Richard Smolev

Offerings Richard Smolev,2012-10-01 Kate Brewster's quest to become the first woman to run a Wall Street institution is about to come to fruition. Wooed away from a top job at a competing firm by Ed Roth with promises of breaking the glass ceiling when she succeeds him as the head of the investment bank Drake Carlson, Kate learns that she has real potential for the top spot. First, she must prove her worth by unconventionally putting together an IPO for a small games maker whose most valuable but unknown asset may be a painting stolen from a Jewish family as they fled Austria after the Nazi invasion. Kate's professional challenges play out amid a family crisis: her husband's company is imploding and he may have to relocate to a remote part of China to save even a small portion of his business. Her integrity is challenged when she's accused of slowing down a deal to sell her husband's company to divert the sizeable sales commission to Drake, her new company. As a result, Kate uncovers an illegal trading scheme involving her partners, and their downfall triggers another firm's attempt at a hostile takeover of Drake. Against seemingly impossible odds, Kate is able to strike a balance between the demands of the deal she is running and the right of a patriarch's family to seek closure for wounds that date back generations.

**Nuclear Verdicts** JR. Robert F Tyson,2020-02-11 This is the first book ever written for the defense on how to avoid runaway jury verdicts. I wrote this book because I care about fairness. I believe everyone has the right to a fair trial, not just plaintiff lawyers and their clients. Defendants are entitled to have a jury decide their case without being stirred with passion and bias by creative plaintiff lawyers. This is the defense playbook for justice. You will learn trial techniques to even the playing field for defendants seeking a fair trial. Every aspect of a civil jury trial will be covered, from voir dire to opening statements to witnesses and finally closing arguments. There is a formula for defeating plaintiff attorneys' deceptive tactics and psychological gamesmanship, and you will learn it. While full of 30 years of trial victories and personal experiences, this is a how to book. How to defend at trial. How to beat plaintiff attorneys at their own game. How to win. It is time to bring an end to the epidemic of nuclear verdicts across our country. It is time for you to take back justice for all! NUCLEAR VERDICTS MUST BE STOPPED! YOU CAN STOP THEM. RESPONSIBILITY. In every jury trial, accepting responsibility is not only the right thing to do, it is the most important thing you will do, no exceptions. Own what you did in every single jury trial, no excuses. REASONABLENESS. Be the most reasonable person in the courtroom. Do not take the typical defense approach of fighting every little thing. Show the jury you care, and they will return a verdict that is fair and just for all. COMMON SENSE. The ultimate equalizer in any case is common sense. It allows the jury to come to a conclusion that is fair and reasonable. You must go beyond the evidence and the law, and help the jury apply their common sense for a righteous verdict.

*Business Model Management* Bernd W. Wirtz,2020-09-30 "How are business models purposeful designed and structured? How can the models be implemented professionally and managed successfully and sustainably? In what ways can existing business models be adapted to the constantly changing conditions? In this clearly structured reference work, Bernd W. Wirtz gives an answer to all these issues and provides the reader with helpful guidance. Although, 'Business Model Management' is first and foremost a scientific reference book, which comprehensively addresses the theory of business models, with his book Bernd W. Wirtz also turns to practitioners. Not least, the many clearly analyzed case studies of companies in different industries contribute to this practical relevance. My conclusion: 'Business Model Management' is an informative and worthwhile read, both for students of business administration as a textbook as well as for experienced strategists and decision makers in the company as a fact-rich, practical compendium." Matthias Müller, Chief Executive Officer Porsche AG (2010-2015), Chief Executive Officer (2015-2018)

Volkswagen AG “In dynamic and complex markets a well thought out business model can be a critical factor for the success of a company. Bernd Wirtz vividly conveys how business models can be employed for strategic competition and success analysis. He structures and explains the major theoretical approaches in the literature and practical solutions in an easy and understandable way. Numerous examples from business practice highlight the importance of business models in the context of strategic management. The book has the potential to become a benchmark on the topic business models in the German-speaking world.” Hermann-Josef Lamberti, Member of the Board Deutsche Bank AG 1999-2012/ Member of the Board of Directors, Airbus Group “The business environment has become increasingly complex. Due to changing conditions, the executive board of a company is confronted with growing challenges and increasing uncertainty. Thus, a holistic understanding of the corporate production and performance systems is becoming more and more important. At this point, Bernd W. Wirtz introduces and presents the concept of the structured discussion of the own business model. Business models present operational service processes in aggregated form. This holistic approach channels the attention of management, supports a sound understanding of relationships and facilitates the adaption of the business to changing conditions. The management of business models is thus an integrated management concept. Through the conceptual presentation of complex issues the author makes a valuable contribution to the current literature. In particular, the referenced case studies from various industries make the book clear and very applicable to practice.” Dr. Lothar Steinebach, Member of the Board, Henkel AG 2007-2012/ Supervisory Board, ThyssenKrupp AG

**Cain v. Abel** Dan Ornstein,2020-04 Enter the packed courtroom and take your seat as a juror on the Cain v. Abel trial. Soon, the prosecution and defense attorneys (angels from Jewish legend) will call Cain, Abel, Sin, Adam, Eve, and God to the witness stand to present their perspectives on the world’s first murder. Great Jewish commentators throughout the ages will also offer contradictory testimony on Cain’s emotional, societal, and spiritual influences. As jurors, when we mete out Cain’s punishment, must we factor in his family history, psychological makeup, and the human impulse to sin? In this highly eclectic and gripping compilation of insights by Jewish commentators on the Cain and Abel story, courtroom scenes are juxtaposed with the author’s commentary, advancing novel insights and introspection. As each of us grapples with Cain’s actions, we confront our own darkest traits. If Cain is a symbol for all humanity, what can we do to avoid becoming like him? Furthering this conversation, Rabbi Dan Ornstein includes a discussion and activity guide to promote open dialogue about human brokenness and healing, personal impulses, and societal responsibility.
