*The Who* Geoffrey Feakes,2020-04 Formed in 1964 and still going strong in 2020, the Who are one of the most popular and enduring bands in the history of rock. The legendary debut album *My Generation* and a string of hit singles paved the way for *Live At Leeds*, hailed as the best live rock album of all time, and the best selling *Who's Next*. Powered by the phenomenal rhythm section of Keith Moon and John Entwistle, they earned a reputation as a premier live act and pioneered festival and arena performances. The rock operas *Tommy* and *Quadrophenia* took popular music into uncharted territories and both inspired hit films. Despite regular infighting, breakups and the death of two key members, the band continued into the 21st century with the well received *Endless Wire* album and original members Roger Daltrey and Pete Townshend stage spectacular live shows to this day. This book examines each one of the band's studio albums, including the latest *Who* released in December 2019. Non-album tracks are also included and the book traces the band's long and diverse history. Compilations, live albums and soundtracks are also discussed, making this the most comprehensive guide to the music of the *Who* yet published. Whether the reader is a diehard fan or someone curious to see what lies beyond *Tommy*, this is essential reading.

**The Top 100 Best-selling Albums** ,2005 The definitive list of the most popular albums since the 1950s. Each full-colour entry includes full track listing, band members, number one singles, recording data and album history.

**Tell Me Why** Tim Riley,2009-04-29 A unique combination of musical analysis and cultural history, *Tell Me Why* stands alone among Beatles books with its single-minded focus on the most important aspect of the band: its music. Riley offers a new, deeper understanding of the Beatles by closely considering each song and album they recorded in an exploration as rigorous as it is soulful. He tirelessly sifts through the Beatles discography, making clear that the legendary four were more than mere teen idols: They were brilliant innovators who mastered an extremely detailed art. Since the first publication of *Tell Me Why* in 1988, much new primary source material has appeared -- Paul McCartney's authorized biography, the Anthology CDs and videos, the complete Parlophone-sequenced albums on CD, the *Live at the BBC* sessions, and the global smash 1. Riley incorporates all the new material in an update that makes this a crucial book for Beatles fans.

**Dream Theater** Peter Kearns,Jordan Blum,2020-07-02 No other band has affected modern progressive metal as deeply or widely as American quintet Dream Theater. Formed at Berklee College of Music as Majesty in 1985 by guitarist John Petrucci, drummer Mike Portnoy, and bassist John Myung, the group has spent thirty years repeatedly pushing new boundaries and reinventing their identity. Although other acts - such as Queensrÿche and Fates Warning - paved the way for the prog-metal subgenre, Dream Theater were without doubt the first to meld influences from both metal and progressive rock into a groundbreaking blend of quirky instrumentation, extensively complex arrangements, and exceptional songwriting. Whether subtly or overtly, they've since left their mark on just about every progressive metal band that's followed. In this book, Jordan Blum examines virtually all Dream Theater collections, and their behind-the-scenes circumstances, to explore how the group distinctively impacted the genre with each release. Whether classics of the 1990s like *Images and Words* and *Metropolis Pt. 2: Scenes from a Memory*, benchmarks of the 2000s like *Six Degrees of Inner Turbulence* and *Octavarium*, or even thrilling modern efforts like *A Dramatic Turn of Events* and *Distance Over Time*, every sequence of albums contributes something crucial to making Dream Theater's legacy nothing short of astonishing.

**Steely Dan** Jez Rowden,2019-10

**The Rolling Stones All the Songs Expanded Edition** Philippe Margotin,Jean-Michel Guesdon,2022-01-18 Comprehensive visual history of the World's Greatest Rock & Roll Band as told through the recording of their monumental catalog, including 29 studio and 24 compilation albums, and more than a hundred singles. Since 1963, The Rolling Stones have been recording and touring, selling more than 200 million records worldwide. While much is known about this iconic group, few books provide a comprehensive history of their time in the studio. In *The Rolling Stones All the Songs*, authors Margotin and Guesdon describe the origin of their 340 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the great artists who contributed to their tracks. Organized chronologically by album, this massive, 704-page hardcover begins with their 1963 eponymous debut album recorded over five days at the Regent Studio in London; through their collaboration with legendary producer Jimmy Miller in the ground-breaking albums from 1968 to 1973; to their later work with Don Was, who has produced every album since *Voodoo Lounge*. Packed with more than 500 photos, *All the Songs* is also filled with stories fans treasure, such as how the mobile studio they pioneered was featured in Deep Purple's classic song *Smoke on the Water* or how Keith Richards used a cassette recording of an acoustic guitar to get the unique riff on *Street Fighting Man*.

**Rolling Stones All the Songs** Philippe Margotin,Jean-Michel Guesdon,2016-10-25 Comprehensive visual history of the World's Greatest Rock & Roll Band as told through the recording of their monumental catalog, including 29 studio and 24 compilation albums, and more than a hundred singles. Since 1963, The Rolling Stones have been recording and touring, selling more than 200 million records worldwide. Please note that the ebook does not contain images.

**Level 42** Matt Phillips,2021-03-25 One of the most iconic and successful British bands of the 1980s, Level 42 are also arguably the ultimate 'fusion' unit, streamlining their energetic early jazz/funk/rock sound into slick, effortlessly-soulful pop music. Encompassing eleven studio albums, including twenty UK top 40 hits and two US top twenty singles, their catalogue, in many ways, defines the '80s but also reflects their musical virtuosity and vibrant eclecticism, peppering tracks with influences from Herbie Hancock, Return To Forever and The Mahavishnu Orchestra. Emerging from the so-called 'Britfunk' scene, Level 42 developed from being one of the most electrifying live acts of the era to become a true songwriters' collective, delivering the effervescent, ubiquitous hits 'The Sun Goes Down (Living It Up)', 'Something About You' and 'Lessons In Love'. Level 42 - on track is the first in-depth study of the band's illustrious catalogue, track by track, album by album, with recording information, musical analysis, studio gossip, full musician credits and contributions from Mark King and Gary Husband. The book also covers the solo projects of the band's many members. Level 42 - on track is a must for fans and those interested in the wider musical landscape of the 1980s and 1990s.

*Iron Maiden* Steve Pilkington,2020-02-28 Mention the words 'heavy metal' with regards to the past four decades, and chances are one of the first names you'll get back is Iron Maiden. From their early days as front-runners of the New Wave Of British Heavy Metal in 1980, through to their epic and progressive works of more recent times, via 30 years fronted by Bruce Dickinson broken up by a short period with Blaze Bayley, the band have been 'All Things To All Men' in the metal world. Such is their profile that even the non-metal fan would probably cite them as a key example of the genre. This book lifts the lid on every single track recorded by the band, album by album, from the punk-ish debut album with original vocalist Paul DiAnno through to the sprawling double disc epic *Book Of Souls*. By way of facts, anecdotes, analysis and a dollop of opinion, author Steve Pilkington provides both an informative companion for the die-hard fan and perfect road-map for the more casual listener to follow. From 'Prowler' to 'Empire Of The Clouds', through each and every line up change, this is every Number recorded by The Beast - the ultimate recording history of Iron Maiden.

**Led Zeppelin All the Songs** Jean-Michel Guesdon,Philippe Margotin,2018-10-23 Take a deep dive into the innovative recording history of Led Zeppelin, in this newest addition to the fan-favorite *All the Songs* series. Fifty years after their first practice in a Soho basement, Led Zeppelin continues to fascinate new generations of listeners. While their legendary back-stage debauchery has been written about extensively in other books, *All the Songs* is all about the music, detailing the studio magic and inspiration that made all nine albums go platinum, including *Led Zeppelin IV* which was certified x23 platinum and has sold more than 37 million copies worldwide. Studio stories will include their productive time at Headley Grange in Wales,

a poorly-heated former poorhouse where they recorded parts of Led Zeppelin III, Led Zeppelin IV, Houses of the Holy and Physical Graffiti. And how the first album was recorded in three weeks but their second took six months, done while the band was on a world tour. They carried the masters of the recording session in a steamer trunk wherever they went. Out of these chaotic sessions came the Whole Lotta Love, which was finished in New York with Hendrix engineer Eddie Kramer helping create the psychedelic middle part, as well as The Lemon Song, which was cut live in the studio. Page worked feverishly with Kramer to mix the LP on a primitive 12-channel Altec board in a two-day span. Fans will also learn the genesis of their lyrics, the inspiration for their album covers, the instruments used, and the contributions of engineers such as Andy Johns, who helped create the iconic drum sound on When the Levee Breaks by recording Bonham at the bottom of a stairwell.

**Rocks Off** Bill Janovitz, 2013-07-23 December 3-4, 1969. Keith and Mick stood at the same microphone at Muscle Shoals, lights dimmed, splitting a fifth of bourbon, and simultaneously sang the melodies and harmonies on the three songs that they had recorded over three days: Brown Sugar, You Got to Move, and Wild Horses. That's your rock 'n' roll fantasy right there, pal. A six-piece band working in a tiny converted coffin factory across from an Alabama graveyard, on an eight-track recorder, with no computer editing or Autotune, recorded three songs, representing 30 percent of one of the greatest rock 'n' roll records of all time. So tells Bill Janovitz of the making of the inimitable triple-platinum album, Sticky Fingers, which hit number one in the US and the UK in 1971, skyrocketing the band to superstardom. To Bill, all artists reveal themselves through their work and the Rolling Stones are no different: Each song exposes a little more of their soul. In Rocks Off, Janovitz reveals the forces at work behind the band's music by deconstructing their most representative tunes from their incredible fifty years of record making. Written by a Stones fanatic, this is a song-by-song chronicle that maps the landmarks of the band's career while expanding on their recording and personal history. Much like friends pouring over old records or having a barroom argument over the merits of certain songs, the book presents the musical leaps taken by the band and discusses how the lyrical content both reflected and influenced popular culture. The song choices are chronological and subjective; many of them are the classic hits; however, the book digs deeper into beloved album tracks and songs with unique stories behind them. Rocks Off is the ultimate listening guide and thinking man's companion that will spur you to dust off those old albums and listen in with a newfound perspective on one of the most famous and acclaimed rock 'n' roll bands of all time.

**Rush** Martin Popoff, 2017-05-01 Rush: Album by Album pays genuine tribute to this iconic rock band's discography by moderating frank, entertaining conversations about all 20 of Rush's studio albums. Formed in Toronto in 1968, the rock trio Rush has gone on to multiplatinum success behind the distinctive high register and virtuosic bass-playing of frontman Geddy Lee, the legendary drumming and lyric-writing of Neil Peart, and the guitar heroics of Alex Lifeson. Despite having just four chart-topping singles since the release of their debut LP in 1974, Rush has nonetheless sold more than 25 million albums in the U.S. and more than 40 million worldwide. The Canadian trio may be the definition of an album band, and this new book from prolific rock journalist and acknowledged Rush authority Martin Popoff pays tribute to the band's discography by moderating in-depth, frank, and entertaining conversations about all 20 of Rush's studio albums. Inside, the author gathers 20 rock journalists and authors who offer insights, opinions, and anecdotes about every release. Together, the conversations comprise a unique historical overview of the band, as well as a handsome discography. Popoff also includes loads of sidebars that provide complete track listings, details on album personnel, information on where and when the albums were recorded, and sidebar facts about the albums, their songs, and the band.

**Kate Bush On Track** Bill Thomas, 2020-11-26 Kate Bush started her career at the top, the spellbinding 'Wuthering Heights' giving her a number one hit single with her first release. Yet from there, artistically at least, the only way has been up. For while the sales of both singles and albums over the five decades since have had their peaks and troughs, every new release has seen Bush refuse to be boxed in by past success but instead continue to take the musical chances that have characterised her career from day one. Across ten studio albums, including director's cut reassessments of two of them, and a live record of the 2014 Hammersmith Apollo residency, Kate Bush has constantly sought new ground, reinventing her sound time and again. She has often strayed from the commercial path of least resistance to examine the less travelled musical byways that have provided the inspiration for an extraordinary body of work, quite unlike anyone else's. With a string of platinum albums and hit singles to her credit, Kate's is a fascinating journey. This book examines her entire recorded catalogue from The Kick Inside through to Before The Dawn, hoovering up all the B-sides and the rarities along the way. It's a comprehensive guide to the extraordinary music of Kate Bush.

**Radiohead On Track** William Allen, 2021-10-28 Formed at their Oxfordshire secondary school in the mid-eighties, Radiohead have gone on arguably to be not only the most important rock group of the 1990s, but also the most significant post-rock group of the new century. Few would have predicted such greatness when their 1993 debut Pablo Honey appeared, revealing an infatuation with The Pixies and, in 'Creep' featuring a lead single deemed 'too depressing to be playlisted on BBC Radio 1. They went on to deliver two of the era-defining albums of the '90s in The Bends and OK Computer, the latter in particular redefining what could be achieved in the realm of guitar-based rock. In the early 2000s they radically rewrote the rulebook both for themselves and for popular music, largely eschewing guitar rock for the experimental, electronic Kid A and Amnesiac. In 2016 they issued their ninth album A Moon Shaped Pool - the latest in a series of works that has seen the group restlessly finding new approaches to both composition and recording. This book examines each album (and each peripheral song, from singles, B-sides and EPs) with stories and analysis of every officially released track.

**Tori Amos** Lisa Torem, 2021-08-26 In 1992, Singer, pianist and composer Tori Amos achieved fame with the intensely personal solid gold record, Little Earthquakes, the first of fifteen studio albums. Each new recording cut new ground both musically and thematically. Since then, Amos has performed world-wide, both as a soloist and also accompanied, by a rhythm section, an octet or an orchestra. Her projects have ranged from the musical, A Light Princess to the classically-inspired Night of Hunters. Grammy nominations include: Best Alt. Album for Under The Pink, Boys for Pele and From The Choirgirl Hotel and Best Female Rock Vocal Performance for 'Strange Little Girls.' Amos was the first female artist to chart in the Billboard Top ten in Classical, Alternative and Rock genres simultaneously for Night of Hunters. Amos has also published two biographies: Piece by Piece and Resistance, which delve deeply into her songwriting strategies and political perspectives. She has been strongly involved in Native American issues and was the first spokesperson for RAINN, the largest, anti-sexual violence organization in the U.S. This book provides a track-by-track analysis of those essential recorded works, starting from Tori Amos' late 1980s synth-pop beginnings through 2017's illuminating Native Invader.

**Gary Numan Tracks Song by Song Album by Album** Paul Goodwin, 2012-03-27 Tracks Song By Song Album By Album unveils for the first time the inspiration and the recording processes that took place behind classic Gary Numan anthem's like Are Friends Electric?, Cars, Down In The Park and I Die; You Die. Compiled from four decades of classic Gary Numan interviews Tracks delivers an intriguing behind the music look at the albums and the individual songs from Gary's extraordinary and innovative music career. In addition to Gary's own thoughts behind each of his compositions are commentaries from; former band members, record company executives, producers and engineers as well as a stellar cast of celebrity contributors, artists as diverse as: The Bravery, Beck, Casey Chaos, Garbage, Beastie Boys, NIN, Boy George, Korn, Armand Van Helden, Weezer, Bad Religion, David Bowie, Junkie XL, Moby, Billy Corgan, Vince Clarke, Marilyn Manson, Prodigy, Feeder, Electric 6, RHCPs, QOTSA and many, many more. This unique book offers a rare chance for fan's to view, first hand, the creative process, the inspiration, the drive and stories behind many of Gary's most famous songs. Tracks takes fans into the very heart of the Numan machine as each album (over 30 in total) are examined and dissected with recordings, lyrics, images and historical events explained and poured over in extraordinary detail. Gary Numan burst onto the music scene in 1979 and has enjoyed the kind of career most artists can only dream of, after almost 5 decades in the music business he's easily out-lived his critics and the phenomenon that is Gary Numan shows no signs of stopping. Tracks details the late 70's rise of Gary Numan, his slide into obscurity in the 90's and his subsequent and heroic 21st century return as an iconic pop music legend.

**Pink Floyd All the Songs** Jean-Michel Guesdon, Philippe Margotin, 2017-10-24 The newest addition to the best-selling All the Songs series details the unique recording history of Pink Floyd, one of the world's most commercially successful and influential rock bands. Since 1965, Pink Floyd been recording sonically experimental and philosophical music, selling more than 250 million records worldwide, including two of the best-selling albums of all time Dark Side of the Moon and The Wall. While much is known about this iconic group, few books provide a comprehensive history of their time in

the studio. In Pink Floyd All the Songs, authors Margotin and Guesdon describe the origin of their nearly 200 released songs, details from the recording studio, what instruments were used, and behind-the-scenes stories of the tensions that helped drive the band. Organized chronologically by album, this massive, 544-page hardcover begins with their 1967 debut album The Piper at the Gates of Dawn, the only one recorded under founding member Syd Barrett's leadership; through the loss of Barrett and the addition of David Gilmour; to Richard Wright leaving the band in 1979 but returning; to Roger Waters leaving in 1985 and the albums recorded since his departure, including their 2014 farewell album, The Endless River, which was downloaded 12 million times on Spotify the week it was released. Packed with more than 500 photos, All the Songs is also filled with stories fans treasure, such as Waters working with engineer Alan Parsons to employ revolutionary recording techniques for The Dark Side of the Moon at Abbey Road Studios in 1972 or producer Bob's Ezrin's contribution in refining Water's original sprawling vision for The Wall.

**10cc** Jordan Blum,Peter Kearns,2020-05-29 Hailing from Manchester, England, sophisticated pop purveyors 10cc hit the ground running with their 1972 debut single, 'Donna'. Their pedigree reached back to bassist Graham Gouldman's '60s' songwriting successes including The Yardbirds' 'For Your Love' and The Hollies' 'Bus Stop'. Guitarist and recording engineer, Eric Stewart, was already a bonafide pop star having sung the global 1966 hit, 'Groovy Kind of Love', for his group The Mindbenders. When the pair teamed up with drummer/singer Kevin Godley and multi-instrumentalist/singer, Lol Creme, the combination wrought a legacy of four albums. They included the ambitious The Original Soundtrack and several hit singles, including the groundbreaking 'I'm Not In Love, ' that were rich in eclectic boundary-pushing pop that earned 10cc comparisons to The Beatles while still occupying a unique position in music. Departing in 1976, Godley and Creme moved on to create genre-defying experimental albums, while Gouldman and Stewart continued their run of hit singles and albums with a new 10cc lineup. Their final album was 1995's, Mirror Mirror, a highly respectable full stop on the influential band's colourful and innovative discography. This book examines every released recording by both Godley & Creme and 10cc, including the band's debut album under their early name, Hotlegs.

**Queen All the Songs** Benoît Clerc,2020-10-20 Filled with fascinating photographs and juicy behind-the-scenes details, Queen All the Songs illuminates the unique recording history of a mega-bestselling and hugely influential rock band—album-by-album and track-by-track. A lovingly thorough dissection of every album and every song ever released by the beloved rock group, Queen All the Songs follows Freddie, Brian, Roger, and John from their self-titled debut album in 1973 through the untimely passing of Freddie, all the way up to their latest releases and the Oscar-winning film, Bohemian Rhapsody. The writing and recording process of each track is discussed and analyzed by author Benoît Clerc, and page-after-page features captivating and sometimes rarely seen images of the band. Queen All the Songs delves deep into the history and origins of the band and their music. This one-of-a-kind book draws upon decades of research and is a must-have for any true fan of classic rock.

**Joni Mitchell** Peter Kearns,2020-11-27 In her long career, Canadian songstress Joni Mitchell has been hailed as everything from 1960s folk icon to 20th century cultural figure, artistic iconoclast to musical heroine, extreme romantic confessor to outspoken commentator and lyrical painter. While some criticised what they viewed as her seeming dismissal of commercial considerations, she simply viewed her trajectory as that of any artist serious about the integrity of their work. But whatever musical position she took, she was always one step ahead of the game, making eclectic and innovative music. Albums like The Ladies Of The Canyon, Blue, Hejira and Mingus helped define each era of the 1970s, as she moved from exquisitely pitched singer songwriter material towards jazz. Her past influence was obvious in the 1980s when hoards of assuming successors (some highly respectable) gathered her exotic breadcrumbs with a view to distilling their illusive compounds, while Joni simultaneously forged ahead. This book revisits her studio albums in detail from 1968's Song to a Seagull to 2007's Shine, providing anecdote and insight into the recording sessions, an in depth analysis along with a complimentary level of lyrical and instrumental examination.

Uncover the mysteries within Explore with is enigmatic creation, Discover the Intrigue in **Track Album** . This downloadable ebook, shrouded in suspense, is available in a PDF format ( \*). **Track Album Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Track Album has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Track Album has opened up a world of possibilities. Downloading Track Album provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of

downloading Track Album has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Track Album. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Track Album. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Track Album, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Track Album has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Track Album Books

1. Where can I buy Track Album books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Track Album book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Track Album books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Track Album audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Track Album books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
