

Viacom Media Networks

Janis Teruggi Page, Lawrence J. Parnell

Global Media Giants Benjamin Birkinbine, Rodrigo Gomez, Janet Wasko, 2016-07-01 Global Media Giants takes an in-depth look at how media corporate power works globally, regionally, and nationally, investigating the ways in which the largest and most powerful media corporations in the world wield power. Case studies examine not only some of the largest media corporations (News Corp., The Microsoft Corporation) in terms of revenues, but also media corporations that hold considerable power within national, regional, or geolinguistic contexts (Televisa, The Bertelsmann Group, Sony Corporation). Each chapter approaches a different corporation through the lens of economy, politics, and culture, giving students and scholars a thoughtful and data-driven guide with which to interrogate contemporary media industry power.

The King of Content Keach Hagey, 2018-06-26 The remarkable story of Sumner Redstone, his family legacy, and the battles for all he controlled. Sumner Murray Redstone (1923–2020), who lived by the credo content is king, leveraged his father's chain of drive-in movie theaters into one of the world's greatest media empires through a series of audacious takeovers designed to ensure his permanent control. Over the course of this meteoric rise, he made his share of enemies and feuded with nearly every member of his family. In *The King of Content*, Keach Hagey deconstructs Redstone's rise from Boston's West End through Harvard Law School to the highest echelons of American business. The ninety-seven-year-old mogul's life became a tabloid soap opera, the center of acrimonious legal battles throughout his vast holdings, which included Paramount Pictures and two of the largest public media companies, Viacom and CBS. At the heart of these lawsuits was Redstone's tumultuous love life and complicated relationship with his children. Redstone's daughter, Shari, has emerged as his de facto successor, but only after she ousted his closest confidant in a

fierce power struggle. Yet Redstone's assets face an existential threat that goes beyond his family, disgruntled ex-girlfriends, or even the management of his companies: the changing nature of media consumption. As more and more people cut their cable cords, CBS, with its focus on sports and broadcast TV, has held steady, while Viacom, with its once-great cable channels like MTV and Nickelodeon, has suffered a precipitous fall. As their rivals merge, the question is whether Shari's push to undo her father's last big strategic maneuver and recombine CBS and Viacom will be enough to shore up their future. A biography and corporate whodunit filled with surprising details, *The King of Content* investigates Redstone's impact on business and popular culture, as well as the family feuds, corporate battles, and questionable alliances that go back decades—all laid bare in this authoritative book.

Mass Communication Ralph E. Hanson, 2018-11-15 Transform your students into smart, savvy media consumers. A book that students find fun to read and instructors consider educationally valuable, *Mass Communication: Living in a Media World* provides the media literacy principles and critical thinking skills that students need to become self-aware media consumers. Known for his storytelling approach, bestselling author Ralph E. Hanson uses examples drawn from everyday life to explain the many dimensions of mass media that operate in our society. This newly revised Seventh Edition is packed with contemporary examples and compelling stories that illustrate the latest developments and recent events that are changing the face of media today.

Big Media, Big Money Ronald V. Bettig, Jeanne Lynn Hall, 2012-05-04 *Big Media, Big Money* is a lively and scathing critique of the contemporary communications industry, examining how media ownership and the profit-making motive affect the messages we receive in alarming ways. Through close readings of recent news events and critical examination of corporate influence, Bettig and Hall

conclude that current interconnections among media, big business, government, and education pose a serious threat to democratic communications. The second edition includes three new chapters, covering the contemporary Hollywood film industry; the changing landscape of the music industry; and “ad creep,” the proliferation of advertising into previously ad-free venues such as schools and children’s television programming.

Media Promotion & Marketing for Broadcasting, Cable & the Internet Susan Tyler Eastman, Douglas A. Ferguson, Robert Klein, 2012-11-12 This highly regarded textbook covers all aspects of promotion for television, cable and radio and has now been updated to include online marketing and promotion and Web message design.

Focus On: 100 Most Popular 21st-century American Musicians Wikipedia contributors,

Focus On: 100 Most Popular American Male Guitarists Wikipedia contributors,

Intercultural Communication, Identity, and Social Movements in the Digital Age Margaret U. D'Silva, Ahmet Atay, 2019-12-06 This book examines the complex and multidimensional relationship between culture and social media, and its specific impact on issues of identity and social movements, in a globalized world. Contemporary cyber culture involves communication among people who are culturally, nationally, and linguistically similar or radically different. Social media becomes a space for mediated cultural information transfer which can either facilitate a vibrant public sphere or create cultural and social cleavages. Contributors of the book come from diverse cultural backgrounds to provide a comprehensive analysis of how these social media exchanges allow members of traditionally oppressed groups find their voices, cultivate communities, and construct their cultural identities in multiple ways. This book will be of great relevance to scholars and students working in the field of media and new media studies, intercultural communication,

especially critical intercultural communication, and academics studying social identity and social movements.

RuPaul's Drag Race and the Shifting Visibility of Drag Culture Niall Brennan, David Gudelunas, 2017-08-25 This book identifies and analyzes the ways in which RuPaul's Drag Race has reshaped the visibility of drag culture in the US and internationally, as well as how the program has changed understandings of reality TV. This edited volume illustrates how drag has become a significant aspect of LGBTQ experience and identity globally through RuPaul's Drag Race, and how the show has reformed a media landscape in which competition and reality itself are understood as given. Taking on lenses addressing race, ethnicity, geographical origin, cultural identity, physicality and body image, and participation in drag culture across the globe, this volume offers critical, non-traditional, and first-hand perspectives on drag culture.

The Viacom/CBS Merger United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust, Business Rights, and Competition, 2001

Our Revolution Bernie Sanders, 2016-11-15 An inside account of Sanders' extraordinary campaign—and a blueprint for future political action.

Who Owns the Media? Benjamin M. Compaine, Douglas Gomery, 2000-07-13 This thorough update to Benjamin Compaine's original 1979 benchmark and 1982 revisit of media ownership tackles the question of media ownership, providing a detailed examination of the current state of the media industry. Retaining the wealth of data of the earlier volumes, Compaine and his co-author Douglas Gomery chronicle the myriad changes in the media industry and the factors contributing to these changes. They also examine how the media industry is being reshaped by technological forces in all segments, as well as by social and cultural reactions to these forces. This third edition of *Who*

Owens the Media? has been reorganized and expanded, reflecting the evolution of the media industry structure. Looking beyond conventional wisdom and expectations, Compaine and Gomery examine the characteristics of competition in the media marketplace, present alternative positions on the meanings of concentration, and ultimately urge readers to draw their own conclusions on an issue that is neither black nor white. Appropriate for media practitioners and sociologists, historians, and economists studying mass media, this volume can also be used for advanced courses in broadcasting, journalism, mass communication, telecommunications, and media education. As a new benchmark for the current state of media ownership, it is invaluable to anyone needing to understand who controls the media and thus the information and entertainment messages received by media consumers.

Introduction to Public Relations Janis Teruggi Page, Lawrence J. Parnell, 2020-09-11
Introduction to Public Relations: Strategic, Digital, and Socially Responsible Communication presents a comprehensive introduction to the field of public relations (PR) with a focus on new media and social responsibility. Recognizing that the shifts in technology, business, and culture require a fresh approach, authors Janis Teruggi Page and Lawrence J. Parnell show students how today's PR professionals create persuasive messages with modern technologies while working in line with the industry's foundations. The authors balance this approach with a focus on understanding communication theory, history, process, and practice, and how all these concepts can be applied to strategic PR planning. The Second Edition features new and refreshed content throughout, including cases, chapter-opening scenarios, and profiles of both young and senior practitioners with tips and career guidance for student success. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a

test bank and editable, chapter-specific PowerPoint® slides.

International Communication Daya Kishan Thussu, 2018-12-27 The third edition of International Communication examines the profound changes that have taken place, and are continuing to take place at an astonishing speed, in international media and communication. Building on the success of previous editions, this book maps out the expansion of media and telecommunications corporations within the macro-economic context of liberalisation, deregulation and privatisation. It then goes on to explore the impact of such growth on audiences in different cultural contexts and from regional, national and international perspectives. Each chapter contains engaging case studies which exemplify the main concepts and arguments.

Vigilante Feminists and Agents of Destiny Laura Mattoon D'Amore, 2021-04-07 This book tracks the vigilante feminist teenage super/heroine in comics and YA literature, a character who acts as a vigilante on behalf of the protection of girls and women. It traces the trajectory of super/heroines who experience violent trauma and are subsequently empowered by use of violence to reclaim control over their lives and bodies.

Global Entertainment Media Anne Cooper-Chen, 2006-04-21 Global Entertainment Media offers a unique perspective on entertainment media worldwide. As one of the first comprehensive books to address entertainment mass media worldwide, it addresses students as TV watchers and takes them to new places, both geographically and intellectually. Editor Anne Cooper-Chen has gathered an international group of scholars to explore such concepts as psychology, gratifications, and effects of media entertainment and its relation to national cultures, as well as to discuss the business of international TV trade by transnational media corporations. In this volume, experts discuss the content, audiences, and cultural and legal aspects of their respective countries, all of

which are major TV markets. The country-specific chapters draw on the individual insights, expertise, and currency of 10 resident authors. Contributions represent every hemisphere of the globe, offering detailed examinations of media entertainment in United Kingdom, Germany, Egypt, Nigeria, South Africa, India, Japan, China, Brazil, and Mexico. The two concluding chapters provide cross-national case studies that look at familiar TV experiences--The Olympics and the Who Wants to Be a Millionaire show--in global and novel ways. Global Entertainment Media is intended for students in international media, comparative media, cross-cultural communication, and television studies, and it also has much to offer scholars and researchers in entertainment media.

Global Communication Thomas L. McPhail, 2011-08-31 Global Communication is the most definitive text on multi-national communication and media conglomerates, exploring how global media, particularly CNN, the BBC, Euronews, and Al Jazeera, influence audiences and policy makers alike. Includes four completely new chapters on Asian media, Euromedia, the Middle East, and public diplomacy from a post 9/11 perspective Updates the story of arab media with a section on Arab Media and the Al Jazeera Effect by Middle East-based expert Lawrence Pintak Covers the global war on terrorism and the substantial US investment in Iraqi media Provides updated accounts and overviews of the largest and most important media corporations from around the world, from MTV and CNN to Bollywood Incorporates discussions of Hulu, YouTube, Myspace, and the Twitter phenomenon as well as new stakeholders in global online media

Terminated for Reasons of Taste Chuck Eddy, 2016-08-25 In Terminated for Reasons of Taste, veteran rock critic Chuck Eddy writes that rock'n'roll history is written by the winners. Which stinks, because the losers have always played a big role in keeping rock interesting. Rock's losers share top billing with its winners in this new collection of Eddy's writing. In pieces culled from outlets as

varied as the Village Voice, Creem magazine, the streaming site Rhapsody, music message boards, and his high school newspaper, Eddy covers everything from the Beastie Boys to 1920s country music, Taylor Swift to German new wave, Bruce Springsteen to occult metal. With an encyclopedic knowledge, unabashed irreverence, and a captivating style, Eddy rips up popular music histories and stitches them back together using his appreciation of the lost, ignored, and maligned. In so doing, he shows how pop music is bigger, and more multidimensional and compelling than most people can imagine.

Sports Business Management George Foster, Norm O'Reilly, Antonio Dávila, 2020-08-09 This new edition of a widely adopted textbook equips students with a comprehensive understanding of the sport industry. With a focus on management, strategy, marketing and finance, the decision-making approach of the book emphasizes key concepts while translating them into practice. Content specific to each of the vital stakeholders in the sport business is included. Foster, O'Reilly and Dávila present a set of modular chapters supported with international examples. Supplementary materials available to instructors include mini-cases, full case studies, activities, in-class lecture materials and exercises to help students apply the decision-making approach to real-world situations. The book includes content about sport organizations, such as the Olympic Games, FIFA World Cup, the European Premier Leagues and Major North American Professional Sport Leagues. Stanford cases are updated for the second edition and entirely new chapters cover the latest topics, including esports, sports gambling, fantasy sports and crisis management. This is an ideal textbook for upper-level undergraduate and postgraduate students of sports business and management.

Introduction to Strategic Public Relations Janis Teruggi Page, Lawrence J. Parnell, 2017-11-30 This practical introductory text presents the comprehensive field of public relations as it is today and

as it will be tomorrow, exploring how public relations can play an active role in the betterment of society.
