Hashasha Ziad Al Tarek,2018-03-21 GANGS OF IRAQ. THE IRAQI GANGS IN THE STATES. LOCATIONS AND HISTORY, CRIMES AND DRUGS, REFUGEES AND CITIZENS.

Ziyad's Tales Ziyad Mourabiti,2012-07-11 Daddy, I want to write stories, stories that kids of my age hope to live. Yes, son. Good idea, but why do you want to write now, you should read first, read various types of books, you should digest all different trends of life and writing genres. You are to start with 'input period' that is to say read and reread...After that you will reach the 'output period', here you can produce new ideas, stories, attitudes...Yes, but you taught me, Daddy, that in the beginning was the word and you did not specify whether this word should be read or written!!!!Thus Ziyad found himself able to write and he wrote, he will write, since the most difficult thing in life is its beginning. Ten stories, for me are Ten Commandments through which the young writer tries hard to convince Humanity that we have one common thing must be protected, it is our Humanity itself.....Ziyad, my son, I am proud of you. So it is written, so it shall be done.

Nabih Berri and Lebanese Politics O. Nir,2011-02-14 Nabih Barri is a key figure in the Lebanese and Shi'ite politics for the last

three decades. As the leader of the Shi'ite Amal movement since 1980 and as the Lebanese Speaker since 1992, Barri played a major role in all political events and processes in Lebanon between the early 1980's and today, including the current severe Lebanese crisis.

Old Buildings, New Forms Francoise Bollack,2013-11-12 It is clear that working with historic structures is both more environmentally sustainable and cost effective than new architecture and construction—and many believe that the best design occurs at the intersection of old and new. Françoise Astorg Bollack presents 28 examples gathered in the United States and throughout Europe and the Middle East. Some are well known—Mass MOCA, Market Santa Caterina in Barcelona, Neues Museum in Berlin—and others are almost anonymous. But all demonstrate a unique and appropriate solution to the problem of adapting historic structures to contemporary uses. This survey of contemporary additions to older buildings is an essential addition to the architectural literature. “I have always loved old buildings. An old building is not an obstacle but instead a foundation for

continued action. Designing with them is an exhilarating enterprise; adding to them, grafting, inserting, knitting new pieces into the existing built fabric is endlessly stimulating.” —Françoise Astorg Bollack

Beirut Blues Hanan al-Shaykh, 2013-04-10 With the acclaim won by her first two novels, Hanan al-Shaykh established herself as the Arab world's foremost woman writer. *Beirut Blues*, published to similar acclaim, further confirms her place in Arabic literature, and brings her writing to a new, groundbreaking level. The daring fragmented structure of this epistolary novel mirrors the chaos surrounding the heroine, Asmahan, as she futilely writes letters to her loved ones, to her friends, to Beirut, and to the war itself-- letters of lament that are never to be answered except with their own resounding echoes. In *Beirut Blues*, Hanan al-Shaykh evokes a Beirut that has been seen by few, and that will never be seen again.
