John MURRAY (F.S.A., F.L.S., etc.)

Turbulent Times and Enduring Peoples Jean Michaud, Jan Ovesen, 2013-12-16
Scattered across the South-East Asian massif, a few dozen ethnic groups (numbering around 50 million) maintain highly original cultural identities and political and economic traditions, against pressure from national majorities. They face the same challenges. The means by which social change has been imposed by the lowlanders are similar from country to country, and the results are comparable. The originality of this book lies in the combination of multi-disciplinary mixing of social anthropology, history and human geography; multi-culturality grouping together several cultural contexts; trans-nationality straddling five countries and bridging the traditional divide between South China and Mainland South-East Asia; and history reaching back 300 years.

Sacred Gifts, Profane, Pleasures Marcy Norton, 2008 Focusing on the Spanish Empire, Marcy Norton investigates how tobacco and chocolate became material and symbolic links to the pre-Hispanic past for colonized Indians and colonizing Europeans alike. Botanical ambassadors of the American continent, they also profoundly affected Europe. Tobacco, once condemned as proof of Indian diabolism, became the constant companion of clergymen and the single largest source of state revenue in Spain. Before coffee or tea became popular in Europe, chocolate was the drink that energized the fatigued and uplifted the depressed. However, no one could quite forget the pagan past of tobacco and chocolate, despite their apparent Europeanization: physicians relied on Mesoamerican medical systems for their understanding of tobacco; theologians

looked to Aztec precedent to decide whether chocolate drinking violated Lenten fasts.
