Competition Law in South Africa Precious N. Ndlovu,2022-06-20 Derived from the renowned multi-volume International Encyclopaedia of Laws, this practical analysis of competition law and its interpretation in South Africa covers every aspect of the subject – the various forms of restrictive agreements and abuse of dominance prohibited by law and the rules on merger control; tests of illegality; filing obligations; administrative investigation and enforcement procedures; civil remedies and criminal penalties; and raising challenges to administrative decisions. Lawyers who handle transnational commercial transactions will appreciate the explanation of fundamental differences in procedure from one legal system to another, as well as the international aspects of competition law. Throughout the book, the treatment emphasizes enforcement, with relevant cases analysed where appropriate. An informative introductory chapter provides detailed information on the economic, legal, and historical background, including national and international sources, scope of application, an overview of substantive provisions and main notions, and a comprehensive description of the enforcement system including private enforcement. The book proceeds to a detailed analysis of substantive prohibitions, including cartels and other horizontal agreements, vertical restraints, the various types of abusive conduct by the dominant firms and the appraisal of concentrations, and then goes on to the administrative enforcement of competition law, with a focus on the antitrust authorities' powers of investigation and the right of defence of suspected companies. This part also covers voluntary merger notifications and clearance decisions, as well as a description of the judicial review of administrative decisions. Its succinct yet scholarly nature, as well as the practical quality of the information it provides, make this book a valuable time-saving tool for business and legal professionals alike. Lawyers representing parties with interests in South Africa will welcome this very useful guide, and academics and researchers will appreciate its value in the study of international and comparative competition law.

Finding Makoti Scotty Wang,2019-07-12 A journey and self discovery of defining modern manhood through personal experiences. Thirsting to understand “who stole marriage from us millennials”, and how women have defined themselves. The book starts with a walk into Genesis, then through to Revelations and finally concluding in Proverbs. The journey shares archived poems to an unknown future wife, letters and notes to exes. It reveals a man’s perspective of love, heartbreak, dating and marriage. The book is very unique as it takes on to challenge literature and storytelling. Almost breaking all the rules, it engages in a conversation style writing. Also a unique feature is that it is written like a twitter thread and the pages are broken into consumable bits. This coming from the insight that a lot of millennials don’t read as much. The problem the author wanted to solve was having more people start reading through this book. A beautiful addition to the book is that it embraces colloquial language that is used by African Millennials. A very daring piece of literature.

Urban Tourism in the Global South Christian M. Rogerson,Jayne M. Rogerson,2021-07-13 This book examines and addresses the particular character of urban tourism occurring in the global South. It presents research essays on tourism in urban areas of South Africa, a country which is associated with big 5 nature tourism but where urban areas are also major tourism destinations. The book contextualizes urban tourism in South Africa as part of ‘the other half of urban tourism’, an overlooked but energetic scholarship which is emerging on urban places in the global South. The volume moves to present a collection of original material variously on national

perspectives on urban tourism following by a cluster of city level perspectives. The last three contributions turn to the role of tourism in small towns, the bottom rung in the urban settlement system. Issues of concern include gastronomic tourism, VFR travel, airportscapes, climate change, Airbnb and creative tourism. Finally, as COVID-19 is potentially a defining historical moment for urban tourism, the volume incorporates historical research perspectives in order to address the overwhelming ‘present-mindedness’ of mainstream urban tourism writings. The book highlights the challenges and opportunities for tourism development in the environment of the urban global South and is relevant to scholars of both tourism and urban studies as well as researchers in development studies.

Victoria Hagan: Dream Spaces Victoria Hagan, David Colman, 2017-10-10 Breathtaking new interiors from this iconic designer, called “the reigning queen of restrained elegance” In her much-anticipated second book, Victoria Hagan features an exquisite selection of new interiors that embody the “soft modern” look that distinguishes her work. A major force in the design community, Hagan is the master of juxtaposing old and new, showing luxury through simplicity, and creating homes that reflect their owners’ lives. In these appealing, timeless projects—including a New York penthouse, a Nantucket beach house, and a Western ranch—formal architecture is loosened up with a generosity of spirit and an appreciation for the whimsies of style. Throughout, Hagan discourses on the spirit of the unexpected detail—a vintage mirror or a unique chair—that adds soul and modernity. After twenty-five years of running a successful business, she shares her philosophy on attaining good taste and expressing an attitude through her work. Victoria Hagan: Dream Spaces is a beautiful and inspiring collection of this design superstar’s work and a must for every interior design library.

The South African Informal Sector Frederick C. v. N. Fourie, Caroline Skinner, 2018 Although South Africa's informal sector is small compared to other developing countries, it nevertheless provides livelihoods, employment and income for millions of workers and business owners. Almost half of informal-sector workers work in firms with employees. The annual entry of new enterprises is quite high, as is the number of informal enterprises that grow their employment. There is no shortage of entrepreneurship and desire to grow. However, obstacles and constraints cause hardship and failure, pointing to the need for well-designed policies to enable and support the sector, rather than suppress it. The same goes for formalisation. Recognising the informal sector as an integral part of the economy,

rather than ignoring it, is a crucial first step towards instituting a 'smart' policy approach. The South African Informal Sector is strongly evidence- and data-driven, with substantial quantitative contributions combined with qualitative findings--suitable for an era of increased pressure for evidence-based policy-making--and utilises several disciplinary perspectives.--

Sa Duchesse Lucinda Brant,Marion Gabillard,2023-05-05 Le duc et la duchesse, avec leur jeune fils, vivent dans une jolie villa en périphérie de la commune royale de Versailles, où ils préparent la présentation d'Antonia à la cour. Ils sont accompagnés de Lord Valentine - qui a été mis dehors par sa femme - et de Martin Ellicott, qui apprend une nouvelle de la part du duc qui changera sa vie à jamais. Il s'est passé un an depuis que Roxton a sauvé Antonia des griffes de son cousin maléfique le comte de Salvan, mais Salvan continue à interférer de façon insidieuse dans leur vie depuis son lieu d'exil, et avec la collusion de vieilles tantes Salvan. Mais Roxton compte bien s'assurer que rien ni personne ne viendra gâcher le bonheur de Sa Duchesse, ni leur vie ensemble. Eruption in the Canyon Andrew Bennett,2021-09-07 A revelatory, fly-on-the-wall collection of photographs and stories documenting Eddie Van Halen at work in his famed but seldom seen 5150 studio, from the 2004 reunion with Sammy Hagar through the 2007 reunion with David Lee Roth. "When kids ask me how it feels to be a rock star, I say, 'I'm not a rock star. I'm not in it for the fame, I'm in it because I like to play.'" Eddie Van Halen A fortuitous call from a stranger in the middle of the night led to a once-in-a-lifetime assignment. The stranger was Eddie Van Halen. The assignment, as Eddie related it, was to "capture the truth. Show people how hard I work, because that's the truth." Having no idea where this would lead or in what form it might be shared, Andrew Bennett spent portions of the next two years relentlessly documenting everything that occurred inside Eddie's sanctuary: from rehearsals, recording sessions, and revealing conversations, to vicious arguments, a brotherly brawl, and a wild heist attempt in the middle of the night. Bennett memorialized every square foot of that sacred space, every piece of equipment, and every guitar—including Eddie's beloved Frankenstrat. Featuring more than two hundred photographs, and accompanied by intimate reflections on what the author witnessed, Eruption in the Canyon presents an incomparable portrait of one of the most revered artists in history.
