Aberration in the Heartland of the Real Wendy S. Painting,2016-04-19 Presenting startling new biographical details about Timothy McVeigh and exposing stark contradictions and errors contained in previous depictions of the All-American Terrorist, this book traces McVeigh's life from childhood to the Army, throughout the plot to bomb the Alfred P. Murrah Federal Building and the period after his 1995 arrest until his 2001 execution. McVeigh's life, as Dr. Wendy Painting describes it, offers a backdrop for her discussion of not only several intimate and previously unknown details about him, but a number of episodes and circumstances in American History as well. In *Aberration in the Heartland*, Painting explores Cold War popular culture, all-American apocalyptic fervor, organized racism, contentious politics, militarism, warfare, conspiracy theories, bioethical controversies, mind control, the media's construction of villains and demons, and institutional secrecy and cover-ups. All these stories are examined, compared, and tested in *Aberration in the Heartland of the Real*, making this book a much closer examination into the personality and life of Timothy McVeigh than has been provided by any other biographical work about him

Retracing the Iron Curtain: A 3,000-Mile Journey Through the End and Afterlife of the Cold War Timothy Phillips,2023-03-07 Across 3,000 miles and over eight decades, this epic new people's history of the Cold War makes eye-opening sense of a defining 20th-century conflict—and how it continues to shape our world today. Initially a victory line where Allies met at the end of World War Two, the Iron Curtain quickly became the front of a new kind of war. It divided Europe from north to south for a staggering forty-five years. Crossing it in either direction was always a political act; in many cases, it was a crime to even talk about doing so. New generations have grown up since these borders came down, freed from the restrictions of the Cold War era. But what has the Iron Curtain left in its wake? Timothy Phillips travels its full 3,000-mile route—from inside the Arctic Circle to where Armenia meets Azerbaijan and Turkey—to craft this epic new people's history of a defining 20th-century conflict. Here, in the borderlands where a powerful clash of civilizations took form in concrete and barbed wire, he uncovers the remarkable stories of everyday people forever imprinted by life in the Curtain's long shadow. Some look back on the era with nostalgia, even affection, while others despise it, unable to forgive the decades of hardship their families and nations endured. A director recalls the astonishing night his movie premiered in East Germany—November 9, 1989, the very night the Berlin Wall fell. And a railroad worker recounts the 1951 hijacking of a passenger train from Czechoslovakia that breached the Curtain, granting those aboard immediate asylum in the West. These narratives, by turns harrowing and heartening, paint a vivid portrait of the new Europe that emerged from the ruins. Phillips reveals the Iron Curtain's profound impact on our world today—even as he punctures the fault lines we draw. Publisher's note: This book was published in the UK under the title *The Curtain and the Wall*.

The Case for Koine Timothy Carter,2014-05-01 Why KOINE? In the fullness of time, God fulfilled His promise to send His Son. What made two thousand years ago the right time? The KOINE Greek Language! God's perfect design was to use KOINE Greek when it was the COMMON language of the world so that every nation could understand the Right-announcement. More than that, KOINE is such a precise language, that when studied, one finds, like knowledge the OT Hebrew, no need to be bound by the endless false dilemmas, empty arguments, and vain philosophies found among those that refuse any exodus from their Egyptianity into true Christianity. KOINE facilitates our desire to come out and be separated from them. In a culture dominated by conversational ecumenism-It speaks Calvin or Arminius: it's a virtual language of Ashdod- KOINE stands forever to equip God's out-called people to remain peculiar, uniquely His, in words and practice: To speak the language spoken by the martyrs throughout all the durations. KOINE will teach you the value of your New Testament in the original language; empower you to meet your responsibility to do your own word studies, in order that you might know exactly what God intended to communicate to you and others; and finally, demonstrate to you that the True and Living God did not leave you as an orphan, dependent upon the theological traditions, customs, creeds, and confessions of unnatural parentage. Small Cracks Timothy L. Trull,2015-07-20 Captain Mark Frazier, Commander of A Company, 3rd Special Forces Detachment, was forward deployed in Afghanistan with a group of Afghanistan locals. He had become one of them over the last year, which was evident from his full beard and full man dress. However, he has become addicted to Opium, and has to go home and face a terrorist threat and, even worse, face his family he has neglected and let down. Officer Brad Owens is an African American Police Officer in Fayetteville, NC who is confused after all the press regarding Police Officers being racist against black people. He tries not to pull people over in this town because most of the population is African American in the area he works, but sometimes he has reasonable suspicion to believe something is wrong. Through his knowledge of Police Work, he helps to thwart one of the largest terrorist attacks ever planned on American soil. While working night shift one night, Officer Owens manages to break up the building of a planned nuclear device through the use of reasonable suspicion.

Dionysus Refined Timothy Chase,2022-07-14 What is the meaning of life? Jenny and Craig Chaise, along with a close friend, Debbie-Sue, own a candle and wine company, Dionysus Refined, creating a candle line that is unique to their business. Craig is a police officer. The couple and close friends involve themselves in the world of horse show competition as a way to enhance their social status and network their company. Growth and introduction of businesspeople with intentions creates tension. Marital problems, infidelity, career change meeting and developing relationships, death, upper-class individuals with differing rules and inhibitions with the ability to change the direction of the lives of people, like products creates a rift. The world of art is introduced. Craig Chaise finds himself digging into the depths of himself while standing firm in the belief in the power of the individual amid life's changes. Dionysus Refined is a novel that discusses many life and death topics along with business and its process. Maturation and truths they face even when it hurts have

questions. What happens to the Chaises' sense of well-being and security when someone takes it away? What motivates self more than love and work while realizing failure and striving for meaning? Dionysus Refined is a novel about imperfect refinement and why it is important to believe in your best self.

Far Country Timothy Kenny (Journalist),2015 Literary Nonfiction. Middle Eastern Studies. Memoir. Journalism. Here is a memoir of a foreign correspondent in some of the hard parts of the world who remained open to the human stories around him. Praise for FAR COUNTRY: STORIES FROM ABROAD AND OTHER PLACES: Timothy Kenny's Far Country moves from Kabul to Detroit, Azerbaijan to Kosovo, and the connecting thread is not the obvious adventure but human relationships. Each essay is a story we fall into, story after story connected through relationship and observation, from darkness to the next darkness. Kenny's essays are not just reports from the front but a fascinating set of hard-won observations on any front, any complex of situations, that any of us might encounter.--Trish Harris, editor Pea River Journal It is easy to get caught up in Tim Kenny's rich stories about Afghanistan, Bosnia, Kosovo, the U.S., and elsewhere. Behind every story about his experiences are drive and perseverance--often exhibited during turbulent times in foreign lands--that give substance to the stories.—Adnan Mahmutovic, Co-editor, Two-Thirds North, Stockholm, Sweden

Films of Arab Loutfi and Heiny Srour Terri Ginsberg,2021-11-15 This book places long overdue focus on the Palestine solidarity films of two important Arab women directors whose cinematic works have never received due attention within the scholarly literature or the cultural public sphere. Through an analysis that situates these largely overlooked films within the matrix of an anti-Zionist critique of cinematic ontology, this book offers a materialist feminist appreciation of their political aesthetics while critiquing the ideological enabling conditions of their academic absenting. The study of these daring films fosters a much-needed, sustained understanding of the meaning and significance of Palestine solidarity filmmaking for and within the Arab world.
