panni del clown vi sentirete più a vostro agio andando pian piano a scoprire il personaggio che meglio vi si addice. Ecco appunto allora il motivo di questo libro, troverete la storia dei grandi clown, consigli, tecniche, gag, battute e tutto quanto serve per muovere i primi passi con il vostro naso rosso.

New Insights into Autoinflammatory Diseases: From Bench to Bedside Katerina Laskari, Riccardo Papa, Paul Van Daele, Elena Tsitsamis, Wafa Ammouri, Anastasios E. Germentis, Carla Gaggiano, Sinisa Savic, 2023-10-18 Systemic autoinflammatory diseases (SAIDs) are a growing group of rare disorders caused by dysregulation of the innate immune system leading to episodes of organ-specific and systemic inflammation. Autoinflammation as a distinct disease category was first reported in 1999 as a group of monogenic disorders with resultant activation of the inflammasome and cytokine excess, presenting as periodic fever and inflammation in serous membranes. Since this original description, the focus has shifted considerably to the inclusion of complex multifactorial conditions, and more than 30 associated genes have been identified. Disease severity varies from mild to life threatening. Advances in the understanding of the pathogenetic role of interleukin-1, have opened new promising horizons in the treatment of these patients, and significantly altered disease outcome.

2011, 2011-01-01 Particularly in the humanities and social sciences, festschrifts are a popular forum for discussion. The IJBF provides quick and easy general access to these important resources for scholars and students. The festschrifts are located in state and regional libraries and their

bibliographic details are recorded. Since 1983, more than 639,000 articles from more than 29,500 festschrifts, published between 1977 and 2010, have been catalogued.

The Grotesque Dancer on the Eighteenth-century Stage Rebecca Harris-Warrick, Bruce Alan Brown, 2005 Italian ballet in the eighteenth century was dominated by dancers trained in the style known as grotesque—a virtuoso style that combined French ballet technique with a vigorous athleticism that made Italian dancers in demand all over Europe. Gennaro Magri's *Trattato teorico-prattico di ballo*, the only work from the eighteenth century that explains the practices of midcentury Italian theatrical dancing, is a starting point for investigating this influential type of ballet and its connections to the operatic and theatrical genres of its day. *The Grotesque Dancer on the Eighteenth-Century Stage* examines the theatrical world of the ballerino grottesco, Magri's own career as a dancer in Italy and Vienna, the genre of pantomime ballet as it was practiced by Magri and his colleagues across Europe, the relationships between dance and pantomime in this type of work, the music used to accompany pantomime ballets, and the movement vocabulary of the grotesque dancer. Appendices contain scenarios from eighteenth-century pantomime ballets, including several of Magri's own devising; an index to the step-vocabulary discussed in Magri's book; and an index of dancers in Italy known to have performed as grotteschi. Illustrations, music examples, and dance notations also supplement the text.
