Titan Inc Paul Omeziri,2005-09-01 The story unfolds in the near future. The daughter of Marcus Harris, a billionaire, is murdered. Harris learns about the work of scientists who have developed a method for predicting human behaviour. Harris is inspired by the idea that there could be a future where his daughters murder could have been predicted and prevented. He decides he wants to make that future a reality. He creates a shadow company called Titan Inc to carry out his plans. Titan Inc discovers the existence of a secret government super-predictor, able to predict the actions of many individuals together. They use the predictor to gain information in an attempt to overthrow the United States government. What follows is a frightening disorder that flows naturally from their attempts to impose their new world order.

Titan #1: Taking Wing Michael A. Martin,Andy Mangels,2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Titan: Fortune of War David Mack,2017-11-28 An original spin-off novel set in the popular Star Trek: The Next Generation universe from New York Times bestselling author David Mack. Death slumbers in the ashes of silent planets, waiting to be awakened and unleashed... Twenty years have passed since the interstellar scourge known as the Husnock were exterminated without warning by a being with godlike abilities. Left behind, intact but abandoned, their desolate worlds and derelict ships brim with destructive potential. Now a discovery by a Federation cultural research team has drawn the attention of several

ruthless factions. From black market smugglers to alien military forces, it seems every belligerent power in the quadrant hopes to capture the Husnock's lethal technology. All that stands between the galaxy and those who have come to plunder the cruelest secrets of the Husnock are Admiral William Riker, Captain Christine Vale, and the crew of the Starship Titan. Bribery and Extortion Alexandra Addison Wrage, 2007-09-30 Bribery plays a significant role in international criminal activity. Terrorists pay bribes. Money-launderers pay bribes. Those who traffic in people, narcotics, and illegal arms pay bribes. People pay immigration officers not to ask, customs officials not to inspect, and police officers not to investigate. Bribes follow patterns that are not at all mysterious to the officials, salesmen, and citizens who seek them and pay them. Using a series of international cases, Wrage examines bribery, peeling back the mystique and ambiguity and exposing the very simple transactions that lie beneath. She shows how these seemingly everyday transactions can affect security, democratization, and human aid. Examples from around the world help to illustrate the nature of the problem and efforts at combating it. Bribery plays a significant role in international criminal activity. Terrorists pay bribes. Money-launderers pay bribes. Those who traffic in people, narcotics, and illegal arms pay bribes. People pay immigration officers not to ask, customs officials not to inspect, and police officers not to investigate. At corporate headquarters in the United States, it can be easy to dismiss modest bribes in distant countries as an unfortunate cost of doing business. Bribes follow patterns that are not at all mysterious to the officials, salesmen, and citizens who seek them and pay them. Using a series of international cases, Wrage examines bribery, peeling back the mystique and ambiguity and exposing the very simple transactions that lie beneath. She shows how these seemingly everyday transactions can affect security, democratization, and human aid around the globe. Bribery and Extortion presents a clear picture of the world of bribery and the havoc it can wreak on whole populations. Wrage covers commercial bribery, administrative and service-based bribery, and extortion. She considers bribery and extortion at both high levels of government and lower levels on the street. Examples from around the world help to illustrate the nature of the problem and efforts at combating it. The book concludes with practical suggestions and an assessment of current efforts to stem the tide of bribery and restore transparency to everyday transactions in all realms.

ACCA Paper P6 Advanced Taxation FA2008 Practice and Revision Kit BPP Learning Media, 2010-01-01 The Association of Chartered Certified Accountants (ACCA) is the global body for professional accountants. With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. BPP Learning Media is an ACCA Official Publisher. Paper P6, Advanced Taxation, requires you to extend the core tax knowledge that you learnt for Paper F6. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. The important point about this paper is that you need to develop your application skills. The best way to do this is to practise as many exam standard questions as possible. BPP Learning Media's P6 FA2008 Practice

and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips, advice on how to approach the question or advice on gaining easy marks. There is also a reference so that you know where the topics concerned are covered in the study text. BPP Learning Media is the publisher of choice for many ACCA students and tuition providers worldwide. Join them and plug into a world of expertise in ACCA exams.
