The First Vietnam War Shawn F. McHale,2021-08-26 Shawn McHale explores why the communist-led resistance in Vietnam won the anticolonial war against France (1945–54), except in the south. He shows how broad swaths of Vietnamese people were uneasily united in 1945 under the Viet Minh Resistance banner, all opposing the French attempt to reclaim control of the country. By 1947, resistance unity had shattered and Khmer-Vietnamese ethnic violence had divided the Mekong delta. From this point on, the war in the south turned into an overt civil war wrapped up in a war against France. Based on extensive archival research in four countries and in three languages, this is the first substantive English-language book focused on southern Vietnam's

transition from colonialism to independence.

Internationalisation in Vietnamese Higher Education Ly Thi Tran, Simon Marginson, 2018-06-08 This book focuses on models, strengths, opportunities, constraints and tensions in internationalisation in Vietnamese higher education. It reflects on key concepts from contemporary theories and models of internationalisation and discusses the implications for innovation, flexibility and responsiveness to local needs in Vietnam. Based on empirical research, theoretical knowledge and the experiences of researchers from Vietnam and overseas, the book draws out the distinctiveness and complexity of internationalisation practices and charts a way forward. It examines the key drivers and dimensions of internationalising Vietnamese higher education, and compares internationalisation in Vietnam to that in other countries. It clarifies and discusses tensions related to the appropriation of 'Western' internationalisation practice and models, and neo-liberal ideologies, to the local context of Vietnam. It provides readers with insights into government policy, quality assurance and benchmarking strategies, curriculum, the impact of international organisations on higher education, international student mobility, transnational education, employability, brain drain and brain gain and brain circulation.

Học tập qua dự án Anh-Duc Hoang, To Thuy Diem Quyen, 2019-03-15 Trong gần một thập kỷ qua, nhiều nhà giáo dục đã tiến hành nghiên cứu và ghi nhận về những lợi ích của việc học tập qua trải nghiệm, thực hành, và lấy người học làm

trung tâm. Hầu như giáo viên nào cũng hiểu về sự hợp dãn của việc học tập gắn liền với thực tế so với lớp học thuần lý thuyết. Nhà bác học Albert Einstein đã từng nói: “Ví dụ không phải là một cách khác để dạy học; Ví dụ là cách duy nhất để dạy học”. Dựa trên tinh thần học qua làm, cuốn sách này muốn đưa ra cách tiếp cận nhẹ nhàng đối với Học tập Dự án, sử dụng các dự án để làm những ví dụ đa dạng, đa chiều và gắn liền với thực tế nhất, qua đó giúp người học tự xây dựng nên kho tàng kiến thức và kỹ năng của chính bản thân mình. Cuốn sách này không phải là một cuốn kinh thánh, hay kim chỉ nam, mà chỉ là một gợi ý để giúp cho bản thân việc học trở nên thực tế hơn, hợp dãn hơn, và người học trở nên chủ động hơn. “Chủ động” chính là phương tiện mà các tác giả kì vọng sẽ giúp các bạn học sinh khước từ lối học vẹt, đón nhận các kỹ năng học tập của thế kỷ 21, qua đó khám phá và phát triển thế mạnh riêng của bản thân, thay vì gò bó trong một khuôn khổ cứng nhắc. “Chủ động” cũng là phương tiện mà các tác giả kì vọng các nhà sư phạm sẽ cùng chung tay vun đắp để không chỉ học sinh học tập chủ động, mà chính các thầy cô cũng sẽ sống chủ động cùng quá trình học-hỏi của học trò, thay vì bị bó buộc bởi các mục tiêu giáo án. Học tập Dự án sẽ giới thiệu cho bạn các bước đơn giản nhất để hiểu và thực hành việc học tập chủ động. Cuốn sách cũng bao gồm các gợi ý nhỏ, và không nhắc đến việc hiểu và thực hành của các bạn được thuận lợi, và thú vị hơn. Các hướng dẫn của chúng tôi không phải một bộ công cụ cố định hay một checklist hộp đóng kín mà là những gợi ý tham khảo, hoàn toàn có thể tùy biến và áp dụng từng phần, tùy theo đặc điểm của mỗi lớp học, trường học. Những biến

mẫu cho hoàn toàn mang tính chất tham khảo để quý thầy cô và các bạn học sinh có thể hình dung được cụ thể hơn về những công việc có thể triển khai. Các dự án được đưa vào phần ví dụ minh họa không hoàn toàn là những ví dụ toàn diện, xuất sắc nhất cho việc thực hiện một Dự án Học tập, mà chỉ để minh họa rõ ràng nhất cho nội dung cụ thể trong từng chương. Qua những hướng dẫn tham khảo và những ví dụ cụ thể, cuốn sách hy vọng có thể giúp giáo viên triển khai và triển khai được Học tập Dự án, tăng tính ứng dụng cho từng bài học, giúp học sinh học tập dựa vào các vấn đề thực tế. Cuối cùng, những hướng dẫn trong sách này cũng chỉ là những hướng dẫn. Bạn không thể cứ ngồi đọc, thậm chí học thuộc sách dạy lái xe và tin rằng mình sẽ làm chủ được tay lái. Cuốn sách này là một gợi ý không thể giúp bạn biết và hiểu thêm về Học tập Dự án, còn việc vận dụng và làm chủ các kiến thức này đòi hỏi sự thực hành và trau dồi không ngừng nghỉ từ chính bản thân bạn. Trân trọng,

Vietnam Chronicles Lewis Sorley, 2004 During the four years General Creighton W. Abrams was commander in Vietnam, he and his staff made more than 455 tape recordings of briefings and meetings. In 1994, with government approval, Lewis Sorley began transcribing and analyzing the tapes. Sorley's laborious, time-consuming effort has produced a picture of the senior U.S. commander in Vietnam and his associates working to prosecute a complex and challenging military campaign in an equally complex and difficult political context. The concept of the nature of the war and the way it was conducted changed during Abrams's command. The progressive buildup of U.S. forces was

reversed, and Abrams became responsible for turning the war back to the South Vietnamese. The edited transcriptions in this volume clearly reflect those changes in policy and strategy. They include briefings called the Weekly Intelligence Estimate Updates as well as meetings with such visitors as the secretary of defense, the chairman of the Joint Chiefs of Staff, and other high-ranking officials. In Vietnam Chronicles we see, for the first time, the difficult task that Creighton Abrams accomplished with tact and skill.

New Challenges and Solutions for Renewable Energy Paul Midford, Espen Moe, 2021-02-12 This book identifies second stage challenges and opportunities for expanding renewable energy into a mainstay of electricity generation that can replace fossil fuels and nuclear power, comparing Japan with several countries in East Asia and Northern Europe. Environmentally sustainable renewable energy technologies have now overtaken fossil fuel and nuclear technologies in terms of total global investment, and the costs of these technologies and related ones (e.g. storage batteries) are rapidly falling. Yet renewable energy use varies greatly from country to country. Major second stage obstacles to replacing fossil and nuclear-fueled electricity generation include the lack of electricity grid capacity and storage assets. Opportunities and solutions include expanding grids regionally and internationally, building flexible smart grids that offer better demand management, and policies that promote the expansion of storage assets, especially grid batteries and hydrogen. In addition, two key factors –

electricity market restructuring through unbundling transmission from electricity generating companies; and electricity market liberalization, especially for retail customers – allow consumers to choose power companies based not only on price, but also on method of generation, especially fossil or nuclear generation versus renewable energy.

Experiments with Marxism-Leninism in Cold War Southeast Asia Matthew Galway, Marc H. Oppen, 2022-09-21 One of the most contentious theatres of the global conflict between capitalism and communism was Southeast Asia. From the 1920s until the end of the Cold War, the region was racked by international and internal wars that claimed the lives of millions and fundamentally altered societies in the region for generations. Most of the 11 countries

that compose Southeast Asia were host to the development of sizable communist parties that actively (and sometimes violently) contested for political power. These parties were the object of fierce repression by European colonial powers, post-independence governments and the United States. Southeast Asia communist parties were also the object of a great deal of analysis both during and after these conflicts. This book brings together a host of expert scholars, many of whom are either Southeast Asia-based or from the countries under analysis, to present the most expansive and comprehensive study to date on ideological and practical experiments with Marxism-Leninism in Southeast Asia. The bulk of this edited volume presents the contents of these revolutionary ideologies on their own terms and their transformations in praxis by using primary source materials that are free of the preconceptions and distortions of counterinsurgent narratives. A unifying strength of this work is its focus on using primary sources in the original languages of the insurgents themselves.

Blackjack-34 (previously titled No Greater Love) James C.

Donahue, 2000-04-04 "Here we go, I said to myself as my system electrified with the familiar rush of adrenaline." On July 18, 1967, Staff Sergeant James Donahue and the men of Special Forces Detachment A-304 were on an operation; code-name Blackjack-34. Their mission: to find and engage an enemy battalion that was thought to be operating in an enemy-controlled area north of Quon Loi, Vietnam. Now Donahue bears witness to the horrific events of that day and the exceptional grit and heroism of his teammates. Blackjack-34 is a magnificent tribute to the warriors of the Mobile Guerrilla Force—their courage and willingness to press on, no matter what the odds.

Red Hills Andrew David Hardy, 2005 During the twentieth century, several million rural inhabitants of Vietnam's northern delta made the decision to move home, seeking new space for themselves in the country's highlands. Their decisions and the settlements they created had wide-ranging effects on their home communities and on the people and environment of their destinations. Many migrations were made in response to policy decisions made in Hanoi, first by the French colonial authorities and later by Vietnam's independent socialist states. This ground-breaking study of the settlements of Vietnam's highland regions offers a historical analysis of and provides profound insights into the political economy of migration both in Vietnam and elsewhere. the Vietnamese highlands, as settlers from the plains turned the hills 'red'. Placing people's experiences in the context of government policy and national history, this book explores their anticipations, difficulties, achievements and disappointments, high-lighting the geopolitical importance of the highlands. The study can be read as a contribution to migration studies in South-east Asia, but also as a grassroots history of 20th-century Vietnam. Written in a lively reading style and illustrated by numerous maps and photographs, this study promises to become a classic in Vietnamese historical studies.

When Heaven Fell Carolyn Marsden, 2014-09-23 A story of family and the legacy of war full of subtle details about life in contemporary Vietnam. . . . Binh's dreams will resonate with all young readers. -- KIRKUS REVIEWS (Ages

8-12) Every day nine-year-old Binh sells fruit and sodas to the girls whose families can afford to send them to school, and every night she returns to her one-room home to share a simple meal with her family. Everything changes, however, when her grandmother tells Binh she had a daughter during the war, a child who was sent away to America as a little girl. Now Di Hai -- Binh's aunt, a teacher -- is coming to visit, and Binh can't help but wonder what luxurious gifts she will bring. Yet when Di Hai arrives, there are so many confusing things about her: she's taller than the men, she's not married, and her presents are mere trinkets that could have come from Third Aunt's tourist shop! Still, Binh secretly hopes Di Hai will take her to live in America. Can her aunt live up to her expectations? Carolyn Marsden tells Binh's story with warmth and sensitivity as she ushers readers into the life and dreams of a young Vietnamese girl.
