Robert Greene

The Virgin Suicides Jeffrey Eugenides, 2011-09-20 First published in 1993, *The Virgin Suicides* announced the arrival of a major new American novelist. In a quiet suburb of Detroit, the five Lisbon sisters—beautiful, eccentric, and obsessively watched by the neighborhood boys—commit suicide one by one over the course of a single year. As the boys observe them from afar, transfixed, they piece together the mystery of the family's fatal melancholy, in this hypnotic and unforgettable novel of adolescent love, disquiet, and death. Jeffrey Eugenides evokes the emotions of youth with haunting sensitivity and dark humor and creates a coming-of-age story unlike any of our time. Adapted into a critically acclaimed film by Sofia Coppola, *The Virgin Suicides* is a modern classic, a lyrical and timeless tale of sex and suicide that transforms and mythologizes suburban middle-American life.

The Concept of Rudra-Siva Through the Ages Mahadev Chakravarti, 1986 The present book throws new light on the gradual development of the concept of Rudra-Siva in his animal, phallic and human forms, since the days of the Harappa Civilization. It examines how Siva, the composite Aryan-non-

Aryan Divinity, was not only admitted but was ultimately crowned with an exalted position in the Brahmanical pantheon; how the bull once identified with the deity, was regulated to the position of a vahana; how phallism was related to Saivism and also how Siva, in his different forms, was represented in early Indian Art and the Art of Further India. The wide range and depth of the author's research fills a vital gap in the subject and his treatment of the entire subject is unique. This methodical study on Siva also contains an exhaustive bibliography.

The Art Of Seduction Robert Greene, 2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most

resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the ultimate power trip. From the internationally bestselling author of The 48 Laws of Power, Mastery, and The 33 Strategies Of War.

The Conversations Michael Ondaatje, 2012-12-03 During the filming of his celebrated novel *THE ENGLISH PATIENT*, Michael Ondaatje became increasingly fascinated as he watched the veteran editor Walter Murch at work. *THE CONVERSATIONS*, which grew out of discussions between the two men, is about the craft of filmmaking and deals with every aspect of film, from the first stage of script writing to the final stage of the sound mix. Walter Murch emerged during the 1960s at the centre of a renaissance of American filmmakers which included the directors Francis Coppola, George Lucas and Fred Zinneman. He worked on a whole raft of great films including the three *GODFATHER* films, *JULIA*, *AMERICAN GRAFFITI*, *APOCALYPSE NOW*, *THE UNBEARABLE LIGHTNESS OF BEING* and many others. Articulate, intellectual, humorous and passionate about his craft and its devices,

Murch brings his vast experience and penetrating insights to bear as he explains how films are made, how they work, how they go wrong and how they can be saved. His experience on APOCALYPSE NOW - both originally and more recently when the film was completely re-cut - and his work with Anthony Minghella on THE ENGLISH PATIENT provide illuminating highlights.

CUCKOO'S EGG Clifford Stoll, 2012-05-23 Before the Internet became widely known as a global tool for terrorists, one perceptive U.S. citizen recognized its ominous potential. Armed with clear evidence of computer espionage, he began a highly personal quest to expose a hidden network of spies that threatened national security. But would the authorities back him up? Cliff Stoll's dramatic firsthand account is a computer-age detective story, instantly fascinating [and] astonishingly gripping (Smithsonian). Cliff Stoll was an astronomer turned systems manager at Lawrence Berkeley Lab when a 75-cent accounting error alerted him to the presence of an unauthorized user on his system. The

hacker's code name was Hunter—a mysterious invader who managed to break into U.S. computer systems and steal sensitive military and security information. Stoll began a one-man hunt of his own: spying on the spy. It was a dangerous game of deception, broken codes, satellites, and missile bases—a one-man sting operation that finally gained the attention of the CIA . . . and ultimately trapped an international spy ring fueled by cash, cocaine, and the KGB.
