**The Wallpaper Book** Genevieve Brunet, 2012-05-15 A wealth of design inspiration for any home: wallpaper styles to suite every taste, from nostalgic floral prints to playful retro revivals. While it has long been an essential element of interior decor, wallpaper is currently experiencing a creative boom. This everyday material has always reflected social shifts as well as changing fashions, and now designers everywhere are rediscovering its versatility, using it to achieve a variety of imaginative effects. It can add texture, warmth, wit, or personality to any space, becoming a tranquil backdrop or a striking conversation piece. A room may be papered with a profusion of patterns, or a wallpaper mural can make a bold statement, even blurring the boundaries between design and art installation. This book explores the art of wallpaper from its historical beginnings to the present day. Beginning with the handcrafted papiers peints of the eighteenth century through the Arts and Crafts movement, modernism, and Pop art, it traces the influences behind today's popular motifs and showcases a dazzling selection of the very best in contemporary wallpaper. Some designers are reviving and reinventing traditional craft techniques while others embrace the latest in digital printing technology, even incorporating glow-in-the-dark effects or LED lights.

**The Yellow Wallpaper** Charlotte Perkins Gilman, 2023-03-06 Edited with a new introduction by Aimee McLaughlin The Yellow Wallpaper by American writer Charlotte Perkins Gilman, first published in January 1892, is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. What happens when a woman is pushed too far? Is she able to express her thoughts and feelings, or is she forced towards the expectation of behaving 'normally' again soon? A woman travels with her husband to an old colonial mansion after a nervous breakdown triggered by the birth of their child. Confined to the

nursery and allowed only to breathe fresh air, eat well and rest in line with a regimented 'cure', she slowly begins to unravel at the seams. Her only distraction is writing in secret – that, and the woman she begins to see trapped inside the yellow wallpaper of the room itself. Isolated and breaking apart, she sets herself a task: to free the woman, and to become one with her temporary confinement. Charlotte Perkins-Gilman's 'The Yellow Wallpaper' presents a harrowing, disturbing account of mental stress, confinement and female turmoil - within which the only available solace can be found inside four peeling, sickly yellow walls ... Our new edition also features the sequence of poems *Woman* by Charlotte Perkins Gilman. The gothic genre offers Gilman an effective mode of diagnosing contemporary culture whilst in tandem expressing her ensuing fears and anxieties. Gilman within this novella, gothicises the domestic setting, inverting the pillars of domesticity: family, security and understanding, in turn unveiling the dangers lurking behind the familiarity of gender roles within marital relations. The intimate first-person narration of the narrative serves to enhance Gilman's exposure of the oppressive forces of a male-dominated society, as she deplores her protagonist's inferior position in her domestic arrangement. The female narrator is encumbered by masculine superiority, undoubtedly dwelling in the middle of patriarchy. Embedded within her characterisation is the subjugated role bestowed upon Victorian women. Gilman projects derangement onto a familiar literary figure — the middle-class wife and mother — placing the source of this madness in the inviolate sphere for dutiful women — the home. from the new introduction to *The Yellow Wallpaper* by Aimee McLaughlin

**The Yellow Wallpaper** Charlotte Perkins Gilman,2021-08-30 The Yellow Wallpaper Charlotte Perkins Gilman - The Yellow Wallpaper is regarded as an important early work of American feminist literature, illustrating attitudes in the nineteenth century toward women's physical and mental health. The story also has been classified as Gothic fiction and horror fiction. The story is written as a collection of first person journal entries written by a woman whose physician husband has confined her to the upstairs bedroom of a house that he has rented for the summer. She is forbidden from working, and has to hide her journal entries from him, so that she can recuperate from what he calls a temporary nervous depression-a slight hysterical tendency, a diagnosis common to women in that period. Her husband controls her access to the rest of the house. In the end, she imagines that there are women creeping around behind the patterns of the wallpaper, and

comes to believe that she is one of them. She locks herself in the room, now the only place where she feels safe, refusing to leave when the summer rental is up.

### **YELLOW WALLPAPER** CHARLOTTE PERKINS

GILMAN, 2022-08-26 THE YELLOW WALLPAPER is a short story by Charlotte Perkins Gilman, published 1892, and is regarded as an important early work of American feminist literature for its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman who is isolated in her room to help her “recuperate” from depression and hysteria. The narrator devotes many journal entries to describing the sickly

yellow wallpaper in the room. She describes how the longer one stays in the bedroom, the more the wallpaper appears to mutate, especially in the moonlight. With no stimulus other than the wallpaper, the pattern and designs become increasingly intriguing to the woman. She soon begins to see a figure in the design and eventually comes to believe that a woman is creeping on all fours behind the pattern. Believing she must free the woman in the wallpaper, the woman begins to strip the remaining paper off the wall.

Wallpaper Patterns , 2009 This gem of a book examines the recent and growing trend to re-imagine wallpaper - from its design and materials, to its applications. Traditionally grounded in old world charm, the wallpaper of today has become infused by modern sensibilities and contemporary art. With such varied sources of inspiration as street art, pop and urban culture, and the natural world, the boundaries of this art form are being stretched to encompass a wide range of possibilities.

*Wallpaper and the Artist* Marilyn Oliver Hapgood, 1992 The book examines how major artists over the last five centuries have approached wallpaper design. From Durer, who conceived his designs as seriously as he did a fine woodcut, to William Morris, who believed that wallpaper, like all good design, should transform our lives, to Andy Warhol, whose fascination with multiple images inspired brilliant parodies of the wallpaper tradition, the artists represented here reveal the rich complexity inherent in the art of pattern and form that constitutes wallpaper design.
