Songs of Slavery and Emancipation Mat Callahan,2022-06-16 Throughout the history of slavery, enslaved people organized resistance, escape, and rebellion. Sustaining them in this struggle was their music, some examples of which are sung to this day. While the existence of slave songs, especially spirituals, is well known, their character is often misunderstood. Slave songs were not only lamentations of suffering or distractions from a life of misery. Some songs openly called for liberty and revolution, celebrating such heroes as Gabriel Prosser and Nat Turner, and, especially, celebrating the Haitian Revolution. The fight for freedom also included fugitive slaves, free Black people, and their white allies who brought forth a set of songs that were once widely disseminated but are now largely forgotten, the songs of the abolitionists. Often composed by fugitive slaves and free Black people, and first appearing in the eighteenth century, these songs continued to be written and sung until the Civil War. As the movement expanded, abolitionists even published song books used at public meetings. Mat Callahan presents recently discovered songs composed by enslaved people explicitly calling for resistance to slavery, some originating as early as 1784 and others as late as the Civil War. He also presents long-lost songs of the abolitionist movement, some written by fugitive slaves and free Black people, challenging common misconceptions of abolitionism. Songs of Slavery and Emancipation features the lyrics of fifteen slave songs and fifteen abolitionist songs, placing them in proper historical context and making them available again to the general public. These songs not only express outrage at slavery but call for militant resistance and destruction of the slave system. There can be no doubt as to their purpose: the abolition of slavery, the emancipation of African American people, and a clear and undeniable demand for equality and justice for all humanity.

In the Footsteps of Flora Tristan Máire Fedelma Cross,2020 In the Footsteps of Flora Tristan is the first ever study devoted to Jules Puech (1879-1957), and is a double biography that examines his life's work on Flora Tristan (1803-1844), feminist and socialist. It begins by examining newly found press reports of Flora Tristan during her lifetime and subsequently, then positions Puech's discovery of her, as a postgraduate student in Paris in the 1900s. It continues with an account of how he embarked on the first in-depth biography published in 1925. Puech was unmatched in his expertise as a writer on Flora Tristan having discovered her papers through his numerous political connections and having become a historian of Proudhon's legacy on the international aspirations of the labour movement. Together with his wife Marie-Louise Milhau (1876-1966), suffragist feminist, he was a militant in the early twentieth-century pacifist movement that advocated international arbitration. His research on Flora Tristan was enriched by his other projects but was thwarted by the wars of 1914-1918 and 1940-1945. The circumstances of the long gestation of Puech's biography are drawn from his letters and papers, hitherto unseen. The correspondence curated brings a new understanding to the multi-faceted nature of Puech's activism and rate of progress in the publication of his findings on his subject, Flora Tristan.

Tracker's Canyon Pam Withers,2017-07-22 Nominated for the 2018 Forest of Reading 2019 Red Maple Fiction award When Tristan’s dad disappears, he puts his tracking skills to the test to find him — but will Tristan’s talents save him if it turns out to be a trap? Thanks to his dad’s coaching, sixteen-year-old Tristan is one of the best climbers and trackers in his small town. He can read footprints and bushes like they’re security-camera footage, and fearlessly descend rock faces and waterfalls. But when his father disappears, leaving his mother too grief-stricken to function, the young canyoneer’s life goes into freefall. Left in the hands of a well-meaning but incompetent uncle and a space-cadet housekeeper, Tristan finds life a struggle no matter how hard he works. When he nears the end of his rope at home, the teen decides to set off into Swallow Canyon in search of his father — only to realize that someone may be out to get him. Now the question is who’s stalking whom, and are Tristan’s skills up to the dangerous game playing out in the deep, shadowy canyon?

Inside Knowledge Doran Larson,2024-01-09 A powerful critique of mass incarceration by the people who have experienced it Inside Knowledge is the first book to examine the American prison system through the eyes of those who are trapped within it. Drawing from the writings collected in the American Prison Writing Archive, Doran Larson deftly illustrates how mass incarceration does less to contain any harm perpetrated by convicted people than to spread and perpetuate harm among their families and communities. Inside Knowledge makes a powerful argument that America’s prisons not only degrade and debilitate their wards but also defeat the prison’s cardinal missions of rehabilitation, containment, deterrence, and even meaningful retribution. If prisons are places where convicted people are sent to learn a lesson, then imprisoned people are the ones who know just what American prisons actually teach. At once profound and devastating, Inside Knowledge is an invaluable resource for those interested in addressing mass incarceration in America.

A Most Spectacular Narrative Gordon Self,2017-10-30 Duty-bound Bob McIntyre is happily married to Amy, the love of his life. He’s looking forward to bringing his well-established career as a hospital human resources executive to a close while at the top of his game, as Amy enjoys the newfound freedom of her own retirement. This simple plan is thrown into disarray when the responsibility for a highly complex merger of two hospitals—and the potential threat of huge job losses—lands squarely on his shoulders. In contrast, his brilliant but irreverent radiologist friend, Dr. Charlie Munroe, lives a life of privilege. Jet-setting on spur-of-the moment holidays, Charlie casually shrugs off life’s stresses with a sarcastic quip and the charming grin of someone for whom everything comes easily. But when Charlie’s seemingly effortless life with his spouse and family starts to crumble around him, just as Bob’s stresses weigh him down, their friendship is put to the ultimate test. This romantic comedy about two middle-aged friends, facing unexpected challenges in their personal and professional lives, looks at the universal balancing of our commitment to careers, friendships, and family, and discovering where our priorities lie. Bob and Charlie's quirky, complex friendship is the perfect lens through which to examine life: truly, the most spectacular narrative of all.
