Writing West Virginia Boyd C. Creasman,2016 With their stirring depictions of a proud people striving for fulfillment in a land of natural beauty and economic hardship, West Virginia authors have produced a body of work that is worthy of study and of celebration. In Writing West Virginia, Boyd Creasman examines the fiction and poetry of eight accomplished writers--Davis Grubb, Mary Lee Settle, Breece D'J Pancake, Denise Giardina, Irene McKinney, Ann Pancake, Jayne Anne Phillips, and Pinckney Benedict--who exemplify the rich but often overlooked literary heritage of the Mountain State. Creasman identifies the varied ways in which these writers have grappled with the dynamics of place, socioeconomic class, and gender. For Settle, this expression has taken the form of historical novels chronicling the development of the state from its British settlement to the rise of the coal industry and the creation of a wealthy, industrial class. For other authors, the struggle against poverty and lack of opportunity has been a central concern. From the male protagonists of Grubb and Breece Pancake, searching for ways to assert their masculinity when they cannot find gainful employment, to the strong, independent women of McKinney, Giardina, and Ann Pancake, the characters in West Virginia literature have fought to transcend the challenges and limitations of living in the most Appalachian of states. In the recent fiction of Phillips and Benedict, elements of magical realism and fantasy are employed to create the possibility of transcendence for their characters, shifting the focus from landscape to dreamscape and thereby suggesting exciting new directions for Appalachian literature. Despite the remarkable talent of these writers, only a handful of book-length critical studies have focused on them, and none have considered them as a group. Writing West Virginia helps fill this gap in literary scholarship while opening up new paths for further exploration.

MMIXware Donald E. Knuth,2003-06-26 MMIX is a RISC computer designed by Don Knuth to illustrate machine-level aspects of programming. In the author's book series The Art of Computer Programming, MMIX replaces the 1960s-style machine MIX. A particular goal in the design of MMIX was to keep its machine language simple, elegant, and easy to learn. At the same time, all of the complexities needed to achieve high performance in practice are taken into account. This book constitutes a collection of programs written in CWEB that make MMIX a virtual reality. Among other utilities, an assembler converting MMIX symbolic files to MMIX objects and two simulators executing the programs in given object files are provided. The latest version of all programs can be downloaded from MMIX's home page. The book provides a complete documentation of the MMIX computer and its assembly language. It also presents mini-indexes, which make the programs much easier to understand. A corrected reprint of the book has been published in August 2014, replacing the version of 1999.

Movies Are Prayers Josh Larsen,2017-06-13 Movies are our way of telling God what we think about this world and our place in it. . . . Movies can be many things: escapist experiences, historical artifacts, business ventures, and artistic expressions, to name a few. I'd like to suggest that they can also be prayers. Movies do more than tell a good story. They are expressions of raw emotion, naked vulnerability, and unbridled rage. They often function in the same way as prayers, communicating our deepest longings and joys to a God who hears each and every one. In this captivating book, Filmspotting co-host Josh Larsen brings a critic's unique perspective to how movies function as expressions to God of lament, praise, joy, confession, and more. His clear expertise and passion for the art of film, along with his thoughtful reflections on the nature of prayer, will bring you a better understanding of both. God's omnipresence means that you can find him whether you're sitting on your sofa at home or in the seats at the theater. You can talk to him wherever movies are shown. And when words fail, the perfect film might be just what you need to jump-start your conversations with the Almighty.
