Wyatt Earp: A Vigilante Life Andrew C. Isenberg, 2013-06-25 Finalist for the 2014 Weber-Clements Book Prize for the Best Non-fiction Book on Southwestern America In popular culture, Wyatt Earp is the hero of the Gunfight at the O.K. Corral in Tombstone, Arizona, and a beacon of rough cowboy justice in the tumultuous American West. The subject of dozens of films, he has been invoked in battles against organized crime (in the 1930s), communism (in the 1950s), and al-Qaeda (after 2001). Yet as the historian Andrew C. Isenberg reveals in Wyatt Earp: A Vigilante Life, the Hollywood Earp is largely a fiction—one created by none other than Earp himself. The lawman played on-screen by Henry Fonda and Burt Lancaster is stubbornly duty-bound; in actuality, Earp led a life of impulsive lawbreaking and shifting identities. When he wasn't wearing a badge, he was variously a thief, a brothel bouncer, a gambler, and a confidence man. As Isenberg writes, He donned and shucked off roles readily, whipsawing between lawman and lawbreaker, and pursued his changing ambitions recklessly, with little thought to the cost to himself, and still less thought to the cost, even the deadly cost, to others. By 1900, Earp's misdeeds had caught up with him: his involvement as a referee in a fixed heavyweight prizefight brought him national notoriety as a scoundrel. Stung by the press, Earp set out to rebuild his reputation. He spent his last decades in Los Angeles, where he befriended Western silent film actors and directors. Having tried and failed over the course of his life to invent a better future for himself, in the end he invented a better past. Isenberg argues that even though Earp, who died in 1929, did not live to see it, Hollywood's embrace of him as a paragon of law and order was his greatest confidence game of all. A searching account of the man and his enduring legend, and a book about our national fascination with extrajudicial violence, Wyatt Earp: A Vigilante Life is a resounding biography of a singular American figure.

The Dreamcast Encyclopedia Chris Scullion, 2023-11-30 The Dreamcast Encyclopedia is the fifth book in Scottish author and games journalist Chris Scullion's critically-acclaimed series of video game encyclopedias. The Sega Dreamcast is fondly remembered by

players as a games console that was ahead of its time, almost to a fault. Its incredible graphics offered a level of detail that hadn't been seen on home systems to that point, and its built-in modem brought online multiplayer to many console players for the first time ever. Ultimately though, the release of the PS2 (and later the GameCube and Xbox) led to struggling sales and Sega would eventually pull the plug on the Dreamcast just two years into its life, bowing out of the console manufacturing business altogether. On paper the Dreamcast was a commercial failure, but those who owned one remember it so fondly that for many it remains one of the greatest games consoles of all time, with a small but well-formed library of high-quality games. This book contains every one of those games, including not only the entire western library of around 270 titles, but also the 340 or so games that were exclusively released in Japan. With over 600 games covered in total, screenshots for every title and a light-hearted writing style designed for an entertaining read, The Dreamcast Encyclopedia is the definitive guide to one of the most underrated gaming systems of all time.

Community itself is a concept, an experience, and a central part of being human. This pioneering major reference work seeks to provide the necessary definitions of community far beyond the traditional views.

New Developments in Online Marketing Stephen Tagg, Alan Stevenson, Tiziano Vescovi, 2013-09-13 There can be little doubt about the profound impact that the Internet has had on all aspects of business over the past decade. Indeed, it is now widely accepted that we have entered a new and even more revolutionary phase in the development of the Net as a global marketing and communications platform; a phase characterised by information 'pull' rather than 'push', user-generated content, openness, sharing, collaboration, interaction, communities, and social networking. New generation Web-based communities and hosted applications are beginning to have a major impact on customer behaviour across a diverse range of industries. These new applications represent a fundamental change in the way people use the Internet, their online expectations, and experiences. From a marketing perspective, the most distinctive feature is not the technology involved but rather the growth of a new global culture – a 'Net generation' culture based on decentralised authority rather than hierarchy and control, online socialising and collaboration, user-generated and distributed content, open communications, peer-to-peer sharing, and global participation. Success in this new online environment, characterised by people and network empowerment, requires new 'mindsets' and innovative approaches to marketing, customer, and network relationships. This book makes a valuable contribution to the field by examining recent and future developments in online marketing, including the revolutionary impact of new media. Chapters cover a wide range of topics, including: information exchange on bulletin board systems and in online consumer portals; Web 2.0 and 'New-Wave Globals'; online tribal marketing; co-creation; industry impact; privacy issues; online advertising effectiveness; and practitioner prognostics for the future of online marketing. This book was originally published as a special issue of the Journal of Marketing Management.

Politics of Urban Planning Luca Pattaroni, Amita Bhide, Christine Lutringer, 2022-03-29 This book offers an interdisciplinary and dynamic account of the politicization of urban planning in Mumbai, India. It presents a unique perspective on the tensions and conflicts pervading the development and regulation of contemporary cities in the wider context of global urbanization, and broadens readers' understanding of urban planning, chiefly focusing on the interplay between grassroots movements, experts' involvement, and sociotechnical questions. As the respective chapters of the book show, the various controversies surrounding the Mumbai Development Plan (MDP) have called into question the social and political effects of reshaping the city, the exclusion, and inequalities it has produced, but also the role it confers on the state and the market, and its impacts on the environment. After carefully describing these controversies, the book tackles the fundamental democratic question of who gets to define the future of a city. Given its scope, the book is of interest to researchers, students, and teachers of city planning, urban development, and urban studies, as well as policymakers.

Vigilante: Southland Gary Phillips, 2018-02-06 VIGILANTE: SOUTHLAND is a hard-hitting tale of revenge and redemption from acclaimed crime novelist Gary Phillips (PEEPLAND) and artist Elena Casagrande (SUICIDE RISK) that puts an uncompromising, contemporary spin on the classic Marv Wolfman and George Pérez-created character. Donny thought he had it all. A cushy life in L.A. and a brilliant and beautiful girlfriend, Dorrie. While Donny just never seemed to have time for social causes, Dorrie dedicated her life to fighting societal and racial injustice...but crime and corruption have a way of fighting back. Now Dorrie's dead...and Donny is left behind to take up the battle. It's the last thing he ever expected, but the more he learns about the shadowy forces that killed the woman he loved, the more determined he is to find justice—by any means necessary. Conspiracies. Corporations. Assassins. Family secrets best left buried. The system can't stop any of them from taking their bloody toll, but Donny can. All he needs is his fists, his smarts, a little training...and a mask. Because sometimes doing the right thing means breaking the law. He is the Vigilante. How far will he go to set the wrong things right? Collects VIGILANTE: SOUTHLAND issues #1-6, with the first publication of issues #4-6.
