**Marsha Serling Goldberg, Sonia Feldman**

**What Teachers Make** Taylor Mali, 2013-09-03 In praise of the greatest job in the world... The right book at the right time: an impassioned defense of teachers and why we need them now more than ever. Teacher turned teacher's advocate Taylor Mali inspired millions with his original poem "What Teachers Make," a passionate and unforgettable response to a rich man at a dinner party who sneeringly asked him what teachers make. Mali's sharp, funny, perceptive look at life in the classroom pays tribute to the joys of teaching...and explains why teachers are so vital to our society. **What Teachers Make** is a book that will be treasured and shared by every teacher in America—and everybody who's ever loved or learned from one.

**Those who Can-- Teach!** Lorraine Glennon, Mary Mohler, 1999 Many successful people can point to a single teacher whose talent and dedication made a crucial difference in their lives. Sometimes former students clearly recall a teacher's casually brilliant remark that produced an instant aha! response; sometimes they are affected by a teacher's passionate devotion to professional duty. The methods of a great teacher are as varied and distinctive as teachers themselves, but the result - inspired teaching - is a gift enjoyed for a lifetime. **Those Who Can . . . Teach** brings together personal reminiscences about gifted educators from a wide array of contributors, including writers, entertainers, business leaders, religious figures, politicians - and of course teachers themselves. Some are humorous, others

irreverent, others sweet, still others passionately polemical. Based on interviews conducted by the editors, the book includes many excerpts culled from literature, personal letters, and film.

**Never Trust a Teacher–Fight to Make Things Right**  
Susan Fay Ryan,2017-11-08 This book is dedicated to good teachers everywhere. Human nature dictates that from time to time, even the best of teachers may make mistakes. When they are made aware of such aberrations, good teachers will recognize and repair them. They will, at a moments notice, set things right with their students. Bad teachers will refuse to acknowledge blunders and will engage in cover ups. Parents and caregivers need to be mindful that they may run into bad teachers anywhere, in any time period, who may be guilty of the same sins. Of necessity then, in defense of their children, parents and caregivers must be the watch dogs, the whistle blowers, and the prime movers for bringing about meaningful change. In her book, Battle Hymn of the Tiger Mother, Amy Chua has set forth seven driving principals by which she governed her children. Her fifth rule is ... (5) if your child ever disagrees with a teacher or coach, you must always take the side of the teacher or coach; ... [Chua A. (2011). New York, NY: PENGUIN BOOKS, P. 5.] My advice states the contrary, and I offer convincing, concrete examples as to why you should Never Trust a Teacher! Remember to FLIP the book over to find Twenty--Two Timeless Tips to Trump the System.

Before being critical of teachers, parents must prepare their children to be ideal students when they arrive at school. In this supplement to the larger book, I offer fundamental guidelines for parents and caregivers as they begin their childrearing years and gradually ease their children into the world of public school, always remembering that Literacy and Love Go Hand in Hand.

Ordinary Children, Extraordinary Teachers Marva Collins, 1992-09-01 Marva Collins embodies all that is meant by that hallowed word. . . teacher. She gives of herself tirelessly so that those whose minds are supple may grasp knowledge and power through her love. Indeed love, like that of a mother for her children, is the essence of the Marva Collins Way. . . love of learning, love of teaching, and love of sharing. It charges her mission with an incredible power to heal broken spirits. Discover the power to truly teach, whether it be one child or many. Children don't have to be geniuses to be successful. By the power of the extraordinary teacher, each and everyone can achieve extraordinary success. You can be that teacher or parent. In this book, Marva Collins reveals the secret of her success and the principles which will aid you to duplicate her achievements - first within yourself, then within your classroom or in your own home. Here is an opportunity to expand your teaching ability with the aid of one who has stretched the boundary through her own bold experiments. It works. Go for it. Renew your spirit. The Extraordinary teacher is you.

Teachers Bored Teachers, 2017-09-19 Written for teachers by teachers, *Teachers* is an insider's view of a day in the life of an educator that will have you laughing out loud every time.

*Teacher to Teacher* Eleanor Ruth Duckworth, 1997-08-22 Thirteen teachers join with renowned educator Eleanor Duckworth in this engaging account of a year-long project in which they learned from each other to become better teachers. *Teacher to Teacher* will have wide appeal to teachers at all levels since it deals with issues that concern day-to-day life. Here, teachers talk with one another about their students: Kevin is by far the brightest student in the class. Not only does he refuse to do any work, he attempts to disrupt other people and gain attention. Here, too, they share stories about themselves, like Elissa, who chose to tell her class that she is diagnosed with a life-threatening disease. And, just as important, they share triumphs, like that of a teacher's extraordinary success with boys serving time in a correctional institute. A striking presentation of teachers' thinking about central current issues, this book will enrich everyone's understanding of what it means to be a teacher.

*The Conscious Teacher* Deborah Nichols Poulos, 2020-01-13 *The Conscious Teacher* is about all kinds of strategies and techniques educators might employ to become more effective teachers. In an accessible, conversational style, Deborah Nichols Poulos presents unique approaches to teaching that will inspire new and veteran teachers alike. She begins with her personal story

of not being able to read all through elementary school. Her early failures convinced her she was dumb. At first, she struggled, but when she still failed, she adopted an avoidance strategy that served her well until junior high. An experience in the seventh grade flipped a switch and started her on a journey to becoming an outstanding student and, later, to applying the lessons she learned as a child to her own teaching. What makes The Conscious Teacher unique are the inspirational lessons that are unlike what most teachers get in their teacher-education courses or student teaching. Ms. Nichols Poulos points out, for example, that from the very first day, it is important that students learn they will be treated with dignity and respect no matter what. And especially helpful are the steps Ms. Nichols Poulos employs to set up a behavior management plan that works. She explains the strategic steps she takes before school starts—how essential it is to get to know each student before they walk into class on that first day. She also illustrates how setting up classroom routines helps students know what to expect and how to make the best use of every minute. And she emphasizes the importance of the parent-student-teacher team and includes many examples of how to communicate with—and involve—parents, even those who may be difficult. Foundational to her program are reading and writing. Among other things, she lays out the steps for students—even as early as fourth grade—to write five paragraph essays and their own student-authored books, and to research and write reports that include bibliographies. When she

differentiated curriculum to support all students' needs, she found their learning accelerated. All teachers will appreciate her ideas about how to teach the basics of math, as well as advanced math concepts. And her ideas for teaching the arts are inspirational, as she describes in detail how her fourth graders performed Shakespeare's Hamlet, Macbeth, King Lear, Julius Caesar, and A Midsummer Night's Dream. She also shows how to integrate social studies with literature and writing. Her experiences taught her that young students are much more capable than many people realize. The Conscious Teacher is an indispensable guide for all new teachers. Many of the ideas Ms. Nichols Poulos provides will also be an eye-opener for parents and experienced teachers as well. The Conscious Teacher is simply a must have for anyone truly interested in giving young children a positive and solid foundation for their later schooling.

*Teachers with Class* Marsha Serling

Goldberg, Sonia Feldman, 2013-02-05 Teachers with Class celebrates teachers and the art of good teaching. Almost everyone has had a special teacher at some point-one who saw potential where others did not, one who made ideas come alive, one who taught more than what was in the textbook. In Teachers with Class, 30 famous and not-so-famous people thank their favorite teachers with essays that praise the difference a good teacher makes. James Earl Jones honors the high school English teacher who helped him overcome his stutter and learn to speak comfortably out loud. An architect recalls a teacher's belief in the unlikely

student. Three-time Pulitzer Prize-winner, Thomas Friedman, remembers the teacher who inspired his career in journalism by imparting lessons that are relevant today. One man tells of the math teacher whose patience and guidance gave him the confidence to succeed as a physician and researcher. These stories will spark memories about the special teachers in your own life. To say thank you, use the list of grants and awards for teachers featured in the book to nominate a teacher who made a positive impact on your life. A portion of the proceeds from *Teachers with Class* will go to the National Education Association (NEA) Foundation.

*Teachers Touch Tomorrow* Jane-Elyse Pryor, Todd Hafer, 2008-04 Millions of teachers shape the world one day, one lesson, and one student at a time. Full of anecdotes, inspiring words, and captivating full-colour photographs, 'Teachers Touch Tomorrow' is a beautiful keepsake to honour this noble profession. A ribbon marker tucks between the pages so teachers can mark favourite words of appreciation and encouragement, reminding them how much they mean to their students, now and forever.

For the Love of Teachers Todd Whitaker, 2013-05-07 For the Love of Teachers is a tribute to those who possess the remarkable ability to exercise patience and understanding and to offer guidance along an unfamiliar path. The influence these dedicated teachers have is reflected in many of the goals their students set and achieve every day; whether learning to tie their shoes, memorizing multiplication tables, or

excelling on the SATs—all basic steps which are vital to their growth and self-esteem. For this reason, among many others, the importance of these positive role models in our children's lives, as well as our own, can't be stressed enough. For the Love of Teachers is the ideal way to express the admiration and appreciation we share for them. The reasons why someone chooses to teach isn't always clear, but what many teachers have in common is the desire to make a difference in the lives of others—a task that can be bittersweet. For the Love of Teachers is filled with inspiring stories that do just that. Some are warm, humorous, and heartfelt, while others illustrate difficult or unexpected situations with the lessons learned along the way. Readers will identify with many of the students who recall that special teacher who challenged them to find their hidden talent, motivated them to push a little harder, or to simply surpass their own expectations. For the Love of Teachers is a special way of saying thanks to all the teachers who've sacrificed their time to better the lives of others.

Touching Eternity Tom Barone, 2001 touching eternity explores how teachers can make a long-term impact on the lives of their students. Written in an accessible narrative style, this case study of one high school art teacher and his former students invites readers to engage in fundamental and essential issues in teaching as well as in educational research. Rather than drawing conclusions, this book is uniquely designed to raise questions about the consequences of teaching and learning. “An extraordinary

accomplishment. I know of no other book like it in the field of education. Its pages reflect Dewey's observation that one of the greatest of educational fallacies is that the student learns only what he or she is being taught at the time.... This book breaks new ground." –Elliot W. Eisner, Lee Jacks Professor of Education and Professor of Art, Stanford University "The strength of this masterfully written book lies in its determinate inconclusiveness. It leaves many questions hauntingly unanswered so that they continue to gnaw at the reader long after the book has been put down...Barone skillfully encourages teachers to debate these questions and interrogate these themes. touching eternity is a book that demands our attention." –Peter McLaren, Graduate School of Education and Information Studies, UCLA, and author of Che Guevara, Paulo Freire, and the Pedagogy of Revolution "Now more than ever, we need a book that shows us the subtle but long-term effects of a teacher who tells students, 'Follow your heart.'" –Susan Ohanian, author of Caught in the Middle: Nonstandard Kids and a Killing Curriculum
