THE BAY AREA'S BROOKLYN BRIDGE Chris The Fifth, 2013-12-16 Question: What do you call a team of teenagers with the tendencies of modern mobsters? If you haven't a clue, the pages of *The Bay Area's Brooklyn Bridge* will enlighten you. In this fast-paced urban thriller you will witness four, flat broke, Brooklyn bandits rise from a damn shame... to champagne. After a successful heist, they catapult from boys to men in a matter of minutes. However, the marijuana they make off with belongs to a cartel of Jamaicans whose tentacles stretch from Jamaica to Brooklyn and abroad. But the stakes reach its apex when the conviction thirsty, head of the D.E.A.'s most fierce drug reconnaissance unit, "The Shadows", gets involved. See, when the young bandits knock off the marijuana stash it ruins Agent Anthony Anderson's 2 1/2 year investigation. Furious, Agent Anderson sets his sights on the young bandits instead of his primary target, the Jamaicans. Through a strange turn of events, it becomes obvious that Agent Anderson has ulterior motives. But why? Is he on the Jamaicans payroll? Are they friends? Business partners? In the process of all this treachery, the Jamaicans start kidnapping people, demanding what's rightfully theirs. After a couple action packed engagements, the boys are forced to flee their beloved Brooklyn and drop anchor in the heart of Oakland, California in a notorious neighborhood called, "The Murder Dubbs!" With the federal government in pursuit, a couple dead relatives left behind in Brooklyn and nothing to lose, The young bandits, once again, attempt to take what doesn't belong to them. Last time it was some marijuana, this time it is an entire marijuana market! But when they are met with heavy resistance, they realize their eyes may have been a bit too big for their stomachs and they may have bitten off more than they can swallow. So buckle up folks, grab your popcorn and put on your reading glasses, you're about to cross a bridge that spans from Brooklyn to the Bay area... "The Bay area's Brooklyn Bridge!"

Time Isn't Money Mike Kakihara, 2008-02-01 Do you feel like you are on a financial treadmill? Do you feel like it's impossible to get ahead? There once was a Midwest cyclist who had a dream to see the sunrise while standing on an ocean shore. He planned his trip carefully and rode his bike as hard as he could each day until he finally arrived. Unfortunately, when he awoke that beautiful California morning and headed to the beach, he was sorely disappointed. All of his efforts were for naught because he was missing some key information: The sun rises from the east. he was on the wrong coast! You might laugh, but whether self-employed or working for someone, most people feel this same frustration and disappointment when pursuing

their financial goals. They, too, are missing some key information. They don't know the real relationship between time and money. In a fun and entertaining way, *Time Isn't Money* equips you with the information you need to make sure you are headed in the right direction. You won't be the same after reading this book, and if you put into practice what you learn, you'll be jumping off the treadmill and cruising toward your goals faster than you might expect. Just don't let your boss know that you know. Author Bio Mike Kakihara, born in Japan and raised by hardworking parents, wasn't sure about his own future. He worked hard in the hospitality industry for many years and realized that the path he was heading down wasn't taking him in the direction he wanted to go. He made some drastic changes and became self-employed. He started building his business and learned a lot along the way, but he still couldn't figure out how all the pieces of information he was learning fit together. Then he learned that *Time Isn't Money*, and this brought it all together. He has since invested his time and energy into trying to help others learn what he has learned. The result is this book, which he hopes will make a difference in many lives. Mike lives with his wife and two children in Southern California. He continues to operate his business from home and loves having so much time with his family. strong governmental capacity, and should build on community engagement.

Money Forensics Detlef Gloge, 2014-10-01 MONEY FORENSICS: The Looting of Your Birthright provides conclusive evidence and precise numbers. The U.S. Federal Reserve and other banking systems manipulate incomes and confiscate wealth on a vast scale and money printing defrauds society's most vulnerable. The numbers prove that this activity creates society's debilitating inequality, and perpetuates itself in an irreversible tsunami of unsustainable debt. Simple language, mathematical precision, and profound insights keep the reader captivated. MONEY FORENSICS challenges conventional wisdom and expert opinion.
