Mobile Marketing Daniel Rowles, 2017-02-03 Mobile Marketing is a clear, practical guide to harnessing the mobile consumer and tackling the rising challenges of divided user attention across multiple screens at the same time. It demystifies the vast spectrum of tools and techniques now available and explains how to optimize these dynamics into an innovative and effective mobile marketing strategy. Now that website search rankings take into account mobile optimization, no serious marketer can do without a thorough understanding of mobile. The first edition of Mobile Marketing won the Judge's Choice Award in Social Media at the Small Business Trend's 2014 Book Awards. This fully revised 2nd edition includes straightforward explanations on mobile optimized content, app development, social media and proximity based marketing. It has also expanded to include two brand new chapters on mobile and email and on location-based devices, plus cutting-edge updates on advances in wearable technology, mobile payments, virtual reality and strategies for the changing user journey. Integrated with tactical checklists, easy application frameworks and powerful case study insights such as Heineken, WordPress, MailChimp, Nike Training Club (NTC), Google Play and Moz, it provides a full overview from service provision and technology integration to content strategy, ready to capture fast-moving consumers on the go. Online resources include a digital marketing instructors manual, supporting lecture slides, example exam and self-test questions, and a content calendar template.

Mobile Marketing Management Hongbing Hua, 2019-03-18 With the development of mobile internet technology, people's lifestyle and consumer behavior are changing rapidly. Nowadays, the products on the market are updating more and more frequently, and the traditional marketing theory and brand theory fail to get with the mobile internet. So, what's the innovative marketing to take in the new era? Since 2012, China has entered into the mobile era, and became a major country of mobile internet application. The book summarizes the experience of the author accumulated from many trials and errors in management and marketing innovation, so as to form the pattern of management and marketing for the next 30 years. *Mobile Marketing Management* lays the foundation for the new era with four pillars: service, substance, superuser, space, known as 4S theory for short. In view of the concept of customer-first, it is all about service, and products become productized service concepts. In view of the failure of mass communication, the competition among all services becomes the competition of substance differentiation. Regarding the popularity of self-organization, it becomes a trend to cooperate with people rather than the company to develop the market. In view of the principle of fuzzy market boundary, the enterprises shall optimize their living space and evolve their development space. This book contains numerous case studies along with analysis and creates the discipline of mobile marketing management, providing innovative theories, methods and tools for the marketing of enterprises. Through this book, readers can master the marketing methods of the mobile internet era. They can apply the marketing theory in this book to guide the marketing practice, thus improving marketing efficiency and reducing marketing costs.
