**Visible!** Oliver Pott, Jan Bargfrede, 2023-05-17 How to make your company unmissable! Flashes everywhere, loud, turned-up commercials appear on the screens. A day without advertising catching our eye is hardly imaginable in modern everyday life. Customer attention is a valuable commodity. But how can companies easily and effectively catch the eye of potential customers and convince them of their own product or service? In this book, online marketing expert Oliver Pott explains how you can achieve smart and sustainable visibility for your company in just six steps in order to address particularly relevant target groups and thereby significantly increase your sales. If you also master the three dimensions of valuable visibility – consisting of relevance, authority and storytelling – you can completely abandon flashy campaigns in the future and still remain visible and relevant.

EBOOK: Services Marketing: Integrating Customer Focus Across the Firm Alan Wilson, Valarie Zeithaml, Mary Jo Bitner, Dwayne Gremler, 2012-06-16 The Second European Edition of Services Marketing: Integrating Customer Focus Across the Firm by Wilson, Zeithaml, Bitner and Gremler uniquely focuses on the development of customer relationships through quality service. Reflecting the increasing importance of the service economy, Services Marketing is the only text that put the customer's experience of services at the centre of its approach. The core theories, concepts and frameworks are retained, and specifically the gaps model, a popular feature of the book. The text moves from the foundations of services marketing before introducing the gaps model and demonstrating its application to services marketing. In the second edition, the book takes on more European and International contexts to reflect the needs of courses, lecturers and students. The second edition

builds on the wealth of European and International examples, cases, and research in the first edition, offering more integration of European content. It has also be fully updated with the latest research to ensure that it continues to be seen as the text covering the very latest services marketing thinking. In addition, the cases section has been thoroughly examined and revised to offer a range of new case studies with a European and global focus. The online resources have also been fully revised and updated providing an excellent package of support for lecturers and students.

**Contact** Carl Sagan, 2016-12-20 Pulitzer Prize-winning author and astronomer Carl Sagan imagines the greatest adventure of all—the discovery of an advanced civilization in the depths of space. In December of 1999, a multinational team journeys out to the stars, to the most awesome encounter in human history. Who—or what—is out there? In *Cosmos*, Carl Sagan explained the universe. In *Contact*, he predicts its future—and our own.
