Network Programmability with YANG Benoit Claise, Joe Clarke, Jan Lindblad, 2019-05-10 Today, networks must evolve and scale faster than ever. You can't manage everything by hand anymore: You need to automate relentlessly. YANG, along with the NETCONF, RESTCONF, or gRPC/gNMI protocols, is the most practical solution, but most implementers have had to learn by trial and error. Now, Network Programmability with YANG gives you complete and reliable guidance for unlocking the full power of network automation using model-driven APIs and protocols. Authored by three YANG pioneers, this plain-spoken book guides you through successfully applying software practices based on YANG data models. The authors focus on the network operations layer, emphasizing model-driven APIs, and underlying transports. Whether you're a network operator, DevOps engineer, software developer, orchestration engineer, NMS/OSS architect, service engineer, or manager, this guide can help you dramatically improve value, agility, and manageability throughout your network. Discover the value of implementing YANG and Data Model-Driven Management in your network Explore the layers and components of a complete working solution Build a business case where value increases as your solution grows Drill down into transport protocols: NETCONF, RESTCONF, and gNMI/gRPC See how telemetry can establish a valuable automated feedback loop Find data models you can build on, and evaluate models with similar functionality Understand models, metadata, and tools from several viewpoints: architect, operator, module author, and application developer Walk through a complete automation journey: business case, service model, service implementation, device integration, and operation Leverage the authors' experience to design successful YANG models and avoid pitfalls

Supreme hegemon Lei Da Yang, In a twinkling, the blood fog stopped spreading, the bone spears were all resisted by a thin film, and the blood and bones all retracted, turning into two blood energy balls with a size of two meters, and explosions kept ringing inside.

Forward Andrew Yang, 2022-10-04 NATIONAL BESTSELLER • A lively and bold blueprint for moving beyond the “era of institutional failure” by transforming our outmoded political and economic systems to be resilient to twenty-first-century problems, from the popular entrepreneur, bestselling author, and political truth-teller “A vitally important book.”—Mark Cuban Despite being written off by the media, Andrew Yang's shoestring 2020 presidential campaign—powered by his proposal for a universal basic income of \$1,000 a month for all Americans—jolted the political establishment, growing into a massive, diverse movement. In *Forward*, Yang reveals that UBI and the threat of job automation are only the beginning, diagnosing how a series of cascading problems within our antiquated systems keeps us stuck in the past—imperiling our democracy at every level. With America's stagnant institutions failing to keep pace with technological change, we grow more polarized as tech platforms supplant our will while feasting on our data. Yang introduces us to the various “priests of the decline” of America, including politicians whose incentives have become divorced from the people they supposedly serve. The machinery of American democracy is failing, Yang argues, and we need bold new ideas to rewire it for twenty-first-century problems. Inspired by his experience running for office and as an entrepreneur, and by ideas drawn from leading thinkers, Yang offers a series of solutions, including data rights, ranked-choice voting, and fact-based governance empowered by modern technology, writing that “there is no cavalry”—it's up to us. This is a powerful and urgent warning that we must step back from the brink and plot a new way forward for our democracy.

Globish Robert McCrum, 2010-05-25 A small island in the North Atlantic, colonized by Rome, then pillaged for hundreds of years by marauding neighbours, becomes the dominant world power in the 19th century. As its power spreads, its language follows. Then, across the Atlantic, a colony of that tiny island grows into the military and cultural colossus of the 20th century. These centuries of empire-building and war, international trade and industrial ingenuity will bring to the world great works of literature and extraordinary movies, cricket pitches and episodes of *Dallas*, the printing press and the internet. But what happens next is quite unprecedented. While the global dominance of Anglo-American power appears to be on the wane, the English language has acquired an astonishing new life of its own. With a supra-national momentum, it is now able to zoom across time and space at previously unimaginable speeds. In Robert McCrum's analysis, the cultural revolution of our times is the emergence of English, a global phenomenon as never before, to become the world's language. In the 21st century English + Microsoft = Globish. Globish takes us on a riveting and enlightening journey of the spread of a global English, from the icy swamps of pre-Roman Saxony to the shopping malls of Seoul, from the study of 'Crazy English' TM in China to crowds of juvenile wizards mobbing bookshop tills across the world. Along the way it gives new meaning to a faded old brown parchment (the Magna Carta), a 272 word presidential speech (the Gettysburg address) and a scratchy black and white film of a couple of men in space suits.

Language Policy and Planning for the Modern Olympic Games Jie Zhang, 2021-04-19 This book is the first longitudinal study that addresses language policy and planning in the context of a major international sporting event and examines the ideological, political, social, cultural, and economic effects of such context-specific policy initiatives on contemporary China. The book has important reference value for future research on language management at the supranational level and language services for linguistically complex events. At the same time, it presents some broader implications for current and future language policy makers, language educators and learners, particularly from non-English speaking backgrounds. Foreword by Ingrid Piller

Nine Yang Divine Doctor Qing LianJianXian, 2019-11-08 Walking in the world of flowers, surrounded by all living things. He was born with a pure Yang body constitution and had the ability to see through other people's world. It was his duty to save the dying and help the wounded. Deceit and deceit were the changes in his life. In the eyes of the enemy, he was cunning, treacherous, and utterly despicable. In the eyes of the world, he was benevolent, kind, and a genius doctor who cared about the world. In the eyes of women, he was handsome, sunny, and a great hero.

How to American Jimmy O. Yang, 2018 Standup comic, actor and fan favorite from the popular HBO series *Silicon Valley* shares his memoir of growing up as a Chinese immigrant in California and making it in Hollywood. I turned down a job in finance to pursue a career in stand-up comedy. My dad thought I was crazy. But I figured it was better to disappoint my parents for a few years than to disappoint myself for the rest of my life. I had to disappoint them in order to pursue what I loved. That was the only way to have my Chinese turnip cake and eat an American apple pie too. Jimmy O. Yang is a standup comedian, film and TV actor and fan favorite as the character Jian Yang from the popular HBO series *Silicon Valley*. In *How to American*, he shares his story of growing up as a Chinese immigrant who pursued a Hollywood career against the wishes of his parents: Yang arrived in Los Angeles from Hong Kong at age 13, learned English by watching BET *RapCity* for three hours a day, and worked as a strip club DJ while pursuing his comedy career. He chronicles a near deportation episode during a college trip Tijuana to finally becoming a proud US citizen ten years later. Featuring those and many other hilarious stories, while sharing some hard-earned lessons, *How to American* mocks stereotypes while offering tongue in cheek advice on pursuing the American dreams of fame, fortune, and strippers.

Upper dragon blood seal record Mo long change Lei Da Yang, There was silence in the central square of Mozi Village. On weekdays, the cicadas kept chirping, and they were probably blinded by the hot sun. All of them faded without making a sound.

Maoshan Yin Yang Taoist Bi AnFuTu, 2019-12-12 As soon as I was born, I was stolen by the Master of the Decapitation, who put me in a coffin and buried me in a grave he had dug long ago. This special coffin is the 'Ghost Coffin' used to raise ghosts. I was buried alive underground. Master, Taoist Shihua, saved me. He is a disciple of Mao Shan Sect. I was born with the Yin Yang Eyes, and was forced to enter the industry when I was in my fourth

year. From then on, I became a ghost in my life. Thus, my life of capturing a ghost was born.

Peerless Conceited Cultivator Gang LiYouMi, 2020-05-18 Yang Wang, a trash of the ancient martial family who couldn't cultivate and had no martial spirit, was bullied and rolled his eyes. He was seized by the Immortal Emperor of the cultivation world, and from then on, he embarked on a coquettish road to rise to prominence. Forging pills, setting up formations and crafting talismans, using magical techniques; punching evil second generations, invincible and unparalleled along the way; intoxicating beauties' knees, beauties' beauties, royal sisters' teachers, pure nurses, enchanting young women ... They came one after another. Yang Wang said: I had intended to cultivate, please don't disturb me, okay?

Yin-yang Incantation Luo DaWei, 2020-04-28 In his dreams, Su Yue traveled to a strange place and became an ancient rich and handsome man with a concubine. However, this was a strange place. There were mysterious Taoists, Phantoms, Phantoms, and even paper men riding bicycles! He wanted to leave this strange place, but he couldn't leave no matter what. Gradually, he realized that there was something strange here. He even changed his body, but the mark was still there. It was as if the only way to leave this place was to end all the Karma in this place! Where would he go? Could he leave this place? After he left, would he still dream of teleporting to other places? Everything was unknown ...

Ghost Scripture: Yin-yang Anecdote Guang TouPangYu, 2020-04-29 Shh, don't look back. The evil spirit is right behind you! The special forces will bring you to explore other worlds. Evil spirits envoys, nightmare beasts, poisonous swallows with tail needles, bug clan evil gods, and the mother of all Gu, there's no fear, only terror. And look at how the six paths of reincarnation continue to grow ... This book is an ancient Chinese clan, Bai Ze Shi down to the Sutra, the protagonist of the Sun pragmatism in his childhood with the help of the Bai Ze clan. After leaving the army, by chance, he inherited Bai Ze's Sutra of the Sly and combined it with his skills as a scout. Together with his three companions, he dealt with the supernatural events and the series of events that had occurred between the vampire clan and the werewolf. The main line of the book was to look for traces of the ancient people, in an attempt to find clues to their escape from doomsday.
