The Leader Who Followed Sherry Budd,2011 To be a leader, you must first follow. Join author Sherry Budd as she takes you on a journey through the life of Peter in The Leader Who Followed. Peter was a simple fisherman from Galilee, but eventually he would become a leader used by God to influence the whole world. Along the way, Peter's personal desires would be challenged and his faith tested beyond measure. He would begin to take risks that most would not even consider and eventually die to self in the most unselfish way. You too can discover what it means to become a leader in this thought-provoking, eight-week Bible study. In The Leader Who Followed, you will have opportunity to see yourself through the eyes of Peter and sometimes reflected in the eyes of the Jesus, who knows all things. Learn from Peter's mistakes and victories by applying God's Word to challenging personal questions. Become the example God has always intended you to be. Emulate The Leader Who Followed.

Manual of Online Search Strategies C.J. Armstrong,J.A. Large,2018-12-20 Published in 1992, like the first, this second edition is not intended as introductory textbook command-driven, Boolean searching. It is targeted at online searchers who already have some knowledge of command languages and may be proficient searchers on databases in one or two subject areas, but when required to venture into new and less familiar territory still need guidance. It is also offered to end users who possess the subject expertise but lack of information retrieval know-how. The Manual is offered as a guide to database selection and a navigational aid through the twists and turns of the retrieval maze; at least some of the dead ends and backtracking may thereby be avoided. This volume, written by experts in their various fields, deals with the subject coverage and record structures of specific databases, offers comparisons between databases (context, indexing procedures, updating policies, etc.), discusses the choice between online and CD-ROM sources (and between hosts if online is selected), and illustrates strategies with numerous search extracts.

Maranatha! Our Lord Is Coming! David Brackemyre,2018-11-05 The promise of Christ's return should have a controlling effect on the life of every Christian. A close New Testament study reveals the Messianic promise to be the foundation and focus of the first century church. Like them, we should always be prepared to give an answer for the hope we have. It is a subject of every book except Philemon and 3 John. Maranatha! Our Lord Is Coming moves from Matthew to Revelation, citing a multitude of verses (more than we realize), adding insight and commentary, and calling us to a life reflecting our sole dependence on God's faithfulness. The inspiration for this book is the faithful witness and perseverance of the persecuted church. They may undergo significant suffering, yet they know one day Christ will return with his rewards. We should exhibit that same faithfulness and perseverance, based on the same promise. After reading Maranatha! Our Lord Is Coming, a believer will: - have an increased awareness and knowledge of Christ's promised return, - understand more than before the foundation of our faith and the hope on which it is built, - be convicted to express his or her faith based on this blessed truth. Maranatha! Our Lord Is Coming has a study guide for each chapter. The study will require introspection. It will ask us to examine our own life and come to a conclusion regarding the applicability of truth. Once we internalize the singular hope that is found only in God's faithfulness to one day send his son, we will rise above the trappings of this world and live according to the hope of the world to come. May God richly bless you in your pursuit of this marvelous promise.

THE ADVENTURE OF SOY IN THE TRISTAR HILLS Xiangmin Li,2019-09-18 One day in the 21st century, Soy, a grade-four pupil, happened to visit Tristar Hills in the Imaginary World in another space-time by the magic power of his jade pendant that his grandfather obtained at the Moon Gulf at the site of Tristar Hills many years ago. By then, Tristar Hills led by Longreat and the Worm Tribe headed by Madam Kell in Chamber Isle had been in war for a long time. In order to destroy Tristar Hills for domination of the Imaginary World, Madam Kell was engaged in producing the Wom Bom. When Madam Kell's forces attacked Wumeng City, the capital of Tristar Hills, in three directions, Soy proposed some stratagem he learned from history book that worked well. When Tristar Hills had no more energy and collapsed, Soy cleverly used his intelligence to help the Tristar Hills. When Longreat found new energy to rebuild Tristar Hills, his army fought their way into the Worm Tribe. At the last moment, Madam Kell resorted to the Wom Bom. However, Soy, who purposely stole into the laboratory, pissed into the Wom Bom and the software worked in disorder. When Madam Kell blew off the Bom, it exploded only to kill all the worms and blew Madam Kell into outer space. Under the help of Soy, Tristar Hills won the war and peace came into being. Then Soy turned back to the human world.

Because love is at the center of who God is, the ultimate passion and vision quest of a true disciple of Christ...is to know the vast treasures of God's heart and kingdom through Jesus.Why is it so hard for us to spend more than a few minutes seeking God in prayer? Are we easily discouraged from perseverance in prayer and worship because we don't love Him, or are there other factors involved? Discover the reasons behind our discouragement and learn about Christ's transformation of his church. While we cannot grasp all that is going on in the infinite mind of Christ, one thing seems clear: Jesus is working and patiently transforming His church into a beautiful, mature bride. God clearly and boldly gives us the criteria necessary for acceptable and rewarding worship. With a large part of God's transformation efforts directed toward you, you can learn to worship simply and to pray with perseverance. This creative and entertaining work examines her use and decline, particularly in the 20th century, with a particular focus on popular culture icons like Lady Columbia, Rosie the Riveter, and Wonder Woman. These fictional creations, used with advertisements; letters; and literature of the eras work together to craft a multi-layered and dynamic portrait of cultural politics, tides, and perceptions about American women, life, and place.

Alpha Girls Julian Guthrie,2019-04-30 An unforgettable story of four women who, through grit and ingenuity, became stars in the cutthroat, high-stakes, male dominated world of venture capital in Silicon Valley, and helped build some of the foremost companies of our time. In Alpha Girls, award-winning journalist Julian Guthrie takes readers behind the closed doors of venture capital, an industry that transforms economies and shapes how we live. We follow the lives and careers of four women who were largely written out of history - until now. Magdalena Yesil, who arrived in America from Turkey with \$43 to her name, would go on to receive her electrical engineering degree from Stanford, found some of the first companies to commercialize internet access, and help Marc Benioff build Salesforce. Mary Jane Elmore went from the corn fields of Indiana to Stanford and on to the storied venture capital firm IVP - where she was one of the first women in the U.S. to make partner - only to be pulled back from the glass ceiling by expectations at home. Theresia Gouw, an overachieving first-generation Asian American from a working-class town, dominated the foosball tables at Brown (she would later reluctantly let Sergey Brin win to help Accel Partners court Google), before she helped land and build companies including Facebook, Trulia, Imperva, and ForeScout. Sonja Hoel, a Southerner who became the first woman investing partner at white-glove Menlo Ventures, invested in McAfee, Hotmail, Acme Packet, and F5 Networks. As her star was still rising at Menlo, a personal crisis would turn her into an activist overnight, inspiring her to found an all-women's investment group and a national nonprofit for girls. These women, juggling work and family, shaped the tech landscape we know today while overcoming unequal pay, actual punches, betrayals, and the sexist attitudes prevalent in Silicon Valley and in male-dominated industries everywhere. Despite the setbacks, they would rise again to rewrite the rules for an industry they love. In Alpha Girls, Guthrie reveals their untold stories.
