**A Spirit of True Learning** Matthew Jordan,2004 Written to commemorate the University of New England's fiftieth year as an independent institution, *A Spirit of True Learning* tells the story of the University's early struggles, its commitment to country students and the surrounding community, its rapid growth after autonomy, its

development of a strong tradition of teaching and research, and its experiences over the last decade within the context of government reform and rationalisation. This is also the story of a unique university. Like the Australian National University, UNE was founded during the great age of Australian nation-building and Keynesian optimism. Opened as an affiliate college of the University of Sydney in 1938, New England became autonomous in 1954. Its founders saw it as a deliberate attempt to bring the special advantages and the special problems of rural life in Australia under the spotlight of higher learning.-

La guitarra tropical chilena Gonzalo, Cordero Riquelme,2013-11-03 El presente libro es el resultado de una investigación histórica musical, motivada por la ausencia de material académico respecto a una variante del género tropical desarrollada específicamente en Chile: La Cumbia Porteña. Sin indagar demasiado en las razones que expliquen esta ausencia, he querido explorar, a través de mi experiencia como músico, en un estilo que considero propio de nuestra cultura popular. Como sabemos, este estilo se manifiesta

esencialmente en ambientes de celebración, manteniéndose distante del mundo académico dado el carácter autodidacta del género. Esto último le da un valor significativo, ya que ha sido traspasado de forma oral entre sus cultores, transformándose en una tradición entre los músicos del norte del país, lo que considero importantísimo en la enseñanza natural del arte. Según mi parecer, la tendencia a profundizar en estilos musicales arraigados en nuestras costumbres, ha ido en alza durante los últimos años. Además, creo necesaria la tarea de rescatar lenguajes arraigados en nuestra memoria. Tarea que en gran medida comienza con el respeto y admiración hacia nuestros intérpretes instrumentales.
