📖 **Playing at the Next Level** Ken Horowitz,2016-10-21 Today a multinational video game developer, Sega was the first to break Nintendo’s grip on the gaming industry, expanding from primarily an arcade game company to become the dominant game console manufacturer in North America. A major part of that success came from the hard work and innovation of its subsidiary, Sega of America, who in a little more than a decade wrested the majority market share from Nintendo and revolutionized how games were made. Drawing on interviews with nearly 100 Sega alumni, this book traces the development of the company, revealing previously undocumented areas of game-making history, including Sega’s relationship with Tonka, the creation of its internal studios, and major breakthroughs like the Sega Channel and Heat Network. More than 40 of the company’s most influential games are explored in detail.

📖 **Total War Troy Guide - Tips and Tricks** Marsx15,2021-05-05 Total War Saga TROY is the second spin-off in the Total War series of strategy games. The game focuses on the conflict between the kingdoms of Troy and Mycenaean Greece, known as the Trojan War. In Total War Saga TROY players have an opportunity to lead the troops defending Troy or take control of the Greek army that invades the city. As was the case in the previous games of Creative Assembly Studio, the gameplay of Total War Saga TROY combines turn-based strategy and resource management with real-time tactical control of battles. The first segment of the game consists in making decisions and taking actions on a strategic map in a turn-based system - we manage our empire on a macro scale, take care of the economy of all regions under our control, trade with allies, establish more or less friendly diplomatic relations with other parties or finally conquer new territories. The second dimension of the game consists of real-time battles on land and sea, during which we take direct control of our troops. As we play the game we can worship individual deities that plays an important role - by showing respect to particular deities we may get valuable bonuses for our army.
