*Love Forever Lost* Robert Wheeler,2000-08 An intriguing story with perplexing twists of a love forever lost.

*Same Same* Peter Mendelsund,2019-02-05 In the shifting sands of the desert, near an unnamed metropolis, there is an institute where various fellows come to undertake projects of great significance. But when our sort-of hero, Percy Frobisher, arrives, surrounded by the simulated environment of the glass-enclosed dome of the Institute, his mind goes completely blank. When he spills something on his uniform—a major faux pas—he learns about a mysterious shop where you can take something, utter the command “same same,” and receive a replica even better than the original. Imagining a world in which simulacra have as much value as the real—so much so that any distinction between the two vanishes, and even language seeks to reproduce meaning through ever more degraded copies of itself—Peter Mendelsund has crafted a deeply unsettling novel about what it means to exist and to create . . . and a future that may not be far off.

*The Wonderful Starberries* Eleanor Coombe,2011-10-21 Blaize has lost his magical guitar, and someone is playing terrible tunes with it and mesmerising everyone on Faraway Island! Astara sets a quest for the fairies to make a new guitar to restore peace to the island. Can the fairies find the rare and special materials they need?

**Growing Up Delicious** Marianne Banks, 2012-01-01 Jennifer Andersen had a lot of reasons to leave Delicious, not the least of which was her attempt to drown her former sweetheart's father—the town preacher—in the baptismal font. Away from the poisonous fruits of her birthplace, Jennifer finds peace, a good woman and, for decades, a happy life. Until the phone call. Now Jennifer is on her way back to Delicious where her old foes wait for her save one: her mother. Hard enough to confront her mother's inexplicable suicide, but there's also her sister's rampant heterosexuality, the preacher's unmitigated hatred and a town that has more reason than ever to look down on the Andersen name. Jennifer, and Delicious, may have the final word at an unforgettable funeral as full of surprises as Delicious is full of secrets. In a debut novel full of sharp observation and kind wit, Marianne Banks tells the story of a small town survivor in one of the most inventive and insightful novels of the year. This is a Bella Attitude novel.

**The Curse of the Poltergoose** Michael Lawrence, 2011-01-20 Something's after Jiggy McCue! Something big and angry and invisible. Something which hisses and flaps and stabs his bum and generally makes his life a misery. Where did it come from? Jiggy calls in his best pals, Pete and Angie, and together the Three Musketeers - one for all and all for lunch! - set out to send the poltergoose back where it belongs.

**Junior Ray** John Pritchard, 2008-07-01 This provocative novel takes the reader on a wild ride inside the mind of a Mississippi Delta good-old-boy ex-deputy sheriff who is as vicious and racist as the worst 1950s-'60s stereotypes. Junior Ray Loveblood

narrates the story in his own profane, colloquial voice, telling why he hates just about everybody and why he wants to shoot Leland Shaw, a shell-shocked World War II hero and poet who is hiding in a silo from what he believes are German patrols. Through a series of sleights of hand, misdirections, and near misses, Junior Ray and his sidekick Voyd give a dark tour of the Delta country as they chase their mysterious prey. Junior Ray's thoughts are peppered with excerpts from Shaw's notebooks - sometimes starkly different from Junior Ray's diatribe, sometimes eerily similar—and by the end of the story, it is up to the reader to sort out whose reality is more fantastic, Shaw's or Loveblood's, as the one stalks the other through the pages of this highly original and darkly comedic story.

*Gwenpool schlägt zurück* Christopher Hastings, 2020-06-30  
 Gwenpool hat sich mühsam ihren Platz im Marvel-Kosmos erkämpft. Nun fürchtet sie, dass ihre Serie eingestellt wird, falls ihr nicht ein Paukenschlag gelingt. Und was lockt mehr Leser an, als Spider-Man zu demaskieren? Vielleicht erhält Gwen ja die proportionalen Kräfte einer Spinne, falls Spidey sie beißt. Oder ist es besser, die Ehe von Sue und Reed Richards zu zerstören? Die chaotische Comic-Verrückte, die selbst zur Comic-Figur wurde, ist zurück. Und sie tut alles dafür, dass es so bleibt. Wird sie es

schaffen oder für immer aus unserem Blickfeld verschwinden?

Smell a triceratops. Meet knights, wizards, pirates, flatulent whales and so many others in this eccentric book of drawings and poems for the child in all of us. Over sixty fully illustrated poems to read again and again. Fans of Shel Silverstein and Jack Prelutsky will enjoy this book.

*The Coast of Akron* Adrienne Miller, 2006-05-16 At last, The Coast of Akron! Adrienne Miller is one of the wittiest and most humane writers we have, bringing to mind at once Dorothy Parker, Mary McCarthy, and M.F.K. Fisher. -Dave Eggers Adrienne Miller, in her dazzlingly ambitious and hilarious first novel, introduces us to the unforgettable Haven family of Akron, Ohio. This is not your typical Midwestern family, and Lowell Haven is a most unusual patriarch. He's a seducer, a wannabe aristocrat, a liar. Jenny, his former wife, was a brilliant artist, but is today a broken woman with a secret. In the thirty years since Lowell and Jenny met, Lowell has become a world-famous artist, known for portraits of his favorite subject-himself. But five years ago, Lowell mysteriously stopped painting and the world now demands to know: Why has

Lowell Haven abandoned his art? The answer is Merit, Lowell and Jenny's daughter, who is running as fast as she can from her family. Fergus, Lowell's partner, Jenny's ex-best friend, and drama queen extraordinaire, dreams of luring Merit home: the sixty-five-room faux-Tudor mansion where he lives with Lowell. A lavish party for the Midwestern glitterati is the perfect excuse. But his delusions of grandeur loom over the gathering, and his decision to include a certain guest invites disaster. Stretching from mid-seventies London to the present-day Midwest, *The Coast of Akron* is a sharply funny and deeply heartbreaking story about the all-too-human urge to own what is unownable.

Flight from Deathrow Harry Hill, 2008-09-04 What happens when you are sharing a flat with Prince Edward and twenty pygmies? When an artificial-foot freedom fighter throws a British-made foot at the Chairman of the Communist Party of China and is then bundled off to a Mobile Prison made by the Ford Motor Company? Just what is Jonathan Aitken's Divas of Rock Show? Will Dong Xiao Ping make it to Tower Records to buy the latest Status Quo album? What of The Lady Di Chinese Restaurant in Walthamstow which specialises in radishes carved in the shape of British Prime Ministers? Will Andrew Lloyd Webber complete his new musical 'Dog Breeder'? Will Willie Whitelaw marry his parrot? Will our hero make that engagement at the Gonk factory in Leeds? As a stand-up comedian, Harry Hill is the equal of Eddie Izzard, Rich Hall and Frank Skinner. Performing bareback for the first time, the self-styled debonaire dachshund now makes his fiction debut.

Tinhead City, KL Stuart Danker, 2021-08-11 In this dystopian KL, a faceless corporation manages the city and hope is as toxic as the air. When he accidentally kills two of the cyborgs, Zach is forced to join an elite rebel faction whose methods are more than questionable. Soon he is sent back into the fray of KL—but this

time he is a wanted man.

**Precipitation Partitioning by Vegetation** John T. Van Stan, II, Ethan Gutmann, Jan Friesen, 2020-01-01 This book presents research on precipitation partitioning processes in vegetated ecosystems, putting them into a global context. It describes the processes by which meteoric water comes into contact with the vegetation's canopy, typically the first surface contact of precipitation on land. It also discusses how precipitation partitioning by vegetation impacts the amount, patterning, and chemistry of water reaching the surface, as well as the amount and timing of evaporative return to the atmosphere. Although this process has been extensively studied, this is the first review of the global literature on the partitioning of precipitation by forests, shrubs, crops, grasslands and other less-studied plant types. The authors offer global contextualization combined with a detailed discussion of the impacts for the climate and terrestrial ecohydrological systems. As such, this comprehensive overview is a valuable reference tool for a wide range of specialists and students in the fields of geoscience and the environment.
