Psychiatric Ideologies and Institutions Anselm L. Strauss,2017-09-29 The authors of this volume point out that what is ordinarily termed the psychiatric hospital's social structure is principally derived from three sources: the number and kinds of professionals who work there; the treatment ideologies and professional identities of these professionals; and the relationships of the institution and its professionals to outside communities, both professional and lay. They describe hospitals as sites where ideological battles characterizing the mental health arena are being fought, implemented, critiqued, modified, and transformed. This classic monograph in medical sociology was originally published in the 1960s. The period studied was 1958 through 1963, when somatic and psychotherapeutic ideologies were flourishing—as now—and milieuthrapy was just emerging. The research team was multidisciplinary: three sociologists, one psychologist, and one psychiatrist. Three distinct psychiatric environments were researched: two at the Chicago State Hospital—chronic services and treatment services—and one at a private hospital. What evolved were thoughtful comparative analyses of hospitals, wards, professionals, ideological positions, careers, and organizational and situational placements.

Constructive Talk in Challenging Classrooms Valerie Coultas,2006-12-04 Constructive Talk in Challenging Classrooms gives the practising teacher advice on how to make learning fun through the use of ‘talk’ and collaborative group work. Using clear examples, tried and tested in some of the most challenging classrooms in inner city schools, the book offers practical and honest advice on both the difficulties and rewards that can be gained when employing all forms of talk-based teaching in the classroom. Packed with real examples of successful talk based lessons with children of all abilities and needs, this book will show teachers how they can succeed in overcoming problems of disruption and engage even the most difficult pupils in real learning through talk. The book shows that bringing the child's individual experience into a lesson through talk has huge emotional and psychological benefits - this can be particularly marked in classrooms where there are low levels of literacy, behaviour issues or where pupils’ first language is not English. The author argues that talk is vital for building positive relationships and essential for successful teaching, particularly in the difficult classrooms. This inspiring title is essential reading for any teacher interested in building trust and making learning fun and meaningful for all.

The Modern Divine Comedy Book 7: Paradiso 1 Entry Andrew J. Farrara,2022-10-13 The PARADISO is considered the most perfect part of the hereafter where the souls are permitted to live eternally if they can successfully complete the very difficult Celestial Examination process engaging the intellectual and personal guilt and forgiveness requirements system. Many celestial citizens take years, decades or centuries to complete. The Celestial Trial of Josephus, the Annual Lantern Parade and Romano’s awakening from his dream nightmare at the ending are the major subjects in this Book. This Celestial Trial of the ancient Jewish General and Roman writer, propagandist and collaborationist Flavius Josephus in discovering the real Spiritual Truths at the Celestial Supreme Court headed by the Biblical prophets Noah, Abraham and Moses is portrayed. Josephus is defended in Court by a late 19th century mortal American Barrister named Darryl Buchanan from Philadelphia who just successfully defended John D Rockefeller before Almighty GOD Himself in God’s Personal Supreme Peoples Court. The goal of the Celestial Trial of ‘Josephus verses the Celestial Kingdom’ is to discover the Holy Secrets and Spiritual Truths of his writings as to determine whether he did or did not fabricate and/or conceal the Biblical truths and steal the Prophecy that the next Ruler of the Roman Empire was destined to come from Judea to save his own body and soul? The Annual Lantern Parade at the Celestial Circus Maximus on Christmas Day has been a tradition since Jesus died on the Cross in the first century AD. The theme this year is called the Ancient & Divine Mysteries of the Universe. BOOK FOUR ends with the Devil and his Three Crown Princes still trying to manipulate, dominate and overthrow the Kingdom with a Final Curtain Call where the Tragic End Game occurs and the Mise-en-Abime shows the hero Journalist Romano home awoken immediately after his dream in his basement apartment at a New York City Catholic Church.
