BIS-HSS 2020 Muji Setiyo,Zulfikar Bagus Pambuko,Chrisna Bagus Edhita Praja,Agus Setiawan,Veni Soraya Dewi,Fitriana Yuliasuti,Nurul Purborini,Pensri Jaroenwanit ,Reno Ardian Syaputra,2021-09-27 The Covid-19 pandemic has changed our activities, like teaching, researching, and socializing. We are confused because we haven't experienced before. However, as Earth's smartest inhabitants, we can adapt new ways to survive the pandemic without losing enthusiasm.

Therefore, even in pandemic conditions, we can still have scientific discussions, even virtually. The main theme of this symposium is Reinforcement of the Sustainable Development Goals Post Pandemic as a part of the masterplan of United Nations for sustainable development goals in 2030. This symposium is attended by 348 presenters from Indonesia, Malaysia, UK, Scotland, Thailand, Taiwan, Tanzania and Timor Leste which published 202 papers. Furthermore, we are delighted to introduce the proceedings of the 2nd Borobudur Symposium Borobudur on Humanities and Social Sciences 2020 (2nd BIS-HSS 2020). We hope our later discussion may result transfer of experiences and research findings from participants to others and from keynote speakers to participants. Also, we hope this event can create further research network.

Innovating with Augmented Reality P Kaliraj,Devi Thirupathi,2021-12-16 Augmented Reality (AR) has many advantages that include increased engagement and interaction as well as enhanced innovation and responsiveness. AR technology has applications in almost all domains such as medical training, retail, repair and maintenance of complex equipment, interior design in architecture and

construction, business logistics, tourism, and classroom education. *Innovating with Augmented Reality: Applications in Education and Industry* explains the concepts behind AR, explores some of its application areas, and gives an in-depth look at how this technology aligns with Education 4.0. Due to the rapid advancements in technology, future education systems must prepare students to work with the latest technologies by enabling them to learn virtually in augmented ways in varied platforms. By providing an illusion of physical objects, which takes the students to a new world of imagination, AR and Virtual Reality (VR) create virtual and interactive environments for better learning and understanding. AR applications in education are covered in four chapters of this book, including a chapter on how gamification can be made use of in the teaching and learning process. The book also covers other application areas of AR and VR. One such application area is the food and beverage industry with case studies on virtual 3D food, employee training, product–customer interaction, restaurant entertainment, restaurant tours, and product packaging. The application of AR in the healthcare sector, medical education, and related devices and software are examined in the book’s

final chapter. The book also provides an overview of the game development software, Unity, a real-time development platform for 2D and 3D AR and VR, as well as the software tools and techniques used in developing AR-based apps.

Take Control of Your Paperless Office, 4th Edition Joe Kissell, 2024-02-02 Digitize your documents and reduce paper clutter! Version 4.0.1, updated February 2, 2024 The paperless office doesn't have to be a myth! Turn paper into usable digital files, reducing clutter and increasing convenience. This

book helps you assess your situation, develop a strategy, and learn clever techniques for keeping more paper at bay—with detailed discussion of the hardware, software, and processes needed to get the job done. Join Joe Kissell as he helps you clear the chaos of an office overflowing with paper. With Joe's guidance you can develop a personal clean-up strategy and choose your tools, including a scanner and the software you need to perform OCR (optical character recognition). You'll also learn about devices and services for storing your digitized documents and document management apps that help you categorize, locate, and view your digital document collections. Once you have your gear in hand, Joe shows you how to convert your paper documents to digitized files and gives you ideas for how to organize your office workflow, explaining how to develop day-to-day techniques that reduce the amount of time you spend pressing buttons, launching software, and managing documents. You'll also master paper-reducing skills such as:

- Scanning or photographing documents you find while out and about—business cards, receipts, menus, flyers, and more—so you keep only digitized versions. Joe discusses a variety of mobile scanning options for iOS/iPadOS and Android.
- Creating a digitized

image of your signature so you can sign and share documents digitally, rather than printing them for the sole purpose of signing them with a pen. • Using paperless options for bills, invoices, bank statements, and the like. • Cutting down on unwanted catalogs and junk mail. • Switching to (mostly) paperless postal mail. • Using your computer to send and receive faxes without a fax machine, fax modem, or separate phone line. (Amazingly, some people still need to do this even in the 21st century!) The book contains answers to numerous questions, including: • What is a searchable PDF, and why is it key to a paperless office? • What differentiates document scanners from other types of scanners? • What's a book scanner? • What if I need a mobile, portable scanner? • What does TWAIN stand for, and should my scanner support it? • Why do I need OCR software, and what features should I look for? • How do I choose a good scanner and OCR software? • How should I name and file my digitized documents? • What are my options if I need to edit a scanned PDF? • How can I automate my workflow for scanning documents? • What paper documents should I keep in physical form? • How do I use common tools to add a signature to a PDF? • How can I access my

digital documents remotely? • How should I back up my important digital documents?

Mac Inside Out Mac Inside Out, With this book, the reader will discover Mac's secret world by going under the computer's hood and get the inside-out information on everything a Mac user must know to make the most out of his machine. Multimodal Composing Lindsay A. Sabatino, Brian Fallon, 2019-04-15 *Multimodal Composing* provides strategies for writing center directors and consultants working with writers whose texts are visual, technological, creative, and performative—texts they may be unaccustomed to reading, producing, or tutoring. This book is a focused conversation on how rhetorical, design, and multimodal principles inform consultation strategies, especially when working with genres that are less familiar or traditional. *Multimodal Composing* explores the relationship between rhetorical choices, design thinking, accessibility, and technological awareness in the writing center. Each chapter deepens consultants' understanding of multimodal composing by introducing them to important features and practices in a variety of multimodal texts. The chapters' activities provide consultants with an experience that familiarizes them with design thinking and multimodal projects, and a companion website (www.multimodalwritingcenter.org) offers access to additional resources that are difficult to reproduce in print (and includes updated links to resources and tools). Multimodal projects are becoming the

norm across disciplines, and writers expect consultants to have a working knowledge of how to answer their questions. Multimodal Composing introduces consultants to key elements in design, technology, audio, and visual media and explains how these elements relate to the rhetorical and expressive nature of written, visual, and spoken communication. Peer, graduate student, professional tutors and writing center directors will benefit from the activities and strategies presented in this guide.
