Humanismo, tecnologías e innovación Agudelo, Diego, 2018-12-14 Cada uno de los trabajos que se presentan en este texto académico representan un aporte desde sus perspectivas de análisis, sus disciplinas o la interdisciplinariedad y transdisciplinariedad. Una provocación para algunos. Para otros, una aclaración necesaria, e incluso están quienes desean problematizar y dejar preguntas al lector para que el diálogo continúe, lo que significa que se tiene una postura que nunca será neutral pero que sí parte de reconocer que estamos en una sociedad dominada por el trabajador ilustrado e incluso podemos decir, por ese ciudadano ilustrado; recordemos que la expresión es la equivalencia en la filosofía de la ilustración. Es ese ciudadano conectado con el mundo y, en cierto modo, capaz de interactuar con el mundo mediante las herramientas de conectividad, como Google.

British Nautical Melodramas, 1820-1850 Arnold Schmidt, 2022-07-30 During the 1820s and 30s nautical melodramas reigned supreme on London stages, entertaining the mariners and maritime workers who comprised a large part of the audience for small theatres. These plays mixed sentimental moments and comic interludes of domestic melodrama with patriotic images that communicated and reinforced imperial themes. However, generally the study of British theatre history moves from medieval and renaissance plays directly to the realism and naturalism of late Victorian and modern drama. Readers typically encounter a gap between Restoration and eighteenth-century plays like those of Oliver Goldsmith and Richard Brinsley Sheridan, and late-nineteenth plays by Henrik Ibsen and Oscar Wilde. Nineteenth-century drama, with the possible exception of plays by Byron, Shelley, and Wordsworth, remains all but invisible. Until recently, melodramatic plays written and performed during this gap received little scholarly attention, but their value as reflections of Britain's promulgation of imperial ideology — and its role in constructing and maintaining class, gender, and racial identities — have given discussions of melodrama force and momentum. The plays included in these three volumes have never appeared in a critical anthology and most have not been republished since their original nineteenth-century editions. Each play is transcribed from original documents and includes an author biography, a headnote about the play itself, full annotations with brief definitions of unfamiliar vocabulary, and explanatory notes. Comprehensive editorial apparatus details the nineteenth-century imperial, naval, political, and social history relevant to the plays' nautical themes, as well as discussing nineteenth-century theatre history, melodrama generally, and the nautical melodrama in particular. Contemporary theatre practices — acting, audiences, staging, lighting, special effects — are also examined. An extensive bibliography of primary and secondary texts; a complete index; and contemporary images of the actors, theatres, stage sets, playbills, costumes, and locales have been compiled to aid study further.

Tracing Time Craig Childs, 2022-04-19 An engaging glimpse into a world both fascinating and fundamentally unknowable to those who aren't born into it. —R. E. BURRILLO, author of *Behind the Bears Ears* Craig Childs bears witness to rock art of the Colorado Plateau—bighorn sheep pecked behind boulders, tiny spirals in stone, human figures with upraised arms shifting with the desert light, each one a portal to the open mouth of time. With a spirit of generosity, humility, and love of the arid, intricate landscapes of the desert Southwest, Childs sets these ancient communications in context, inviting readers to look and listen deeply.

When a Goddess Dies Orianne Aymard, 2014-05-01 Ma Anandamayi is generally regarded as the most important Hindu woman saint of the twentieth century. Venerated alternately as a guru and as an incarnation of God on earth, Ma had hundreds of thousands of devotees. Through the creation of a religious movement and a vast network of ashrams-unprecedented for a woman-Ma presented herself as an authority figure in a society where female gurus were not often recognized. Because of her widespread influence, Ma is one of the rare Hindu saints whose cult has outlived her. Today, her tomb is a place of veneration for those who knew her as well as new generations of her followers. By performing extensive fieldwork among Ma's current devotees, Orianne Aymard examines what happens to a cult after the death of its leader. Does it decline, stagnate, or grow? Or is it rather transformed into something else entirely? Aymard's work sheds new light not only on Hindu sainthood-and particularly female Hindu sainthood-but on the nature of charismatic religious leadership and devotion.
