**Locating Chinese Women** Kate Bagnall,Julia T.

Martínez,2021-03-23 This ground-breaking edited collection draws together Australian historical scholarship on Chinese women, their gendered migrations, and their mobile lives between China and Australia. It considers different aspects of women's lives, both as individuals and as the wives and daughters of immigrant men. While the number of Chinese women in Australia before 1950 was relatively small, their presence was significant and often subject to public scrutiny. Moving beyond traditional representations of women as hidden and silent, this book demonstrates that Chinese Australian women in the twentieth century expressed themselves in the public eye, whether through writings, in photographs, or in political and cultural life. Their remarkable stories are often inspiring and sometimes tragic and serve to demonstrate the complexities of navigating female lives in the face of racial politics and imposed categories of gender, culture, and class. Historians of transnational Chinese migration have come to recognize Australia as a crucial site within the 'Cantonese Pacific', and this collection provides a new layer of gendered comparison, connecting

women's experiences in Australia with those in Canada, the United States, and New Zealand. 'Locating Chinese Women is a path-breaking book. By exploring the experiences of Chinese Australian women during the nineteenth and early twentieth centuries, the authors have opened new and compelling avenues of inquiry about the history of Chinese Australian women. In this landmark work, they have brilliantly recast the history of Chinese Australia.'

—Joy Damousi, Australian Catholic University 'Locating Chinese Women breaks new ground in Australian and transnational Chinese women's history by making the lives of remarkable Chinese Australian women visible. Photographs, testimonies, Chinese-language newspapers, and digitized archives help document the women's agency and activities as they navigate public lives between and within Australia and China during the nineteenth and early twentieth centuries.' —Shirley Hune, University of California, Los Angeles, and University of Washington

*Chinese Family Business and the Equal Inheritance System*

Victor Zheng, 2009-12-17 This book disputes the traditional argument that the equal inheritance system hinders the growth of Chinese family business, approaching this not only in terms of economic capital, but also in terms of human capital such as education and leadership, and social networks. Zheng argues that most of the family business patriarchs only focus on the passing on economic capital, but give little attention to human capital and social capital when they come to the stage to transfer control to the next level. It further elaborates that the equal inheritance system itself isn't the destructive force that weakens family business competitiveness, but can assist economic development by generating dynamism and capital. Based on extensive primary research, the work discusses how equal division encourages sibling comparison, analysing how such comparisons initially generate stress and anxiety but will ultimately galvanize competition, benefiting the business. The author also assesses how family division can offer initial economic human and social

capitals that can motivate siblings to start their own businesses and be free from the subjugation sometimes associated with a family firm. Through the evaluation of these issues the book argues that the equal inheritance system can be regarded as the origin of the self-employment mentality, which not only fosters the growth of Chinese family business by plays crucial role in promoting economic development. Providing a valuable contribution to the field, this work will be of great interest to all scholars of Chinese and Asian business.

**Growing Up the Chinese Way** Sing Lau,1996 This volume is a collection of current research on Chinese child development: the context of development, cognitive development, social development, and new issues related to the topic.

**Tai-Pan** James Clavell,2018-09-18 “There can only be one Tai-Pan.” Dirk Struan rose from humble beginnings to build Struan & Company, also known as the Noble House, into the world’s largest Far East trading company. He is now the Tai-Pan—Supreme Leader—of all Tai-Pans in China. Along the way, however, he made a powerful enemy. Tyler Brock, Struan’s rival from their early opium-smuggling days, also heads a large trading fleet, second in size only to Struan’s. But it is not only silks and spices that drive their mutual companies’ wealth—the opium trade is still booming. War between England and China might be over, but the hostilities remain. Struan and Brock come to control much of England’s trade with China yet neither can control their desires or their hatred of each other. Over the years, their two families will cross paths, threatening to rip both apart, with reverberations that will echo across the generations. Struan must fight to save his company and his family, or risk seeing everything he has created destroyed at the hands of his sworn enemy. Ambition, political intrigue, and love and lust weave their way throughout the novel the New York Times called, “grand entertainment...packed with action...with blood and sin, treachery and conspiracy, sex and murder.” East and West come together in an opulent and intricately plotted

narrative. A tour-de-force of historical fiction, rich in detail yet eminently readable, Tai-Pan will stay with you long after the final page.

How to Prepare for Climate Change David Pogue,2021-01-26 A practical and comprehensive guide to surviving the greatest disaster of our time, from New York Times bestselling self-help author and beloved CBS Sunday Morning science and technology correspondent David Pogue. You might not realize it, but we're already living through the beginnings of climate chaos. In Arizona, laborers now start their day at 3 a.m. because it's too hot to work past noon. Chinese investors are snapping up real estate in Canada. Millennials have evacuation plans. Moguls are building bunkers. Retirees in Miami are moving inland. In *How to Prepare for Climate Change*, bestselling self-help author David Pogue offers sensible, deeply researched advice for how the rest of us should start to ready ourselves for the years ahead. Pogue walks readers through what to grow, what to eat, how to build, how to insure, where to invest, how to prepare your children and pets, and even where to consider relocating when the time comes. (Two areas of the country, in particular, have the requisite cool temperatures, good hospitals, reliable access to water, and resilient infrastructure to serve as climate havens in the years ahead.) He also provides wise tips for managing your anxiety, as well as action plans for riding out every climate catastrophe, from superstorms and wildfires to ticks and epidemics. Timely and enlightening, *How to Prepare for Climate Change* is an indispensable guide for anyone who read *The Uninhabitable Earth* or *The Sixth Extinction* and wants to know how to make smart choices for the upheaval ahead.

**Handbook of Research on Managerial Practices and Disruptive Innovation in Asia** Ordoñez de Pablos, Patricia,Zhang, Xi,Chui, Kwok Tai,2019-08-30 Collaboration in business allows for equitable opportunities and inclusive growth as

the economy rises while also permitting partnering organizations to adopt and utilize the latest successful practices and management. However, a market in stasis may require a displacement in order to allow businesses to grow and create new alliances and partnerships toward a shared economy. There is a need for studies that seek to understand the necessity of market disruption and the best supervisory methods for remaining relevant and profitable in a time of change. The Handbook of Research on Managerial Practices and Disruptive Innovation in Asia is an essential reference source that explores successful executive behavior and business operations striving toward a more inclusive economy. Featuring research on topics such as employee welfare, brand orientation, and entrepreneurship, this publication is ideally designed for human resources developers, policymakers, IT specialists, economists, executives, managers, corporate directors, information technologists, and academicians seeking current research focusing on innovative business factors and sustainable economies in Asia.

**Competing Chinese Political Visions** Sonny Shiu-Hing Lo, 2010-02-26 A fascinating analysis of the features of the Hong Kong-style democracy viewed as alien, hostile, potentially subversive, and substantially dangerous by the mainland Chinese Communist Party. *Competing Chinese Political Visions: Hong Kong vs. Beijing on Democracy* examines the uniqueness of the Hong Kong model of democracy—a model the Chinese Communist Party not surprisingly views as too Westernized, excessively pluralistic, and too easily shaped by foreign intervention and influence. *Competing Chinese Political Visions* examines the features that define Hong Kong's democracy, including competitive elections, a number of mini-political parties, legitimate checks and balances, the right to protest, and a vibrant social movement. Drawing on a wealth of recent research, noted Hong Kong expert Sonny Shiu-Hing Lo examines the role of Hong Kong in the June 1989 Tiananmen Square incident, discusses the leadership and visions

of democratic leaders such as Martin Lee, and offer some bold predictions for the intertwined futures of Hong Kong and China.

**Second Sister** Chan Ho-Kei, 2020-02-11 A reclusive Hong Kong PI and hacker investigates a teenager's mysterious death in this technological thriller by the author of *The Borrowed*. A schoolgirl—Siu-Man—has committed suicide, leaping from her twenty-second floor window to the pavement below. Siu-Man is an orphan and the librarian older sister who's been raising her refuses to believe there was no foul play—nothing seemed amiss. She contacts a man known only as N.—a hacker, and an expert in cybersecurity and manipulating human behavior. But can Nga-Yee

interest him sufficiently to take her case, and can she afford it if he says yes? What follows is a cat and mouse game through the city of Hong Kong and its digital underground, especially an online gossip platform, where someone has been slandering Siu-Man. The novel is also populated by a man harassing girls on mass transit; high school kids, with their competing agendas and social dramas; a Hong Kong digital company courting an American venture capitalist; and the Triads, market women and noodle shop proprietors who frequent N.'s neighborhood of Sai Wan. In the end it all comes together to tell us who caused Siu-Man's death and why, and to ask, in a world where online and offline dialogue has increasingly forgotten about the real people on the other end, what the proper punishment is. "Readers will savor every twist and turn of Chan Ho-Kei's tour de force. . . . Second Sister is a masterclass on the vagaries of our digital age." —Criminal Element "[A] clever, twisty novel. . . . Fans of hacker thrillers such as Stieg Larsson's Lisbeth Salander books will be amply rewarded." —Publishers Weekly, starred review, PW Pick "Virtually irresistible, with twisty-turny, didn't-see-that-coming manipulations guaranteed to keep readers wide awake into the wee hours. . . . For readers, the provocative mix of urgent contemporary issues and page-turning action won't disappoint." —Shelf Awareness

**Chinese Christians** Carl T. Smith, 2005-05-01 Provided with a Western-style education and versed in the English language by missionaries, the 19th-century Chinese Christian was a man who stood between cultures. The author shows how this dual aspect of his thought and outlook enabled him to act as liaison with foreigners promoting trade and commerce.

Ethnicities, Personalities and Politics in the Ethnic Chinese Worlds Ching-hwang Yen, 2016-08-18 The rise of the economic

power of the ethnic Chinese, known also as overseas Chinese, Chinese overseas or Chinese diaspora, was a late 20th century phenomenon. It was partly the result of the rise of the Four Little Asian Dragons in the 1970s, and was speeded up by the tempo of globalization towards the end of that century. This book explores the ethnic identity and boundary of the Chinese as minority groups in foreign lands, and as sub-groups among the Chinese themselves. It examines prominent personalities that had wielded considerable influence in the ethnic Chinese communities in the economic, social and educational arenas. It also discusses the type of politics that had impacted their relationship with their mother country — China. Containing 16 papers presented at various international conferences in Singapore, Malaysia, Hong Kong, China and Taiwan as keynote speeches and research findings which are predominantly unpublished in English, this book provides fresh perspectives and re-interpretations on the issues of ethnicity, leadership and politics in the ethnic Chinese worlds.

*Sweet Mandarin* Helen Tse, 2008-07-08 Spanning almost a hundred years, this rich and evocative memoir recounts the lives of three generations of remarkable Chinese women. Their extraordinary journey takes us from the brutal poverty of village life in mainland China, to newly prosperous 1930s Hong Kong and finally to the UK. Their lives were as dramatic as the times they lived through. A love of food and a talent for cooking pulled each generation through the most devastating of upheavals. Helen Tse's grandmother, Lily Kwok, was forced to work as an amah after the violent murder of her father. Crossing the ocean from Hong Kong in the 1950s, Lily honed her famous chicken curry recipe. Eventually she opened one of Manchester's earliest Chinese restaurants where her daughter, Mabel, worked from the tender age of nine. But gambling and the Triads were pervasive in the Chinese immigrant community, and tragically they lost the restaurant. It was up to author Helen and her sisters, the third generation of these exceptional women, to re-establish their

grandmother's dream. The legacy lived on when the sisters opened their award-winning restaurant Sweet Mandarin in 2004. Sweet Mandarin shows how the most important inheritance is wisdom, and how recipes--passed down the female line--can be the most valuable heirloom.
