Created in China Georges Haour, Max von Zedtwitz, 2016-01-14 Undisputedly, China has become the world's manufacturing powerhouse, accounting for around half of all personal computers, digital cameras and kitchen appliances. However, the country is fast transitioning from low-cost manufacturing to a higher-value, innovation-led economy, a critical transformation that is at the heart of this new title. Companies are the essential engines of the wealth-creation process,

Ask a Manager Alison Green, 2018-05-01 From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of

readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Tailspin Steven Brill,2019-04-02 In this revelatory narrative covering the years 1967 to 2017, Steven Brill gives us a stunningly cogent picture of the broken system at the heart of our society. He shows us how, over the last half century, America’s core values—meritocracy, innovation, due process, free speech, and even democracy itself—have somehow managed to power its decline into dysfunction. They have isolated our best and brightest, whose positions at the top have never been more secure or more remote. The result has been an erosion of responsibility and accountability, an epidemic of shortsightedness, an increasingly hollow economic and political center, and millions of Americans gripped by apathy and hopelessness. By examining the people and forces behind the rise of big-money lobbying, legal and financial engineering, the demise of private-sector unions, and a

hamstrung bureaucracy, Brill answers the question on everyone's mind: How did we end up this way? Finally, he introduces us to those working quietly and effectively to repair the damages. At once a diagnosis of our national ills, a history of their development, and a prescription for a brighter future, Tailspin is a work of riveting journalism—and a welcome antidote to political despair.
