Vladimir Stepanovich Sobolev Vladimir Stepanovich Sobolev,

Vasily Surikov Vladimir Kemenov, 2022-07-31 Born in Krasnoyarsk in 1848, Surikov died in Moscow in 1916. He is one of the great masters of history painting, and he occupies a special place in Russian culture. Like Delacroix, he believed that history was not a pretext for nice painting but an inexorable drama with neither culprits nor innocents but rather people driven by invisible forces. He was very knowledgeable about Russian history, and his paintings deal with crucial moments. He sought in historical events the answers to pressing problems of his time. Here is a book about a painter little-known in the West, analysed with understanding by one of the greatest Russian art critics.

Moscow of Mikhail Bulgakov Vladimir A. Kolganov, 2016-03-21 This book is dedicated to the memory of the famous Russian writer Mikhail Bulgakov. May 15, 2015 marks the 125th anniversary of his birth. 50 years ago, the novel *The Master and Margarita* was first published in Russian magazine *Moscow*. The materials, used in this book, are known to Russian readers from monographs *House of Margarita and Bulgakov* and *Margarita*, published in Russian. Some of the photos were borrowed from the book *Old Moscow: 1890-1940* published on Amazon.com. However, time goes on, so new photos and new materials appeared, in particular, about the work of Bulgakov in Moscow newspapers and theaters.

A Russian Intellectual Odyssey 1879-1919 Nikolai Borodin, Vladimir Borodin, 2013-12-02 This memoir depicts an eyewitness account of some of the social and political antecedents to the 20th Century's pivotal cataclysms. While broad in scope this is the light but illuminating story of a scientist, politician, traveler, and patriot's odyssey leading up to and including World War I and the Russian Revolutions. Readers will live the sweeping story of positive and negative synergies in science, technology, and government played out on a local, national and global scale. This account should provide a human dimension and insights into an otherwise complex chain of events that led to the major turning point for Western Civilization in the 20th Century.

The Ivankiad Владимир Войнович, 1977 About a writer trying to get an apartment in the bureaucratic clog of the Soviet system.

Highly Likely Vladimir Kolganov, 2018-06-03 This is a fantastic, detective story about what happened or could happen in Russia, the UK and the US in the spring of 2018. Many well-known persons became participants of this story, willingly or unwillingly. Everything that is told here, can be taken as a joke or

seriously, how anyone will like it. However, the author's intention was to prove a simple truth: disregard for moral principles will lead us to a sad ending.
