Rogers, 2005-03-01 APCHI 2004 was the sixth Asia-Pacific Conference on Computer-Human Interaction, and was the first APCHI to be held in New Zealand. This conference series provides opportunities for HCI researchers and practitioners in the Asia-Pacific and beyond to gather to explore ideas, exchange and share experiences, and further build the HCI network in this region. A total of 69 papers were accepted for inclusion in the proceedings – 56 long papers and 13 short papers. Submissions were subject to a strict, double-blind peer-review process. The research topics cover the spectrum of HCI, including human factors and ergonomics, user interface tools and technologies, mobile and ubiquitous computing, visualization, augmented reality, collaborative systems, internationalization and cultural issues, and more. APCHI also included a doctoral consortium, allowing 10 doctoral students from across the globe to meet and discuss their work in an interdisciplinary workshop with leading researchers and fellow students. The Royal Bee Frances Park, Ginger Park, 2000-02-01 Based on a true story, The Royal Bee is an elegantly written tale that pays tribute to a young boy's courage and strength of character. Song-ho is a young Korean boy destined by birth to a life of poverty. Barred from going to school--only the sons of wealthy families could attend--he dreams of learning to read and write. Then one day he hears the sound of a school bell and follows it deep into the valley. There, the school master turns him away, but Song-ho's boldness and determination earn him a chance at gaining an education nevertheless. Dramatically illustrated with richly textured oil paintings, the story offers glimpses of daily life in Korea a century ago--for both the rich and the poor.

At the Crossroads ,2003

New Korean Wave Dal Jin,2016-03-15 The 2012 smash Gangnam Style by the Seoul-based rapper Psy capped the triumph of Hallyu , the Korean Wave of music, film, and other cultural forms that have become a worldwide sensation. Dal Yong Jin analyzes the social and technological trends that transformed South Korean entertainment from a mostly regional interest aimed at families into a global powerhouse geared toward tech-crazy youth. Blending analysis with insights from fans and industry insiders, Jin shows how Hallyu exploited a media landscape and dramatically changed with the 2008 emergence of smartphones and social media, designating this new Korean Wave as Hallyu 2.0. Hands-on government support, meanwhile, focused on creative industries as a significant part of the economy and turned intellectual property rights into a significant revenue source. Jin also delves into less-studied forms like animation and online games, the significance of social meaning in the development of local Korean popular culture, and the political economy of Korean popular culture and digital technologies in a global context.

The Temperature of this Water Ishle Yi Park,2004 The author samples the climates of New York and Korea to present an unflinching, meticulously detailed view of lives cracked open as much by love as they are by overwork, violence, and racism. Sharp street wit and sensual attention to detail give vivid, palpable form to the lovers and criminals, mothers and gangsters who live behind the closed doors of New York immigrant life. Within each poem lives a story; within each story lies a whole community waiting to be uncovered. Whether tracing the path of prisoners meeting girlfriends or Korean comfort women or .44s shot from rooftops in Brooklyn, Park's passion and uncompromising honesty lays bare the ruined heart of a city still pulsing with light--Back cover.

The Korean from America Young Park,2009-06-12 There are many descriptions of him - a malcontent, a misguided liberal, and even being un-American. He's an international business consultant. The year began with an industrial diamond sale in Beijing. While there, he becomes involved with a North Korean and his sister, who want to defect to America. Trying to stop them is a North Korean policeman, who hunts defectors. Meanwhile, he tries to carry out his business obligations. Along the way, he meets a variety of characters who are the modern generation of the new Asia. He meets a special woman who could change his life. He has doubts about sustaining a lasting relationship, but she has none and possesses the conviction he lacks. The affair becomes part of his dilemma. Life for him had become a transitory series of personal connections, ending in unfulfilled expectations. A major obstacle in his search for stability is that he cannot define his own identity. He believes going to Asia is an answer. Asia is a mythical haven for him. Asians give him an identity, but it is not uniquely persona. It's generic. Peopled there know him as the Korean from America. Maybe that's his only real identity.

Returned and Reborn Therese Park,2019-03-28 My name is Orphan. My father planted the seed of love in my Korean mother but regretted it. When I turned four, she handed me to an orphanage that sent children to America, with my photo, birth certificate, and her note: Son, your father was a great man doing great things for Koreans, but I can't keep you. Please forgive me...Returned and Reborn: A Tale of a Korean Orphan Boy is a man's journey of self-discovery; from a nameless boy whose American adoptive parents used him and other adopted boys as free laborers, to a man of purpose and goals after returning to his birth nation. He reunites with his mom--a former student of the college his priest father had founded and served as dean--who is now dying from toxic chemicals the U.S. Military disposed of in the Korean waterways. Following a tragic accident, he accepts a divine invitation.

To Swim Across the World Frances Park,Ginger Park,2002-08-28 This is the true story of a man and a woman from opposite ends of the Korea peninsula who endure the Japanese Occupation, the division of their country, and ultimately, the Korean War.--Jacket.
