Chaos Engineering Casey Rosenthal, Nora Jones, 2020-04-06 As more companies move toward microservices and other distributed technologies, the complexity of these systems increases. This practical guide shows engineers how to navigate complex systems while optimizing to meet business goals. Two of the field's prominent figures, Casey Rosenthal and Nora Jones, pioneered the discipline while working together at Netflix. Tardigrade Nathaniel Johnson, 2021-10-05 You are about to meet a really cool animal called the Tardigrade. Tardigrades are also called Water Bears and Moss Piglets. Let's find out why. They live in the water and they are frequently found in the moss (which is also their food). They somewhat look like a pig, too - but since they're small (very, VERY small) they are called piglets instead of pigs. Looking at it, you might also associate it with bears. It somewhat looks like a teddy bear. It even looks like a stuffed toy. Tardigrades are very small creatures - in fact, they're microscopic (which means that you need a microscope to see them clearly). this book offers an invaluable resource for scientists from various disciplines who plan to

research tardigrades, and for all others who are interested in these fascinating animals. Despite being that small, do you know that you can keep the Tardigrades as pets? How would that be possible? Have a copy of this book and you will know how to find Tardigrades, how to catch them, and even how to take care of them!

Gwendolyn and the Last Goblin T.S. Adams, 2019-01-31 Gwendolyn is a young girl waiting to celebrate her twelfth birthday and for someone to ask her to the school dance. Her normal life gets uprooted by strange events revolving around a mysterious wooden box her grandfather left for her the day she was born. She finds herself in a world of magic and mystery and has to discover the answer to her past and the destiny of her future. Aided by new friends along the way, she wonders if she can ever find her way home again, or will she find everything she ever held dear to be nothing more than a lie?

Bear Naked Dana Bell, 2018-02-11 To win a frightened heart, you have to bare your own. Halle Shifters Book 3 Glory has been denying her feelings for Ryan Williams for months. He's beautiful, strong... and a Bear shifter who claims she's his mate. The man is persistent, she'll give him that, but Glory's past has left her wary. Abandoned as a teenager, she's unsure that she can trust in the promises Ryan is making. Everyone leaves her eventually, even him. Ryan only left his mate to hunt down the man who'd shot her and threatened her best friend. He has no intentions of going anywhere ever again, but convincing his stubborn mate that he's in her life forever is proving tougher than he thought. When he finally gets her to agree to a date, he feels like he's won the lottery. Things never seem to go smoothly in the Bunsun-Williams family. Glory has issues from her past that need to be dealt with, and Ryan is just the man to do so. When one of them comes back to bite her in the ass, it will take baring his soul to get his mate to see that Ryan can protect her, even from herself.
