The Spirit of the Hainault Len Taphouse, 2020-06-08 Angel had been to the cinema on his night off and was returning through the blackout to the hotel where he lived and worked as a chef. As he reached the end of his road, he found that the hotel and most of the houses had been bombed and razed to the ground. He immediately decided that he would volunteer for the services and get his own back on Hitler... Weeks later he joined the 4367 he asked someone, What's that big hook for? That's what we tow with, we are a tug you know. The lights that the Master had seen through the torrential rain were the lights of a pumping station and were only about half a mile in front of him. He made a hasty turn to port and unfortunately ran the ship up on to a ledge at the end of the wadi... By this time the wind and waves were pounding the vessel and some of her hatch covers had been swept away. As Taffy came round and opened his eyes, he said drearily, That's a helluva way to raise a sunken U-Boat. What's in the drums, he asked. Sodium metal, its stored in paraffin and when exposed to air, it burns with terrific heat and becomes explosive in contact with water... A few of the drums that had been dumped overboard caused underwater explosions that resembled depth charges. They began a 180degree turn to bring the storm over the stern. Part-way through the manoeuvre, the helmsman gave a high-pitched scream, as they looked over the starboard side. What they saw was what they only dreamt in nightmares. Less than 1000yards away was a giant wave at least 80ft high, with its crest hovering ready to engulf anything in its path.

The End Times Taphouse Tyler Roberts, 2023-07-05 The End Times Taphouse is intended for those concerned about the decline of our nation and the current events affecting us all. Christians will most certainly be intrigued by this tale, as will those wondering where God is during these times of our nation's moral crisis. The timeframe is the near future and the story addresses many of the current events unfolding in the world today. The colorful characters, humor, and realistic situations entertain and bring the book to life. Fiction readers who enjoy stories with dystopian twists will delight in this book's relatable storyline, which is based on current events. There are moments within the story involving faith in God, but this is not a story about religion.

Central Minnesota Beer Jacob Laxen, 2020-07-20 German immigrants settling in Central Minnesota in the early 1800s built a thriving brewing culture. While Prohibition destroyed these early beer empires--like the St. Cloud Brewing Company and New Munich's Pitzl Brewing--the Cold Spring Brewing Company survived various reincarnations and financial crises to brew continually at the same spot since 1874. In recent years, the craft beer boom added medals and new chapters to a saga that includes Prohibition brawls, a New Deal project, the famous Billy Beer, Elvira's personal brand and a multistate brewpub chain. The rise of taproom culture throughout the region has given new identities to St. Cloud, St. Joseph, Annandale, Big Lake and more. Beer writer Jacob Laxen presents this definitive take on the region's rich brewing history.

Crime in England J S Cockburn, 2020-09-10 This volume, first published in 1977, brings together eleven studies of crime and the administration of the criminal law in England during the early modern period. They represent a variety of approaches – legal, historical and sociological – to the study of historical crime. The initial essay in this study, which is written from a legal standpoint, is the first coordinated account of the structure of criminal law administration in this formative period. It is followed by investigations into the nature and incidence of crime, court appearance and punishment, separate studies of witchcraft, infanticide and poaching, and an account of conditions in eighteenth-century Newgate. This book will be of particular interest to students of criminology and history.

TILLY OF TAP HOUSE Satomi Tsuya, CAROL WOOD, 2021-04-01 Would it be wrong of me to wish to be special to you...? By day, Tilly works diligently at Doctor Tapper's medical clinic as his assistant, and cares for three orphaned children by night. Her busy life is interrupted one day, when Doctor Tapper's nephew Harry drops by. Harry is handsome and capable. As a doctor himself, he takes over the clinic when Doctor Tapper takes ill. His fancy, new-fangled ways don't sit well with the patients in the poor neighborhood. As Tilly works closely with Harry, she finds herself torn between tradition and innovation, effectivity and kindness...

Music in Twentieth-Century Oxford: New Directions Robin Darwall-Smith, Susan Wollenberg, 2023-04-18 The first book length study of musical education and culture in twentieth century Oxford. Music has always played a central role in the life of Oxford, both in the city and the university, whether through the great collegiate choral foundations, the many amateur choirs and instrumentalists, or the professional musicians regularly drawn to perform there. Oxford, with its collegiate system and its centuries-long tradition of musical activity, therefore presents a distinctive and multi-layered picture of the role of music in urban culture and university life. While college and university life dominate the volume, the collection also draws attention to the city's musical life, underlining music's unique ability to link 'town and gown'. Volume chapters tackle varied subjects such the Oxford Bach Choir, music in the city churches and the major choral foundations. The volume also tells the story of the development of the University's Music Faculty, music in the women's colleges, and the University Opera Club. Special attention is given to prominent Oxford composers, including Edmund Rubbra, Kenneth Leighton and Robert Saxton. The University College Musical Society and the Oxford and Cambridge Musical Club, which served as a kind of laboratory for such significant figures as Ralph Vaughan Williams and Walford Davies, also feature prominently. The volume will be indispensable reading for scholars and students of music in twentieth-century Britain, as well as those interested more generally in the history of Oxford's thriving cultural life in the university, its colleges and the city.
