*Props for Yoga* Eyal Shifroni, 2015-06-17 Invented by B.K.S Iyengar, props have helped millions of people to realize his vision that Yoga is for All. Props enable people of any age group and any health condition to enjoy the benefit of asana practice. This book presents classic and innovative uses of props. It provides detailed step by step instructions accompanied by ample photos and tips. Volume I, the first in a series, focuses on Standing Poses.

**The Routledge Companion to Studio Performance Practice** Franc Chamberlain, Bernadette Sweeney, 2021-11-29 The Routledge Companion to Studio Performance Practice is a unique, indispensable guide to the training methods of the world's key theatre practitioners. Compiling the practical work outlined in the popular Routledge Performance Practitioners series of guidebooks, each set of exercises has been edited and contextualised by an expert in that particular approach. Each chapter provides a taster of one practitioner's work, answering the same key questions: 'How did this artist work? How can I begin to put my understanding of this to practical use?' Newly written chapter introductions put the exercises in context, explaining how they fit into the wider methods and philosophy of the practitioner in question. All 21 volumes in the original series are represented in this volume.

*Further Insights into Contrastive Analysis* Jacek Fisiak, 1991-02-28 After a period of crisis in the 1960s, Contrastive Analysis has now regained its firm position, although in a different form and with broader goals. This collection of papers reflects the scope of research and the range of interest of linguists who are involved in contrastive linguistics research. The volume contains 35 contributions by 37 authors from 13 different countries and includes an Index of names and an Index of terms.

*Grotowski's Objective Drama Research* Lisa Wolford, 1996-01-01 In this study of Grotowski's

Objective Drama Research one of his students details the practical, performing structures that originated in his workshops. In bringing attention to the recent work of this titan theorist and director, this volume is of great importance to performers, directors, and all who are interested in the history of theatre and performance.

**Parishes, Tithes, and Society in Earlier Medieval Poland C. 1100-C. 1250** Piotr Gorecki,2008 In 1226, Pope Honorius III resolved a conflict between the Duke of Silesia, Henry I the Bearded, & Bishop Lawrence of Wrocław, the see of that duchy. Henry alleged that the bishop had subjected the inhabitants of his duchy to *unowed exactions levied as tithes.* Henry alleged a devastating impact of Lawrence's demands on settlement in his duchy, on his authority over its inhabitants, & implicitly on the entire social, economic, & political order over which he presided. This

is a study of the period in which parish churches & tithe revenues are documented. Identifies those features of local churches & tithing that were routine, innovative, & controversial. Assesses directions of change during the period of documentation. Illustrations.

Milk Robert Cohen,1998 ... Investigates to what end billions of dairy industry dollars have been used to influence the FDA and Congress as well as the scientific and medical establishment, misleading us about the dangers of consuming milk and dairy products.--Dust jacket.

Working Together in Theatre Robert Cohen,2010-12-09 Robert Cohen draws on fifty years of acting, directing and teaching experience in order to illustrate how the world's great theatre artists combine collaboration with leadership at all levels, from a production's conception to its final performance. This book challenges the notion that creating brilliant theatrical productions requires tyrannical directors or temperamental designers. Viewing the theatrical production process from the perspectives of the producer, director, playwright, actor, designer, stage manager, dramaturg and crew person, Cohen provides the techniques, exercises and language that promote successful collaborative skills in the theatre. Collaboration is vital to successful theatre making and Working Together in Theatre is the first book to show how leadership and collaboration can be combined to make every theatrical production far greater than the sum of its many parts.

The Lonesome Crown Brian Lee Durfee,2022-11-29 A sweeping epic fantasy weaving both destiny and ancient magic in this masterful final novel in the beloved Five Warrior Angels trilogy from Brian Lee Durfee. In the age of belief, magic is a myth. But when an apocalyptic crusade comes to the remote border of Gul Kana, that belief is shattered as is the tenuous peace that held the Five Isles together. Now, the prophecies that were used to justify this war are unravelling revealing a hidden

agenda while the world lies in the wake of the degradations of this war. But a slim skein of hope resides within the hidden truths, long kept secret, and scattered throughout the isles—truths less reliant upon prophecy than heroism, and great sacrifice. Not everything is as it seems in this epic, long-awaited conclusion to trilogy which Booklist raved as “high fantasy in the vein of Stephen R. Donaldson or David Eddings, with generous helpings from George R. R. Martin.”

*White Socks Only* Evelyn Coleman,1996-01-01 1996 Notable Book for Children, Smithsonian Magazine Pick of the Lists, American Bookseller In the segregated south, a young girl thinks that she can drink from a fountain marked Whites Only because she is wearing her white socks. When Grandma was a little girl in Mississippi, she sneaked into town one day. It was a hot day—the kind of hot where a firecracker might light up by itself. But when this little girl saw the Whites Only sign on the water fountain, she had no idea what she would spark when she took off her shoes and—wearing her clean white socks—stepped up to drink. Bravery, defiance, and a touch of magic win out over hatred in this acclaimed story by Evelyn Coleman. Tyrone Geter's paintings richly evoke its heat, mood, and legendary spirit.
