Buddhist approach to responsible consumption and sustainable development Thich Duc Thien,Thich Nhat Tu,2019-04-16 EDITORS'

INTRODUCTION BACKGROUND This is a great academic solace to see the Volume on Buddhist Approach to Responsible Consumption and Sustainable Development which covers Sub-Theme Five of UNDV 2019 Academic Conference. **REVIEW OF CONTENTS** The World of Today is suffering from the crisis of consumerism. The first paper on a Buddhist Perspective on Overconsumption and Its Negative Effects towards Society and Environment deals with it specifically in the reference of consumption beyond requirements which is generally termed as overconsumption. Such human tendency leads to negative impact on the entire force of nature and the environment. How the Buddhist principles guide us to live a better life where there is least effect on the environment and society is well explained in this paper. The second paper in this volume, entitled Attaining a Sustainable Society through the Teachings of the Khandhaka of the Theravāda Vinaya Piṭaka is a vivid example of the benefits which one can derive from our ancient Pali literature. While studying the Theravada Vinaya Pitaka, the author explores the specific words of the Buddha in the Khandhaka which hint at the possibility of sustainability and development going together without harming other societal components. Though the Vinaya being a Pitaka for monastics, it still is highly useful for the laity as well. The paper, Buddhist Ethics in the Establishments of Green Tourism is a unique academic contribution. Here, the writer states that the Buddha's life and principles make us learn a lot as how green methods must be applied in our day-to-day life. The damage being caused by the genre called DEVELOPMENT needs to be controlled and for this, the words of Master exhibits his proximity to protect nature, humanity and the world order.

Handbook of Natural Language Processing and Machine Translation Joseph Olive,Caitlin Christianson,John McCary,2011-03-02 This comprehensive handbook, written by leading experts in the field, details the groundbreaking research conducted under the breakthrough GALE program--The Global Autonomous Language Exploitation within the Defense Advanced Research Projects Agency (DARPA), while placing it in the context of previous research in the fields of natural language and signal processing, artificial intelligence and machine translation. The most fundamental contrast between GALE and its predecessor programs was its holistic integration of previously separate or sequential processes. In earlier language research programs, each of the individual processes was performed separately and sequentially: speech recognition, language recognition, transcription, translation, and content summarization. The GALE program employed a distinctly new approach by executing these processes simultaneously. Speech and language recognition algorithms now aid translation and transcription processes and vice versa. This combination of previously distinct processes has produced significant research and performance breakthroughs and has fundamentally changed the natural language processing and machine translation fields. This comprehensive handbook provides an exhaustive exploration into these latest technologies in natural language, speech and signal processing, and machine translation, providing researchers, practitioners and students with an authoritative reference on the topic.

Endurance Rick Broadbent,2016-04-21 Shortlisted for the William Hill Sports Book of the Year A runner must run with dreams in his heart. Emil Zatopek. In the summer of 1952 Emil Zatopek became the king of the running world with an unprecedented distance treble at the Olympic Games in Helsinki. Together with his wife Dana, who won another gold medal in the javelin, they were the embodiment of sporting romance. Born on the same day, they were champions on the same day too. Yet in 1968 this affable but eccentric Czech solidier was betrayed by his Communist paymasters and cast out into wilderness. Hidden from world view, monitored by the secret police and forced to live in a caravan in mining country, he became the invisible hero. 'Endurance' is the first biography to document the remarkable rise, fall and rehabilitation of a man voted the 'greatest runner of all time' by 'Runner's World' in 2013. It is also the story of a golden age of sport played out against a backdrop of Cold War politics and paranoia. From the London Olympics of 1948 to Czech concentration camps, this is an uplifting and harrowing story of survival. As Emil rises to global fame, his old coach is locked up and tortured by StB henchmen. Their diverging paths expose the fickleness of popularity and eventually cross again when Zatopek's world is torn asunder. All both men can do is endure. The running world of this era is brought to life by dramatic accounts of Zatopek's great triumphs, manifold records and a rich collection of characters vying to dethrone him. In Britain the sharp-tongued Gordon Pirie falls foul of the media as he becomes obsessed with Zatopek and adopts increasingly-masochistic methods; mild-mannered marathon champion Jim Peters begins a quest that would make "women weep and grown men lose their lunch". In France Alain Mimoun crawls from the bloody carnage of his war-time exploits to overcome racial snubs and become known as Zatopek's Shadow; and in the Soviet Union, the tragic figure of Vladimir Kuts is moulded into a brutal running machine at huge cost. Only Zatopek manages to bridge this East-West divide as a savage power struggle is fought in both the Olympic arena and in the corridors of power. Due to extensive access to those involved, including Dana herself, award-winning Times author Rick Broadbent has written a vivid history involving blood and guns and a love that sustained the cruellest twists of fate. From heady nights at White City to the brave resistance during the Prague Spring, this is a book that plants the son of a carpenter at the very centre of a revolution. Whether talking to his rivals on the track or Red Army troops as tanks roll into Prague, Zatopek's humanity shines through and carries all. With traces of 'Chariots of Fire' and Laura Hillenbrand's 'Unbroken', Endurance is both a wonderful love story and a landmark tale of hope and strength in the face of crushing opposition. It's at the borders of pain and suffering that the men are separated from the boys. Emil Zatopek

Mindful leadership for sustainable peace Thich Duc Thien,Thich Nhat Tu,2019-04-16 EDITORS' **INTRODUCTION BACKGROUND** We are experiencing an unprecedented period where wide ranging and disruptive major global change is taking place around us. In this context, the theme of Mindful Leadership and Sustainable Development provides a point of reference and pathway for understanding the contemporary chaotic situations. These disruptive changes challenge our understanding and meaning of humanity and truly question whether or not, we are able to live in a society where justice, equality, peace, and prosperity abound. In the Buddhist light, a focus is placed on understanding the Buddhist teachings to develop solutions for dealing with these wide-ranging problems. Both the scope of change and the response from a Buddhist approach are core to the content of this volume. It is of paramount importance that any investigation and development of solutions for the changes taking place, require guidance from the Buddhist philosophy. As a starting point for discussion, an initial focus is placed on providing a thorough and critical understanding of the character and context of change. In doing so, we also seek to clarify and outline the nature of a Buddhist approach. In completing this review, it is productive to see that given the complex issues being dealt with, the papers do generate different frameworks and viewpoints within the broad term of "approach." The frameworks based on the Buddha's teachings are not fully fixed and agreed upon by all. Therefore, our term "approach" refers to a set of arrangements and viewpoints that act to inspire further discussion and development. Given the above context, this volume is a collection of conference papers presented and published for the panel on the first sub-theme of UNDV 2019 on Mindful Leadership for Sustainable Peace on 13 May 2019 at the Tam Chuc International Convention Center, Ha Nam, Vietnam. The panel commemorates the occasion of the 16th United Nations Day of Vesak Celebrations 2019. Through the contributions of participants and their papers at this workshop, this volume provides a diverse and rich range of thinking and wisdom rather than more traditional mainstream thinking or conventional wisdom. Treating the Buddha's teachings as a basic theoretical

reconstruction, we examine the relationships between societies and Buddhism. We combine the analyses of the conflicts, trends and dynamics affecting future global development with focused studies on a range of policy areas for improving societies. In the Buddhist light, our two most crucial aims in this period of disruption are to greatly increase the influence and impact of Buddhism as our foremost duty; and that the Buddhist responsibility contributes to creating a new foundation for Mindful Leadership and Sustainable Development.

Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies Thich Nhat Tu, Thich Duc Thien, 2019-05-03

FOREWORD In 1999, the General Assembly of the United Nations adopted the resolution to recognize the Vesak Day as an International Day of Recognition of Buddhists and the contribution of the Buddha to the world. Since then, the people and the Royal Government of the Kingdom of Thailand, in general, and Mahachulalongkornrajavidyalaya University, in particular, were very honored to have successively and successfully held for twelve years the United Nations Day of Vesak Celebrations in Thailand. From 2004 to date, we have come a long way in the celebrations, and we are happy to be the host and organizer, but it is time for the celebrations to grow and evolve. The United Nations Day of Vesak is coming to maturity, with twelve celebrations under our belt, much experience gained, and it is time now to share this with others. There will always be room for growth and development, and we are elated to see it grow. In 2006-2007, having joined the International Organizing Committee for the UN Day of Vesak as Deputy Secretary General, Ven. Dr. Thich Nhat Tu has played a crucial role in building strong relationships between the National Vietnam Buddhist Sangha and the International Council for Day of Vesak in particular and the Global Buddhist communities in general. We have supported and congratulated Vietnam on organizing successful UNDV celebrations and conference in 2008 and 2014, respectively. We have full trust in Vietnam being the host of UNDV 2019 for the third time. We like to thank all those who have contributed to the success of previous celebrations and wish all future celebrations be successful. The teachings of the Buddha see no boundaries; the minds of all are alike; the sufferings of all are similar and truly; and the liberation of all is the same. We are happy to initiate the process, develop the scope, and now it is time for others to follow in similar footsteps, evolve the celebrations into a truly international event that can be shared with Buddhists and Non-Buddhists alike. Let the Dhamma of the Buddha be the beacon to the world, shredding away the ignorance within our hearts, bringing development into sustainable capacity for humanity and more importantly, peace and harmony to the world. Most Ven. Prof. Brahmapundit President, International Council for Day of Vesak (ICDV) President, International Association of Buddhist Universities (IABU) -----

PREFACE The history of mankind records how the Buddha got enlightenment and showed a path which not only leads but also guides the world till date. That is solely to emanate wisdom and offer insights which help us overcome numerous challenges and achieve the welfare of humanity. Recognizing his pragmatic approach, values and contribution of Buddhism, the United Nations in a resolution in 1999 decided to celebrate the Triply Blessed Day of Vesak (Birth, Enlightenment and Passing Away of Gautama), falling mostly in a lunar calendar in the month of May. The first celebrations were held way back in the year 2000 at the United Nations Headquarters in New York and subsequently the day has been celebrated hugely in different countries. Today our planet is confronted with a number of crises and unprecedented natural disasters. The imminent threat of terrorism and ethnic violence, tackling poverty, providing education and sustainable development leads us to strive for social justice. There is an urgent need for concerted and constant planning and right effort at an international level to foster permanent peace in the societies and in the lives of individuals. Against the backdrop of such widespread misery and strife leading to complex issues and crises, Buddhism with its rich heritage of tolerance and non-violence can contribute immensely and inspire us with His message of loving-kindness, peace and harmony in today's world. The United Nations Day of Vesak (UNDV) 2019 is a testimony to this fact. Vietnam got the chance and responsibility of hosting this international Buddhist event UNDV in 2008 and 2014 respectively. The event proved an amazing spectacle of religious and spiritual festivity, with thousands of Buddhists from around the world converging in Vietnam, to spread the Buddha's message of peace, love and harmony. This is the third time that Vietnam is hosting this important international event which is viewed by Buddhists as an opportunity to spread the Buddha's message and values of love, peace, non-violence, tolerance and compassion across the world. It is a great honor for Vietnam, the Vietnamese people, the National Vietnam Buddhist Sangha and Buddhists all around the world to participate in the UNDV celebrations and spread the rich Buddhist heritage, especially its teachings of equality, social justice, respect and understanding for the benefit of all humanity. World Buddhists and particularly the Vietnamese people are excited about their country hosting this auspicious and important event for the third time. This international religious, cultural and academic event would also certainly promote interaction and exchange of Buddhist cultural and intellectual values among diverse countries. The International Buddhist conference with the main theme of "Buddhist Approach to Global Leadership and Shared Responsibilities for Sustainable Societies" during the celebrations could not have been more relevant and timely. The present book is the outcome of one workshop representing one perspective of the conference. Other perspectives of the conference include: (i) Mindful Leadership for Sustainable Peace, (ii) Buddhist Approach to Harmonious Families, Healthcare and Sustainable Societies, (iii) Buddhist Approach to Global Education in Ethics, (iv) Buddhism and the Fourth Industrial Revolution, and (v) Buddhist Approach to Responsible Consumption and Sustainable Development. This international conference aims to foster co-operation among Buddhist communities and institutions, and to develop Buddhist solutions to the global crisis. Papers selected for this volume are those that combine thematic relevance, familiarity with the main theme or sub-themes, significant research in primary resources, innovative theoretical perspectives, clarity of organization and accessible prose style. Acceptable articles in this volume are determined by the Academic Peer-Review Committee. UNDV 2019 certainly is an opportunity for the world Buddhists, the National Vietnam Buddhist Sangha and all the members of the international community to benefit from the rich traditions, values and spiritual ideals of Buddhism. The pragmatic path shown by Buddha can make the world a better, safer, more peaceful and harmonious place to be cherished and enjoyed by all sentient beings. On behalf of the National Vietnam Buddhist Sangha and myself, I would like to warmly welcome President of Myanmar, H.E. Mr. U Win Myint, Prime Minister of Nepal, Right Hon. Mr. K.P. Sharma Oli, Vice President of India, H.E. Mr. Shri M. Venkaiah Naidu, Chairperson of the National Council of Bhutan, H.E. Mr. Tashi Dorji, Under-Secretary-General of the United Nations/ Executive Secretary of the Economic Commission for Asia and the Pacific, H.E. Ms. Armida Salsiah Alisjahbana, Director-General of UNESCO, H.E. Ms. Audrey Azoulay, Ambassadors, and many other dignitaries. It is my honor to warmly welcome National Assembly Chairwoman H.E. Ms. Nguyen Thi Kim Ngan, Prime Minister of Vietnam, H.E. Mr. Nguyen Xuan Phuc, President of the Vietnam Fatherland Front Central Committee H.E. Mr. Tran Thanh Man, Permanent Deputy Prime Minister H.E. Mr. Truong Hoa Binh, Deputy Prime Minister-Minister of External Affairs H.E. Mr. Pham Binh Minh, other dignitaries including former Political leaders of the Government of Vietnam. I extend my warmest welcome to all respected Sangharajas, Sangha Leaders, Buddhist Leaders, Sangha members and 1600 Buddhist Scholars and practitioners from 115 countries and territories, participating in this international celebration and conference. Let me thank all of you for your contributions to this celebration and Conference. My heartfelt thanks are extended to respected members of the Supreme Patriarch Council and Executive members of the National Vietnam Buddhist Sangha, especially 25 sub-committees for UNDV 2019 in Vietnam for their devotion and contribution. I take this opportunity to express here my profound gratitude to Most Ven. Prof. Brahmapundit for his continuous supporting Vietnam to host this international event. I also thank profusely all members of the International Council for Day of Vesak (ICDV), Conference Committee and Editorial Board for their devotion. I am grateful to Mr. Xuan Truong for his generosity and other donors, sponsors, volunteers and agencies from the public sector and the private sector for their excellent contribution. This publication and other 29 books printed for Vesak could not have been possible without the persistence, hard work, and dedication of Editorial Committee for their devotion including Most Ven. Dr. Thich Duc Thien, Prof. Le Manh That, and especially Most Ven. Dr. Thich Nhat Tu serving as the international conference coordinator. I extend my warmest and best wishes to all the delegates and participating countries on this special occasion which strengthens our resolve to improve the world by walking on the path shown by the Lord Buddha. Whatever merit there is in publishing this book may be transferred over to the welfare and happiness of all sentient beings. May all sentient beings be happy and released from suffering. We wish the celebration of the United Nations Day of Vesak 2019 in Vietnam every success. Most Ven. Thich Thien Nhon President of National Vietnam Buddhist Sangha Chairman of the United Nations Day of Vesak 2019 in Vietnam

Buddhism and the fourth industrial revolution Thich Duc Thien, Thich Nhat Tu, 2019-04-16 **EDITORS' INTRODUCTION BACKGROUND** Currently, we are living in the fourth industrial revolution by which computers, automation, robots and people will work together in entirely new ways. Applying technological innovations will help the production process faster, less manpower and more fully collected data. Product quality is ensured by controlling

raw materials to forming and transferring to consumers. However, it may have raised many issues for humans. One of its drawbacks is many workers will lose their jobs due to replacement machinery, while businesses may face difficulties in recruiting human resources to meet the requirements of the job. This can lead to inequality, even to break the labor market. Economic uncertainties will lead to instability in life and even politics. In addition, new technology will cause changes in power, security concerns, and a big gap between rich and poor or the way of communication through the Internet which challenges information security for both people and political systems. These problems have urged the world to find the right solutions urgently to attain sustainable development which is favor of the Buddhist philosophy. In this theme, we highly focus on the Buddhist approach and response to the Fourth Industrial Revolution to generate happiness and peace for humankind.

Sports Cardiology Casebook Antonio Pelliccia,2009-07-21 Comparatively little is known about the risk of sudden death associated with exercise in young competitive athletes, and whether the benefits of sports activity outweigh the hazards of exercise-related fatal events is a clinical dilemma. This is only a small part of the story, however, as there are considerable effects of exercise whether it be at a competitive level or on a 'leisure' level on patients of all ages. This in itself is of massive importance to the cardiac patient population as exercise is a key component of effective recovery and recommended as central in the prevention of much cardiac disease.
