Tender Assault Anne Mather,2014-09-01 Heart of paradise... India had been thirteen when Nathan Kittrick was banished from Pelican Island. Now, shrouded in scandal, he'd come home, heir to his father's multimillion-dollar holiday resort—a man determined to claim what was rightfully his. Nathan's return brought back bitter memories, and India greeted him with angry accusations of the past. And this time he had to listen, because she was no longer a child, nor his faithful shadow. In fact, India had been managing the luxury hotel since his father's death, India was also a woman determined not to let her former trust for this man be rekindled. But she hadn't expected Nathan's assault on her senses to be quite so tender. And she hadn't expected her desire for him to be quite so strong...

An Enchanted Place Jonathan Stedall,2021-04-14 The Hundred Acre Wood in the Ashdown Forest, Sussex, is under attack from a new road, but an unlikely group, inspired unconsciously by Winnie the Pooh, fights back as true NIMBYs. Touches lightly on the themes of life, death, nature, the human spirit and meaning.

The Astrological Dynamics of the Universe Demian Allan,2012-10-26 The Astrological dynamics of the Universe looks at how the astrological cycles of planets in signs have has a major impact on the Western World since the period of 1970 to 2020. Relating how particular planetary cycles in the last forty years have changed our society can give us an indicator of what to expect and how we will respond over the next eight years. The book includes the natal charts of the UK and the USA with an explanation and predictions. There is also a chapter on how each of the twelve zodiac signs can survive and get the best from the next eight years. The book also looks at aspects, houses and historical and cultural reference points from the past to the present. The book is designed for astrologers and anyone who has a little astrological knowledge can pick up this book. The ethos of the book is to show how astrology works as a collective unconsciousness tool that has a direct bearing on humanity as a whole. The idea for the book came from my regular astrology column in the 'Watkins Review – Mind Body Spirit' magazine which has developed quite a cult following with positive feedback.

Alchemy Clare Martin,2021-02-05 An alchemical approach seeks to release the latent potential which resides within the individual and within the cosmos. There was never any question that the work of the alchemists depended upon a knowledge of the planets and their cycles, since alchemical transformations could only be successful if carried out at the astrologically appropriate times. This book has been steadily fermenting and evolving for over twenty-five years, and as such it represents a true alchemical process. It has gone from being an idea to a passion, and then a project and now it is a fully-fledged book. Learn firstly about the mystical process of alchemy, and then discover how it deepens our understanding of the transits of the outer planets to the natal chart. A fascinating book that deserves a place in every astrologer's library. Clare Martin has an MA in Integrative Psychotherapy and has been a practising astrologer and teacher since 1990, working in London for the Faculty of Astrological Studies, of which she was President for nine years, and at the Centre for Psychological Astrology. Her personal approach to astrological interpretation is fundamentally Jungian, and evolved during a long period of studying with a variety of teachers in the western mystery traditions. Clare now lives in Dorset, where she continues her writing and consultancy work and is a tutor on the Mercury Internet School of Psychological Astrology.
