The Killing Game Iris Johansen,2000-05-02 A merciless killer on the hunt...an innocent child in his sights...a woman driven to the edge to stop him... The killer knows Eve Duncan all too well. He knows the pain she feels for her murdered daughter, Bonnie, whose body has never been found. He knows that as one of the nation's top forensic sculptors she'll insist on identifying the nine skeletons unearthed on a bluff near Georgia's Talladega Falls. He knows she won't be able to resist the temptation of believing that one of those skeletons might be her daughter's. But that is only the beginning of the killer's sadistic game. He wants Eve one on one, and he'll use his ace in the hole to make sure she complies. And he won't stop playing until he claims the prize he wants most: Eve's life.

FLAMES OF FREEDOM Grim & Perilous RPG Richard Iorio,Daniel D. Fox,2021-09-28 FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG. It is the dawn of the American Revolutionary War of 1776. A tangled web of conspiracy spans North America. It does not matter what your creed, color, culture, faith or gender is—all stand together in the war for survival. Every Rebel patriot holds Thomas Paine's Common Sense aloft as they take up arms against the British Empire. The city of Boston is occupied by the Red Coats, surrounded by Rebel militias. But as the revolution has begun, something far more mysterious stirs. Agents of the occult entreat both the Continental Army and British Empire. Freemasons conspire in the City of Brotherly Love. Maryland is in the throes of a witch hunt by the Knights Templar. Amid the chaos, other grim fairy tales have emerged. Ghouls have been tunneling beneath

Boston. There are sightings of witches in the Great Dismal Swamp. Indigenous sachem speak of devils who walk among the living. The Leeds Devil haunts the Pine Barrens of New Jersey. And worse still, a shadowy collective called "The Mandoag" seeks to consume all, Loyalists and Rebels alike. In this game, most people have either chosen to deny the supernatural or rationalize it away. A rare few accept it for what it is to act. You are among those heroes and destined for greatness... or death. This alternative history game includes most of what you need to play: a player's handbook, a game master's guide, a bestiary, and an introductory adventure set in Boston. All that's left are a few friends, pencils and a handful of dice. FLAMES OF FREEDOM is an American Gothic horror tabletop role-playing game, based on the award-winning ZWEIHÄNDER RPG.

EVENT - Role-Playing Game System ,2018-10-30 EVENT is a game system designed to collectively manage the actions and interactions of a variable number of characters played by players and / or the master from a given event. The combination of these factors will lead to the natural definition of a story within the context of reference, which is called the setting. The manual contains the main rules that allow you to start playing. None of these should be intended as mandatory or mandatory and each one of them can be modified or reviewed by mutual agreement between master and players: it is however advisable to play at least one or two games (which we'll call sessions from now on) with the standard rules in order to fully understand the basic game mechanics. At the end of each paragraph you'll find a text box containing a concrete example (actual play) of the rule explained above. In order to play Event you're going to need a group of friends, a handful of 6-sided dice, some paper sheets and at least one pencil. One of the players, known as the master, will take care of the core elements of the story, while the others, to whom we'll refer as players, will play the role of a single character apiece. This is the EVENT presentation & tutorial video, which illustrates some of the most original and innovative aspects of the game system: <https://youtu.be/DAIR374gDKA>

Machinations of the Space Princess (Monochrome) James Desborough, 2018-06-29 *Machinations of the Space Princess* is a Science-Fantasy role-playing game. That means it's very much about style over substance, mixing science-fiction, magic and psionics in a game world that owes much more to Metal Hurlant and Star Wars than it does to 2001 or Bova's Grand Tour. This is a game of strangeness and fun, of space pirates and beautiful alien princesses, of living planets and robot hordes, of blasters at noon. This is... Sexy, sleazy, swords and sci-fi! A full game combining old and new school thinking, packed with GM and player advice and with simple tools for creating your own monsters, adversaries, weapons, armour, ships and alien races.

A God's Game Andrew Whyte, 2020-10-09 We each control the path in life we take...or so we like to believe. More often than not, events in our lives are far out of our control. Groups of young adults learn this fact the hard way when three brothers come to Earth and claim to be the gods of games. These three gods, in an effort to end their century-long boredom, decide to use these humans as game pieces see which group of humans come out on top. Unfortunately, in order for some humans to win, many must die. And just like humans, each take this matter differently: some accept, others deny, and few look for another way. But regardless of how they may feel, one fact that can't be avoided is that blood will spill. This situation or this game, known as Warterria, will push the humans to the brink. The human psyche will be tormented and tested. And in order to survive, some will have to relive the horrible darkness of their past while others discover the ugly monster that exists within them. Will the humans tear each other apart in order to preserve their own life, or will they work together to stop the true enemy and put an end to a god's game?

Children of Fire Rpg Erich Wambach, 2011-12 For so many mortals, life is but a mundane existence. They glide through it like zombies, wishing the world was full of magic and mystery but believing in their hearts that it is not. If only they knew how their senses deceive. For all around them, celestial forces battle one another. The sons of light and the sons of darkness engage in an endless struggle over their everlasting souls, and more nefarious creations lie in wait to devour all that is good in the world. Children of Fire is a tabletop role-playing game (RPG) that lets you explore this ethereal world. In it, the players create angels who battle over the souls of the living. You'll pit yourself against demons, sorcerers, and other unholy emanations. But saving mankind is not always about direct conflict. Often these games center around difficult moral dilemmas, and the characters are often forced to

confront their own frailties and imperfections. Children of Fire is a story-focused, combat-light game where players are angels battling for human souls, straining the shackles of predetermination, and struggling with their own immortality. Originally published over a decade ago as a popular web site, and later crowd-funded via Kickstarter.com, this all new edition features revised rules and 112 pages of stunning, full-color art. The book includes both the Children of Fire core game and the Children of Clay expansion, which provides rules for creating and playing mortal PCs.

The Harem Games Jorge Carreras Jr.,2015-03-06 A horrific and mystifying pandemic has struck Earth, almost completely destroying the male population of the human species—and the female population quickly takes control of political power in every nation. But the “Matriarchs” are far more interested in revenge for the mistreatment they endured under their former societies than the preservation of the species. They set about designing a bloodthirsty tournament, forcing the surviving males to fight each other to the death until only one remains. Two hundred years later, The Matriarchy has fine-tuned the rules of this contest: Now, every decade or so, one young male from every nation is chosen to “participate” in a Battle Royale. The last man standing wins and as a prize is offered one wish. Each contestant goes into battle with a harem of “brides” by his side. Participants have to fight each other and the environment in a deadly struggle for survival, with the last remaining survivor and his harem being declared the winner. It is in this environment that young Alex Dolorean must fight for his life and loved ones in the deadly Battle Royale known as...The Harem Games. (Not recommended for young children.)
