Max Adam Kohler, Ray K. Linsley

**Ride Out the Storm** Max Hennessy,2019-07-25 A gripping historical thriller set during the nine days which decided World War II—the Battle of Dunkirk—from the author of *The Sea Shall Not Have Them*. 26 May, 1940: The allies, faced with a shameful defeat, are trapped between the onslaught of the mighty German army and the tumult of the ocean's waves. Those that do not die face capture and surrender to the Nazis. Nine days later more than a quarter of a million men have been rescued, returned safely to the shores of England, and saved by an assorted flotilla of barges, tugs, rowing boats and dinghies. This is the story of a mass exodus across the Channel, the miraculous story of Dunkirk. An awe-inspiring account of the evacuation which won the Allies the war, full to the brim with action and historical research, perfect for fans of Alexander Fullerton, David McDine and Alan Evans.

Storm is Coming M.W. Fletcher,2016-05-25 The brutal killing of a British Bobby on the streets of London on New Year's Day by a Jamaican Yardie is further complicated when it becomes known who his older brother is. The culprit goes to ground as the Police scour the streets of Brixton for him; he finally escapes the country to head back to Jamaica, before the British Police obtain an extradition order. The brother of the murdered police officer Chief Superintendent Attlee takes it on himself to go and catch the killer of his brother and whilst on the island is captured by a serious Jamaican posse leader and friend of his brothers killer. Whilst the Jamaican authorities try their best to find the British senior Police officer. The OSC return from a mission on the African continent to the news that the Police killer and Chief Superintendent Attlee are now in Cuba. With the British Police unable to now, intervene into a non-extradition country. Max had previously made a promise to chief superintendent Attlee after he saved his life and wants to go into Cuba. The Prime Minister eventually lets the OSC loose. The OSC are Britain's first and last line of offence.

**To Unleash a Force** M.W. Fletcher,2016-05-25 How does a country like England in 1987, fight terrorism with people that do not follow the rules of engagement? Major General Mick Strayker has the answer that is approved by the Prime Minister. His answer; is you send men whom are the best of the best, throw the rule book away and fight them at their own game. No courts no juries, hunt them down wherever they may be in the world and take them out. Unleashing a Force to be reckoned with. Max Storm code name Eagle 3, heads up the newly formed Operational Strike Command (OSC). Comprising of 6, six man teams. A highly trained covert military unit picked from the British top military units and rigorously trained further to hone their skills, which will take the fight right to the front door of the UK.'s terrorist enemies. Fast paced and full on action, on the streets of the UK and across continents. Welcome to the World of Max Storm, Major Mick Strayker and the Operational Strike Command (OSC), Britain's first and last line of offence.

Red Mercury M.W. Fletcher,2016-05-25 What is Red Mercury and does it exist? Up until now, it has been looked at as mythical

pure fusion bomb, which the Russians may well have developed. However, should it truly exist and should it fall into the wrong hands, it has the potential to cause destruction on an enormous scale. A secret Russian weapons research facility has sent a clandestine cargo on a flight out of the USSR to London and then on a British Airways flight to New York. The plane never makes it to the USA as it catches fire and goes down in the Atlantic, with all lives lost. Suspicions are raised about some of its cargo and MI5 hire an American salvage company to retrieve it. However once on American soil it mysteriously disappears. In several weeks time the Russian President will come to Washington to sign the SALT-1 agreement, with the American President. There are people from within both countries that do not want this to happen and they have devised a devastating plan, the consequences that may well start WW3. The US President and the Russian Prime Minister both contact the British Prime Minister asking for her help in the form of Max Storm and the OSC, working on the premise that they both have traitors amongst their respective communities and to utilise their own people would result in failure to stop the impending catastrophe. The OSC arrive covertly on US soil in an attempt to avert WW3. On top of this, a high profile IRA terrorist's escapes custody and begins a reign of terror in London. Max Storm and the OSC are the UK's first and last line of offence.

**Predicting the Runoff from Storm Rainfall** Max Adam Kohler, Ray K. Linsley, 1951 The estimation of the volume of runoff to be expected from a given volume of rainfall is a fundamental problem in flood forecasting. Such estimates are necessary before the unit hydrograph or other techniques can be used to predict the streamflow hydrograph. The authors describe the technique now used at the River Forecast Centers of the U.S. Weather Bureau for evaluating the effect of season, antecedent conditions, duration of rainfall and rainfall amount in determining the portion of the rainfall contributing to storm runoff. Special problems encountered in flood forecasting are emphasized. The technique, developed

and tested over several years, yields a high degree of accuracy in estimated runoff. Although prepared by empirical procedures, the close agreement between relations for basins of similar hydrologic characteristics suggests that rational parameter have been adopted. The similarity between relations also simplifies the work required for their preparation.

The Wrath of Shakira M.W. Fletcher,2016-05-25 A bomb on a London underground train causes devastation. Another one is planted at Stanstead airport. An old enemy is back in town and he wants revenge. This foe is brutal and focused on revenge; no one is safe whilst he lives. The streets of London become a battlefield, with bombings and shootouts. Along with air to air combat over the skies of Norfolk. Max Storm and the Operational Strike Command must re- engage this old foe to stop the carnage and blood shedding once and for all. The OSC is the UK's first and last line of offence.

*Echoes in the Storm* Max Henry,2017-09-12 One week is all we were supposed to share. One week as strangers. All the things you did differently irked me. I thought it meant we couldn't get along, that there was no chance we'd work out. But when it came time for me to leave, you know what I figured out? You were my echo. My call back. And damn it if I didn't find home in the end.

Max and the Big Storm Diana Morimoto,2010-11

*Into the Hurricane* Neil Connelly,2017-06-27 Eli and Maxine fight to escape both the hurricane sweeping Shackles Island and the phantoms haunting them in this richly written survival story. TWO PEOPLE WITH LOSSESEli and Max both have good reasons to go to the lighthouse on Shackles Island. For Max, it's an old vacation spot, the rare location where she has only good memories -- so it's the right place to scatter her dad's ashes. For Eli, it's the highest point near his Louisiana home, with the clearest view of the rocks where his sister died -- so it's the right place to end his own life as well.A STORM WITHOUT LIMITSBut neither of them expected the other, nor the storm. Because Hurricane

Celeste is roaring toward Shackles Island, and its power will break bridges, slash electric lines, and stir up deadly wildlife -- some of it human. When the ruthless Odenkirk family steals Max's Jeep with her most precious possession inside, she and Eli begin a desperate quest to get it back and get off the island ... until they realize they must go into the hurricane.

**In the Eye of the Storm** Max Lucado, 1994-07-01 Come face-to-face with Jesus when He experienced more stress than any other day of his life aside from his crucifixion. Before the morning became evening, he has reason to weep, run, shout, curse, praise, and doubt. If you know what it means to be caught in life's storms? if you've ever ridden the roller coaster of sorrow and celebration? if you've ever wondered if God in heaven can relate to you on earth, then this book will encourage and inspire you.

**A Final Storm** Paul Stephenson, The end of the world was just the start. Now see how it ends. Before the storm that ended the world brought humanity to its knees, Max worked for a bank, more concerned people might mistake him for a banker than how to survive each day. Six months later he's trying to stay ahead of a psychotic gang leader making a play for the ruined city of London. In Birmingham, Burnett's new Government is trying to stand on its own feet, while Lydia tries to find some peace. David Harvey Kitzmiller, Jay P. Breidenbach, United States. National Weather Service. Techniques Development Laboratory, 1995 Many operational features of the WSR-88D were incorporated specifically to aid forecasters in the detection of severe local storms (damaging winds, large hail, and tornadoes). One interpretive product, the Severe Weather Potential (SWP) algorithm, yields an index proportional to the probability that an individual thunderstorm cell will soon produce any severe weather phenomena. The SWP is based solely on radar information, namely vertically-integrated liquid VIL and storm horizontal extent.
