Miri's Vision (Series: Visions, Inc) Evan Clements,2013-07-06 Can you imagine waking from a good sleep to hear a stranger's voice calling out to you for help? Concerned for them but frightened and alone in your own home, you somehow find the courage to foolishly look for the person that has broken in and is begging you for help. So begins Miri's story about a gift she did not know she possessed. A gift and in her opinion a curse as over many days and nights the weak voice haunts her. In her house, in her car, in the dog park, by the lake, the voice follows wherever she would go. Miri grew up with only her uncle as parent and companion. He knew of the gift as others in their family struggled with the voices and what Miri learned were called visions. Very few past visions were as haunting as this first vision for his niece. At 27, she had overcome so much strife in her young life, losing her parents and her boyfriend the night before graduation in a car wreck that also claimed her legs. She learned the name of the man that needed her help. He was a voice from her past and was in trouble. Miri's Uncle Matt and his new wife, Terri plus the man Miri had just begun to date after a long period of low self esteem each vowed to help her. That help and her efforts to save the man behind the voice put them all in peril. So much for this being Miri's gift. Oh, and she had another crime fighter, Spudinsky, her faithful service dog. For the reasons that unfold in this first book of the series, you will learn of many others that possess this gift of vision or as some call it, The Vision.

The Book of Visions Ian Corrigan,2012 The Druid's Peace & the Sorcerer's Eye The practice of

magical arts requires a mind trained in the ability to produce altered states of awareness at will. Magical work is supported by the ability to calm the heart and mind, to work with the energies of the Inner World, and to see and journey among the spirits. The Book of Visions provides lessons in the skills of meditation and vision. The methods are presented in a series that can serve as progressive lessons, or stand alone. Presented within a Pagan Druidic framework, the methods are easily adaptable to other Pagan systems. The lessons include: - Meditation - Finding Your Peace - The Two Powers; Underworld and Heavens - The Threshold Realm, & the Vision Journey; - The Inner Grove; a personal place of power. - The Nineteen Working: a spiritual practiced based firmly on Gaelic lore. Ian Corrigan is an Archdruid Emeritus and a Senior Priest of Ar nDraiocht Fein (ADF).

Vision Stories John E. Sumwalt, 2002 * What if Moses had never told anyone about the burning bush? * What if Paul had kept quiet about his experience on the road to Damascus? * What if John had never written a word of what he saw during his exile on Patmos? The Bible is filled with mystical stories, yet modern culture is often uncomfortable with the concept of spiritual visions. Though a recent study showed that as many as 44% of Americans have had some sort of mystical experience, people are frequently hesitant to share holy moments that might seem strange to others. But John Sumwalt discovered that whenever a small group is gathered together and a vision story is told, two or three others will recount a similar episode. Almost everyone has either a personal vision story or knows of a friend's experience -- and if they know that its sacredness will be honored, most people want to tell their story. This remarkable collection shares 69 authentic, life-changing narratives that witness to the Lord's power and presence. Many of these intensely personal accounts have never been told before, and whether they concern visions, healing, or answers to prayer, they all demonstrate our spiritual thirst, as well as the indescribable joy, comfort, and peace that comes from encountering the divine. Each illustrates a scripture passage from Cycle B of the Revised Common Lectionary -- so *Vision Stories* is an especially valuable resource for lectionary preaching. But even more, it's inspiring reading for personal devotion and spiritual growth. This wonderful collection of stories reminds us of a fact our world desperately needs to know -- that God is alive and well and ready to be at work in our daily lives. J. Ellsworth Kalas Author of *New Testament Stories* from the

Back Side John Sumwalt has given us a treasury of God's meetings with the daily lives of people. Too often we think of God as hidden away in the stories of the Bible. Here we see God now encountering people in surprising ways of grace. May these stories encourage us to tell one another our stories of God's meetings with us as well. Dwight Judy Author of Quest for the Mystical Christ I am very impressed with Vision Stories as a resource for preaching, teaching, and spiritual formation reading. These stories help us to meet what may be the greatest spiritual need of our time -- to know and to share the experience of the reality of God and the spiritual realm in a materialistic world. Charles R. Gipson Author of The Three-Year Community for Spiritual Formation Through stories and scriptural comparisons, Sumwalt offers insight into the extraordinary spiritual experiences of ordinary people. Cheryl Kirking Author of Ripples of Joy A noted storyteller, John E. Sumwalt is the senior pastor of Wauwatosa Avenue United Methodist Church in Milwaukee, Wisconsin. The author of CSS' acclaimed Lectionary Stories series, Sumwalt leads seminars and retreats on sharing and understanding visions.

Visions Tim Harpman, 2010-08 He wanted me to tell people about him. What it was like to know him, to be around him, to listen to him. I pulled up across from the girl's house. Always polite, she thanked me for the ride and started to open the door. Instantly, bright lights scorched our eyes. Huge searchlights exploded on all sides. An even brighter light burst from above, accompanied by the thumping of helicopter blades. FREEZE!, boomed a voice from seemingly nowhere. The girl froze - half in and half out of the car. I was too stunned to move. Black shadows of men could barely be seen beyond the lights. No one moved. No one spoke. Then finally, a softer voice was heard, saying It's okay. It's coach. - Chapter one: School and Kids So I ran that day, sweating and praying. The dog trotted ahead, always sniffing and - as usual - curious about life. All of a sudden, there came a noise like a mighty wind, but there was no wind. The dog stopped and looked at me as if to say, Uh, dude,

what's up with that? - Chapter three: Animals It took me a minute to speak. I was having a hard time taking it all in. A woman I never met before sat beside me. God spoke to her, about me. There was no way she could have known what was happening in my life, since up to that point, I hadn't even told my own family. Yet it upset her so much that she had literally cried during the entire service. -Chapter six: Church A moment went by, and I listened carefully. Now, what do you see? Instantly the room exploded with blinding light. I blinked back the brightness, and thunder rolled nearby. - Chapter eight: Visions

We’ve never had a year end sales meeting with content that was met with such widespread acceptance and enthusiasm.” —Jerry D. Cline, Senior Vice President, Retail Sales and Marketing, AmerisourceBergen Drug Company “The best salespeople sit across the table and make change easy for their customer by creating a succinct story and vision for what to change, how to change it, and how it will impact customer results. At Kronos our results are a reflection of the power of the tool.” —Aron Ain, CEO, Kronos About the Book: In today’s highly competitive world of complex sales, commoditization of your brand is one of the greatest dangers. You must differentiate yourself from the competition—or you will lose out. And the way to do that is through customer engagement. Rather than sell your own corporate story and brand message, you need to tell customers their story—the one in which they are the heroes and they achieve success. Erik Peterson and Tim Riesterer have been developing and honing their Power Messaging sales technique for more than 20 years, and now they reveal all their secrets in *Conversations That Win the Complex Sale*. Presenting a catalog of facts or playing 20 questions with prospective customers is the surest way to

lose the sale. Peterson and Riesterer provide the tools you need to recraft your message into a compelling story that wins more deals. With *Conversations That Win the Complex Sale*, you'll learn how to: Differentiate yourself from the competition by finding your "Value Wedge" Avoid parity in your value propositions by creating "Power Positions" Create a message that can literally double the number of deals you close Spike customer attention and create "Wow" in your conversations Prove all your claims without resorting to lists of boring facts and statistics Your competitors are out there telling their own corporate story—a story customers don't want to hear. Now is the time to seize the moment. This book is the one and only source you need to reframe your sales story and turn the tables on the competition by fully engaging their would-be customers. *Conversations That Win the Complex Sale* helps you create and deliver messages that customers care about, giving your brand the clear edge in today's crowded markets.
