*The History of South Vietnam* - Lam Vinh-The Lam,2020-11-30 This book provides an in-depth analysis of the political instability of South Vietnam between the two Republics and offers a valuable contribution to the study of the history of Vietnam as it focuses on a decisive period in the history of South Vietnam. A much-needed examination of the political environment of the Republic of Vietnam between 1963-1967, this book shows how South Vietnamese leadership failed to form a stable civilian government and to secure South Vietnam against the increasing threat by North Vietnam. Through a detailed assessment of political difficulties during the period, the book suggests that, to prevent the imminent loss of South Vietnam to the Communist forces, the United States government did not have any other option than to escalate the war by committing its combat ground forces in the South and beginning the sustained bombing in the North. Moreover, the book analyses the administration of General Khánh and Prime Minister Phan Huy Quát and includes a full account of the War Cabinet of General Nguyễn Cao Kỳ. The achievements, the difficulties and the sudden death of the National High Council as well as the confrontation between the Buddhists and the Trần Văn Hỷǒng government are also explored. This book will be of interest to researchers and students of the contemporary history of Vietnam, the history of the Republic of Vietnam, the Vietnam War and Southeast Asian history and politics.

*Overtured Chariot* Phan-Boi-Chau,1999-07-01 The name of Phan-Boi-Chau may not be readily recognized by many people outside Vietnam, but within his own country he is one of the most widely known and respected figures in recent history. Phan (1867-1940) was the most prominent leader of the Vietnamese independence movement during the first quarter of the twentieth century and a living link between the older generation who initiated the struggle against French rule in Vietnam and the younger generation who carried that struggle to its conclusion. In 1928, while under house arrest by the French authorities, Phan composed an account of his eventful life. His original text in literary Chinese has been used for this translation, which brings Phan's story into English for the first time. It is accompanied by an introduction and notes incorporating the most up-to-date information about Phan's life and setting his career in the panoramic context of modern Vietnamese history.

### **International Politico - Cultural Influences on Vietnam in the 20Th Century**

David Lan Pham,2004-02-13 Geographically, historically and culturally Vietnam was profoundly influenced by Chinese culture due to more than 1,000 years under Chinese rule. Chinese influence was less important in Vietnam from 1884 to 1945 after the French occupied Cochinchina and established their protectorate in Tonkin and Annam. By the end of the 19th century almost all the Vietnamese resistance forces were defeated by the French. The Vietnamese revolutionaries looked for different paths of national liberation, and thought of foreign aid. Phan Boi Chau and Cuong De admired the Japanese reforms. He founded Phong Trao Dong Du (Journey to the East Movement). Phan Chu Trinh loved

Western democracy and modernization in exhorting non- violence (ahimsa). He was the soul of the Modernization Movement. Nguyen Tat Thanh (Ho Chi Minh) leaned toward the Comintern. He founded Vietnam Thanh Nien Cach Mang Dong Chi Hoi (Vietnam Revolutionary Youth Association) in 1925, and Dang Cong San Viet Nam (Vietnam Communist Party) in 1930. He played an important role in the Vietnamese revolutions in the 20th century. Nguyen Thai Hoc headed Viet Nam Quoc Dan Dang (Vietnam Kuomintang), and adopted San Min Chu I (Three Peoples Principles) promoted by Sun Yat-sen. Bui Quang Chieu founded Dang Lap Hien (Constitutionalist Party), cherishing Phap-Viet De Hue (Franco- Vietnamese Cooperation). Ta Thu Thau, Phan Van Hum, Ho Huu Tuong chose Trotskyism known as the Fourth International. Ngo Dinh Diem was a mandarin. Nguyen Van Thieu and Nguyen Cao Ky were military men. They all were trained and educated by the French before being backed by Washington to become leaders of the Republic of Vietnam (South Vietnam). International Politico- Cultural Influences on Vietnam in the 20th Century was the summary of the influences of the Big Five and Japan on Vietnam in the 20th century. It showed the readers how important foreign aid was in Vietnam, how Vietnam was modified by foreign aid, and how complicated the Vietnam problems were for not digesting different political doctrines and cultures smoothly.

**Collective Leadership and Factionalism** Quang Trung Thai,1985 This essay goes beyond the legend of Ho Chi Minh and his disciples. Behind the facade of unity, the Vietnamese communist leadership has for years been torn by a prolonged crisis, sustained by two major ideological factions and later amplified by the development of the Sino-Soviet rift. Ho Chi Minh was far from being a dictator the calibre of Tito, for example. Rather, his style of collective leadership has contributed to the institutionalization of factionalism in Hanoi. His policy of equidistance between Moscow and Beijing became more or less a necessity for the leadership's unity. This book addresses itself to the question: Did Ho Chi Minh leave behind a unified party? The book provides an understanding of one of the most enigmatic - and the most long-lasting - leaderships in the communist annals, and examines the current state of the Hanoi regime.

Tradition, Revolution, and Market Economy in a North Vietnamese Village, 1925-2006  
Hy Van Luong,2010-08-15 Tradition, Revolution, and Market Economy in a North Vietnamese Village examines both continuity and change over eight decades in a small rural village deep in the North Vietnamese countryside. Son-Duong, a community near the Red River, experienced firsthand the ravages of French colonialism and the American war, as well as the socialist revolution and Vietnam's recent reintegration into the global market economy. In this revised and expanded edition of his 1992 book, Revolution in the Village, Hy V. Luong draws on newly available archival documents in Hanoi, narratives by villagers, and three field seasons from the late 1980s to 2006. He situates his finely drawn village portrait within the historical framework of the Vietnamese revolution and the recent

reforms in Vietnam. The richness of the oral testimony of surviving villagers enables the author to follow them throughout political and economic upheavals, compiling a wealth of original data as they actively restructure their daily lives. In his analysis of the implications of these data for theoretical models of agrarian transformation, Luong argues that local traditions have played a major role in shaping villagers' responses to colonialism, socialist policies, and the global market economy. His work, spanning eight decades of sociocultural change, will interest students and scholars of the Vietnamese revolution, agrarian politics, peasant societies, French colonialism, and socialist transformation.

The Mountains Sing Que Mai Phan Nguyen, 2021-03-16 The International Bestseller A New York Times Editors' Choice Selection A Winner of the 2020 Lannan Literary Awards Fellowship [An] absorbing, stirring novel . . . that, in more than one sense, remedies history. —The New York Times Book Review "A triumph, a novelistic rendition of one of the most difficult times in Vietnamese history . . . Vast in scope and intimate in its telling . . . Moving and riveting." —VIET THANH NGUYEN, author of *The Sympathizer*, winner of the Pulitzer Prize With the epic sweep of Min Jin Lee's *Pachinko* or Yaa Gyasi's *Homegoing* and the lyrical beauty of Vaddey Ratner's *In the Shadow of the Banyan*, *The Mountains Sing* tells an enveloping, multigenerational tale of the Trần family, set against the backdrop of the Việt Nam War. Trần Diệu Lan, who was born in 1920, was forced to flee her family farm with her six children during the Land Reform as the Communist government rose in the North. Years

later in Hà Nội, her young granddaughter, Hương, comes of age as her parents and uncles head off down the Hồ Chí Minh Trail to fight in a conflict that tore apart not just her beloved country, but also her family. Vivid, gripping, and steeped in the language and traditions of Việt Nam, *The Mountains Sing* brings to life the human costs of this conflict from the point of view of the Vietnamese people themselves, while showing us the true power of kindness and hope. *The Mountains Sing* is celebrated Vietnamese poet Nguyễn Phan Quế Mai's first novel in English.

**Laying the Foundations** Marcus J. Wishart, Satoru Ueda, John D. Pisaniello, Joanne L. Tingey-Holyoak, Esteban Boj García, 2020-12-03 Dam safety is central to public protection and economic security. However, the world has an aging portfolio of large dams, with growing downstream populations and rapid urbanization placing dual pressures on these important infrastructures to provide increased services and to do it more safely. To meet the challenge, countries need legal and institutional frameworks that are fit for purpose and can ensure the safety of dams. Such frameworks enable dams to provide water supplies to meet domestic and industrial demands, support power generation, improve food security, and bolster resilience to floods and droughts, helping to build safer communities. *Laying the Foundations: A Global Analysis of Regulatory Frameworks for the Safety of Dams and Downstream Communities* is a systematic review of dam regimes from a diverse set of 51 countries with varying economic, political, and cultural circumstances. These case studies inform a continuum of legal, institutional, technical, and financial options for sustainable

dam safety assurance. The findings from the comparative analysis will inform decisionmakers about the merits of different options for dam safety and help them systematically develop the most effective approaches for the country context. By identifying the essential elements of good practices guided by portfolio characteristics, this tool can help identify gaps in existing legal, institutional, technical, and financial frameworks to enhance the regulatory regime for ensuring the safety of dams and downstream communities.
