Why I Write George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' - Irish Times

Scratch Manjula Martin, 2017-01-03 A collection of essays from today's most acclaimed authors—from Cheryl Strayed to Roxane Gay to Jennifer Weiner, Alexander Chee, Nick Hornby, and Jonathan Franzen—on the realities of making a living in the writing world. In the literary world, the debate around writing and commerce often begs us to take sides: either writers should be paid for everything they do or writers should just pay their dues and count themselves lucky to be published. You should never quit your day job, but your ultimate goal should be to quit your day job. It's an endless, confusing, and often controversial conversation that, despite our bare-it-all culture, still remains taboo. In *Scratch*, Manjula Martin has gathered interviews and essays from established and rising authors to confront the age-old question: how do creative people make money? As contributors

including Jonathan Franzen, Cheryl Strayed, Roxane Gay, Nick Hornby, Susan Orlean, Alexander Chee, Daniel Jose Older, Jennifer Weiner, and Yiyun Li candidly and emotionally discuss money, MFA programs, teaching fellowships, finally getting published, and what success really means to them, Scratch honestly addresses the tensions between writing and money, work and life, literature and commerce. The result is an entertaining and inspiring book that helps readers and writers understand what it's really like to make art in a world that runs on money—and why it matters. Essential reading for aspiring and experienced writers, and for anyone interested in the future of literature, Scratch is the perfect bookshelf companion to *On Writing*, *Never Can Say Goodbye*, and *MFA vs. NYC*.

MFA vs NYC Chad Harbach, 2014-02-25 Writers write—but what do they do for money? In a widely read essay entitled *MFA vs NYC*, bestselling novelist Chad Harbach (*The Art of Fielding*) argued that the American literary scene has split into two cultures: New York publishing versus university MFA programs. This book brings together established writers, MFA professors and students, and New York editors, publicists, and agents to talk about these overlapping worlds, and the ways writers make (or fail to make) a living within them. Should you seek an advanced degree, or will workshops smother your style? Do you need to move to New York, or will the high cost of living undo you? What's worse—having a day job or not having health insurance? How do agents decide what to represent? Will Big Publishing survive? How has the rise of MFA programs affected American fiction? The expert contributors, including George Saunders, Elif Batuman, and Fredric Jameson, consider all these questions and more, with humor and rigor. *MFA vs NYC* is a must-read for aspiring writers, and for anyone interested in the present and future of

American letters.

Crystal Clear Jaya Saxena, 2020-12-29 From amethyst to obsidian, Basic Witches author Jaya Saxena explores the multi-faceted meanings and history behind eleven popular crystals in this relatable personal essay collection. Highly prized for their beauty, crystals can take the shape of jewelry, household objects, and an array of self-care products. But it's the ideas they stand for that draw people to their raw forms. Like astrology, tarot, and modern witchcraft, crystals help practitioners understand themselves and the wider world around them. In this collection of sharply observed essays, Jaya Saxena reflects on—and challenges—the ideas associated with eleven popular stones, including unconditional love (rose quartz), happiness and

success (citrine), balance (amethyst), self-care (black tourmaline), purity (pearl), imposter syndrome (pyrite), toxic positivity (carnelian), change (opals), traditional concepts of marriage (diamonds), presentation versus identity (obsidian), and death (amber). The result is a deeply personal book with universal appeal, exploring how we assign meaning and power to crystals in order to give meaning and power to our lives.

Here is an update from hell, a brilliant work from novelist Sam Lipsyte, whom Jeffrey Eugenides calls original, devious, and very funny and of whose first novel Chuck Palahniuk wrote, I laughed out loud---and I never laugh out loud. The Eastern Valley High School Alumni newsletter, Catamount Notes, is bursting with tales of success: former students include a bankable politician and a famous baseball star, not to mention a major-label recording artist. Then there is the appalling, yet utterly lovable, Lewis Miner, class of '89---a.k.a Teabag---who did not pan out. Home Land is his confession in all its bitter, lovelorn glory.
