This book is a collection of hundreds of Zen Stories, which will help you to see Buddha from a totally new Zen perspective!

The Letters of Chan Master Dahui Pujue ,2017-07-03 The Letters of Chan Master Dahui Pujue offers a complete annotated translation, the first into English, of a Chan Buddhist classic, the collected letters of the Southern Song Linji Chan teacher Dahui Zonggao (1089-1163). Addressed to forty scholar-officials, members of the elite class in Chinese society, and to two Chan masters, these letters are dharma talks on how to engage in Buddhist cultivation. Each of the letters to laymen is fascinating as a document directed to a specific scholar-official with his distinctive niche, high or low, in the Song-dynasty social-political landscape, and his idiosyncratic stage of development on the Buddhist path. Dahui is engaging, incisive, and often quite humorous in presenting his teaching of constantly lifting to awareness the phrase (huatou), his favored phrases being No (wu) and dried turd. Throughout one's busy twenty-four hours, the practitioner is not to perform any mental operation whatsoever on this phrase, and to take awakening as the standard. This epistolary compilation has long constituted a self-contained course of study for Chan practitioners. For centuries, Letters of Dahui has been revered throughout East Asia. It has exerted a formative influence on Linji Chan practice in China, molded S

The third part looks at enlightenment in action--what it means for someone to living and acting in order with the deep wisdom of enlightenment, and how we can practice learning learning how to be satisfied and enjoy serenity and tranquility. The final section is a moving and powerful firsthand account of one woman's solitary realization of the deepest truths--a story that can become an inspiration for all of us. The contributors to this volume include some the pioneering masters who were seminal in helping Zen take firm root in American soil.

The True Dharma Eye John Daido Looi, 2009-08-11 A collection of three hundred koans compiled by Eihei Dogen, the thirteenth-century founder of Soto Zen in Japan, this book presents readers with a uniquely contemporary perspective on his profound teachings and their relevance for modern Western practitioners of Zen. Following the traditional format for koan collections, John Daido Looi Roshi, an American Zen master, has added his own commentary and accompanying verse for each of Dogen's koans. Zen students and scholars will find *The True Dharma Eye* to be a source of deep insight into the mind of one of the world's greatest religious thinkers, as well as the practice of koan study itself.

Euclid in China Peter M. Engelfriet, 1998 As part of the Jesuits' programme of introduction to European culture, in 1607 the Elements of Euclid (d.300 B C) were translated for the first time into Chinese. The translation of this epoch-making ancient Greek textbook on deductive geometry meant a confrontation of contemporary Chinese and European cultures. This work explores in depth and at various levels the circumstances and mechanisms that shaped the transmission of a key work of science from one language and cultural context onto another. Consequently it offers often surprising insights into the ways of intercultural exchange and misunderstandings.

Dogen's Shobogenzo Zuimonki Eihei Dogen, 2022-06-14 The clearest and most approachable teachings from Dogen, the most famous thinker and writer in Zen Buddhism. Discover the teachings of the preeminent Zen Master Dogen in his own words, written down by his Dharma successor, Koun Ejo. This edition includes both the *Shobogenzo Zuimonki* and translations of and commentary on Dogen's luminously evocative waka poetry. Distinct from Dogen's similarly titled magnum opus (simply called the *Shobogenzo*), the *Shobogenzo Zuimonki* can be read as a highly practical manual of Buddhist practice. Consisting of straightforward and accessible teachings and making more limited use of the allusion, wordplay, and metaphor that characterize the essays in the *Shobogenzo*, this work is an essential read for any student of Zen Buddhism. Among the many topics covered, Dogen especially emphasizes the following points: seeing impermanence, departing from the ego-centered self, being free from greed, giving up self-attachment, following the guidance of a true teacher, and the practice of zazen, specifically shikantaza, or "just sitting." Additionally, this translation of the *Shobogenzo Zuimonki* has extensive notes, which help to provide you with a new way of approaching the text. The collection of waka poems included in this volume are a beautiful artistic expression of the Dharma. Rarely seen in this large of a collection or with commentary, this poetry offers unique insight into an important expression of Dogen's teachings. By the spring wind my words are blown and scattered people may see them the song of flowers These teachings, which have informed teachers and practitioners alike throughout the centuries, will deepen your knowledge, understanding, and experience of the Soto Zen tradition.

Whitfield, 2023-06-28 The influence of Chan master Dahui Pujue (1089-1163 CE), one of the most distinguished Chan masters of the Song dynasty, whose authority also spread to Korea and Japan, is still felt today. He is remembered for the method of focussing meditative attention on the key phrase of a koan (kan huatou) and was a lively critic of 'silent illumination Chan'. His letters reveal a deep compassion for the ordained and laity alike. Translated by Randolph S. Whitfield

Entangling Vines , 2013-03-18 *Entangling Vines*, a translation of the *Shumon kattoshu*, is one of the few major koan texts to have been compiled in Japan rather than China. Indeed, Kajitani Sonin (1914 - 95), former chief abbot of Shokoku-ji and author of an annotated, modern-Japanese translation of the *Kattoshu*, commented that 'herein are compiled the basic Dharma materials of the koan system. Most of the central koans of the contemporary Rinzai koan curriculum are contained in this work. A distinctive feature of *Entangling Vines* is that, unlike *The Gateless Gate* and *Blue Cliff Record*, it presents the koans bare, with no introductions, commentaries, or verses. Its straightforward structure lends the koans added force and immediacy, emphasizing the Great Matter, the essential point to be interrogated, and providing ample material for the rigors of examining and refining Zen experience. Containing 272 cases and extensive note material, the collection is indispensable for serious koan training and will also be of interest for anyone drawn to Zen literature. The present translation had its origins in the discussions between three forward-looking modern Japanese Zen masters and Thomas Kirchner, an experienced Zen monk from America. And Kirchner's careful annotation of each koan makes this a brilliant introduction to Buddhist philosophy.
