Storie, relazioni e business Andreina Mandelli, Alessandro Arbore, Chiara Piancatelli, 2022-07-07T00:00:00+02:00 I social media si stanno trasformando in ambienti sempre più ricchi di interazioni tra brand e consumatori. Per questo motivo, le aziende devono imparare a metterli al centro della propria visione strategica e della propria capacità di innovazione. Questo libro offre una panoramica del ruolo che i social media ricoprono nelle attività di marketing delle aziende. Quello di oggi è infatti un nuovo tipo di marketing. Da un lato perché utilizza ambienti di interazione – i social media – radicalmente diversi rispetto al passato; dall'altro perché ridisegna le relazioni tra aziende, clienti e tutti gli stakeholder, contribuendo a sviluppare nuovi business aziendali. Corredato da molti esempi tratti dalle più dinamiche realtà aziendali, il libro è indirizzato a tutti coloro che vogliano comprendere l'evoluzione degli aspetti digitali del marketing e le più recenti strategie di marketing utilizzate sulle piattaforme più diffuse come: Facebook, YouTube, Instagram, Twitter, LinkedIn, TikTok, WhatsApp, Twitch, WeChat, VKontakte.

Distinctly Modern Interiors Emily Summers, 2019-02-12 The first book by AD 100 designer Emily Summers, featuring interiors that celebrate a new idea of American modernism. Weaving mid-century Continental furniture and modern art by the likes of Frank Stella and Jasper Johns into important American homes, Summers has created a vast collection of cohesive, covetable interiors notable for

their streamlined beauty. From a contemporary city penthouse to a 1940s ranch, from Summers' Round House, to her 60s Palm Springs getaway, the homes featured range in period and style, but all will serve as inspiration to readers looking to decorate in a Modernist tradition. Summers shares her building blocks of a great modernist house: how the interior should reflect its setting; how to combine fine art with design; why the interior and architecture must be linked; how to build collections; how to modernize traditional houses; and how to restore existing modernist houses. This is essential reading for fans of modernism and minimalism.

Antropologia Motociclistica Giovanile Fabio Bianchi, 2023-06-01 La presente opera è da considerarsi una rassegna storica, nella quale vengono rimembrati gli stili dei mezzi motociclistici 50 cc e 125cc. Mediante diversificati approfondimenti, di natura antropologica, s'intrecciano velatamente riflessioni riconducibili all'aspetto ludico dei mezzi a due ruote motorizzati ed argomentate tematiche riguardanti l'essenza del viaggio in sella. Nei capitoli centrali vengono descritti i mezzi più diffusi nel quarantennio che ci ha preceduto ed accennate considerazioni riguardanti il tipico motore a due tempi, le elaborazioni e le personalizzazioni. Sino a giungere a descrivere il passaggio di tendenza odierno dal motore termico al motore elettrico, considerato la naturale evoluzione di tali mezzi.

Perl Template Toolkit Darren Chamberlain, Dave Cross, Andy Wardley, 2003-12-23 Among the many different approaches to templating with Perl--such as Embperl, Mason, HTML::Template, and hundreds of other lesser known systems--the Template Toolkit is widely recognized as one of the most versatile. Like other templating systems, the Template Toolkit allows programmers to embed

Perl code and custom macros into HTML documents in order to create customized documents on the fly. But unlike the others, the Template Toolkit is as facile at producing HTML as it is at producing XML, PDF, or any other output format. And because it has its own simple templating language, templates can be written and edited by people who don't know Perl. In short, the Template Toolkit combines the best features of its competitors, with ease-of-use and flexibility, resulting in a technology that's fast, powerful and extensible, and ideally suited to the production and maintenance of web content and other dynamic document systems. In Perl Template Toolkit you'll find detailed coverage of this increasingly popular technology. Written by core members of the technology's development team, the book guides you through the entire process of installing, configuring, using, and extending the Template Toolkit. It begins with a fast-paced but thorough tutorial on building web content with the Template Toolkit, and then walks you through generating and using data files, particularly with XML. It also provides detailed information on the Template Toolkit's modules, libraries, and tools in addition to a complete reference manual. Topics in the book include: Getting started with the template toolkit The Template language Template directives Filters Plugins Extending the Template Toolkit Accessing databases XML Advanced static web page techniques Dynamic web content and web applications The only book to cover this important tool, Perl Template Toolkit is essential reading for any Perl programmer who wants to create dynamic web content that is remarkably easy to maintain. This book is your surefire guide to implementing this fast, flexible, and powerful templating system.

This handbook consists of 20 chapters authored by experts in the field of teaching in the online environment to adult students enrolled in graduate university degree programs, corporate training programs, and continuing education courses. The book is organized to first lay a conceptual and theoretical foundation for implementing any online learning program. Topics such as psychological and group dynamics, ethical issues, and curriculum design are covered in this section. Following the establishment of this essential framework are separate sections devoted to the practical issues specific to developing a program in either an academic or corporate environment. Storytelling for Photojournalists Enzo dal Verme,2016-04 Learn what it takes to shoot reportage--photojournalistic images--from developing an idea, to making travel plans, to gathering the requisite information about the subject/scene and locale, to packing the appropriate gear and nailing the technical aspects of the shoot. Success in photojournalism is predicated on having a firm understanding of the business. Conceiving of a suitable reportage concept and getting a technically sound image may seem a simple task for photographers well-versed in photographing other subjects, but the truth is, photojournalism requires a special skill-set and understanding of what it is that such jobs entail. In this book, you'll learn what to shoot, how to shoot it, how and where to socialize and determine cultural basics that may impact how and what you can photograph, how to get your images onto editors' desks and in front of the eyes of the wider world audience, and how to make sales. STORYTELLING PHOTOJOURNALISTS is designed to help professional photographers and inspire photography novices who want to learn how to get the most out of a shooting trip. 128 pages of shooting strategies made clear in behind-the-scenes episodes illustrated with pictures from the Enzo Dal Verme's archive.
